ALL GRAINS STRONG

Export Flour Demand Lifts Price of Wheat.

CLUB TAKEN AT 82 CENTS

Buyers Offer Half Cent Premium for Forty-Fold—Choice Oats in Demand at $31.50—Barley Season Closed.

The grain markets were decidedly firm yesterday, and trading, in comparison with the business recently done, was quite active.

There was a strong demand for wheat, not only by millers and speculators, but also by exporters. For club, 82 cents was readily paid. Forty-fold was quoted only half a cent over club, both here and on the Sound. Buyers paid 85 cents for No. 1 bluestem. Lower grades of bluestem were taken at 83 and 84 cents.

The wheat market is dominated largely by the export flour demand, which is heavy. Export flour is very strong and the tendency is for higher prices. The steady advance in wheat also makes it probable that patent flour prices may be put at a higher level in the near future.

Light offerings and a good demand for oats, both for consumption and speculative account, have put the oats market in a strong position. Buyers offer up to $31.50 for choice oats.

Whole barley is quoted nominally at $40, but there are no offerings, and the season, except for the rolled product, may be said to have closed. Rolled barley is quoted at $37@38. The demand is not strong. Holders would be better off if their barley were unground at interior shipping points, as it could then be readily shipped East at better prices.

Local receipts in cars were reported by the Merchants Exchange as follows:

COAST LEMON MARKET IS ADVANCING

California Prices Said to Be 50 Cents to $1 Higher.

The lemon market in California is firm, and according to advices received yesterday prices are 50 cents to $1 higher. A car arrived in the forenoon, which will be the last sold at current prices. The Summer lemon market will undoubtedly be very high, as the crop was almost ruined by frost. The orange market is also firm.

California vegetables are coming along in better condition now. Yesterday's receipts included a car each of cauliflower and celery.

Dressed meats were quiet and unchanged. Pork was weak.

BOND TRADE BROAD

Transactions in Wall Street Are on Large Scale.

STOCKS BECOME HEAVY

Declines Are General but Improvement Near the Close Reduces the Losses—German Loans Are Renewed.

NEW YORK, Jan. 22.—After their brief rise of last week, stock became heavy today, but losses were not large. Union Pacific, Lehigh Valley, United States Steel, American Smelting and a few others showed declines of a point or more at the low quotations of the day, but in a majority of cases the movement was narrower. Shortly before the close there was an improvement which partly compensated for the earlier recession. A few stocks developed exceptional strength. Of these the Hill and Fertilizer shares were most conspicuous.

United States Steel was subjected to vigorous drives from the bears. Union Pacific was under pressure. Among the stocks which advanced, Great Northern preferred, with a gain of 2⅝, was most conspicuous.

Fertilizer was in demand for a time, but was unable to hold its advantage.

Berlin advices were that arrangements had been made for the renewal of a large part of the German loans maturing in New York in the latter part of January or early in February. The impending issues of $125,000,000 Prussian and German government bonds led the German bankers to seek renewal of their obligations here. It is regarded as probable that ease in money in New York will continue for some time.

In the bond market the trade was broad and confident. Total sales, par value, $6,316,000. Panama 2s declined ¼ on call.

WHEAT PIT NERVOUS

Conflicting Factors in the Chicago Market.

CLOSING IS IRREGULAR

Cables Are Bearish, but Visible Supply Statement Shows a Large Decrease in the American Total.

CHICAGO, Jan. 22.—It was nip and tuck today in wheat. Cables were on the side of the buyers, but the United States visible supply statement showed a big decrease in the total. As a result there was a nervous, irregular finish, varying from ⅛@⅛c net lower to ⅛c advance. Corn closed ⅝c to ⅝c under Saturday night, oats unchanged to ⅛@⅛c down and hog products the same as Saturday to 5c lower.

Hot, dry weather in the Argentine, favoring the late harvest and the crop movement, had a bearish effect on wheat. World shipments were larger, there were reports of free offerings from Australia, and liberal domestic receipts were reported. May wheat fluctuated from $1.00⅝@1.00¼ to $1.01¼, with last sales ⅛c net higher at $1.00⅝.

Support in corn fell off and the market had a reaction. May ranged from 66c to 66⅝c, closing steady, but ⅜c net lower, at 66½c. Cash grades were weaker. No. 2 yellow in car lots was quoted at 64@64½c.

The market for oats was active but narrow. May ranged from 49⅝@50c to 49⅝c, with the close 49⅝c, a loss of ⅛c net.

Hogs swarming into the yards here and at points west turned packers to the selling side in provisions. When the gong sounded quotations were easy, but clinging within 5c of last Saturday's close.

Leading futures ranged as follows:
