

WIFE NOW REPENTS "IMPULSE" TO WED

Mental Derangement Pleaded in Action to Annul Marriage to Student.

SUIT IS FILED SECRETLY

Aberration Continues Through Acceptance of Proposal and Trip to Another City, Where Ceremony Is Performed.

SAN FRANCISCO, Jan. 24.—(Special.)—A woman, until December 22 last, was Miss Elsie Irene Bickley, a graduate of the University of California and prominent socially. Three days before Christmas she left home on a shopping tour and met De Raves, whom she had known only a short time.

Proposal Accepted "on Impulse." There was a brief conversation on the street and then, "on the impulse of the moment," the complaint reads, she accepted his proposal of marriage.

From that time the young wife declares she was not in her right mind and did not realize the importance of the step she was taking. At De Raves' request, she says, she accompanied him to the ferry building and there took a boat to Sausalito and then a train to San Rafael, where a license was procured and the marriage was performed by a Justice of the Peace. During the trip across the bay, at the license office and during the ceremony, she asserts, she was not in her right mind.

Returning to San Francisco, Mrs. De Raves says, she immediately went to the home of her parents and remained there until January 4, without confiding her secret to any one.

Senses Suddenly Restored.

On the last-named date, she alleges, she went down town for the first time and went to the apartments occupied by her husband. There, she says, she remained with him for three days, when suddenly she came to her right senses and, realizing what she had done, hurried from the apartment and returned to her parents' home.

Ever since that time, she says, she has been conscious of what she did and the great wrong she had committed against herself and parents while in an incompetent state. On the last occasion that she left De Raves she returned to him all of the jewelry he gave her as wedding presents. In addition to an annulment of the marriage, the wife asks permission to resume her maiden name.

DUBOIS TO AID CLARK?

Such Is Statement Concerning Senator Made by Wilson People.

OREGONIAN NEWS BUREAU, Washington, Jan. 24.—Woodrow Wilson's press agent today circulated the following:

"Ex-Senator Dubois, of Idaho, who was lobbyist for the wool interests last year, when the House Democrats were making an effort to reduce wool duties, has taken charge of Champ Clark's Presidential campaign.

"The following letter from the one-time Republican Senator, addressed to most Democrats in Congress today, created much amusement around the Capitol:

"Dear Sir: Will you kindly write short note, stating why you think Champ Clark should be nominated for President, and that he is strong in your state. The letter is to be used for Clark's benefit in Missouri.—F. T. Dubois."

AMERICAN OFFICER DIES

Yellow Fever Claims Gunboat Yorktown's Commander in Ecuador.

WASHINGTON, Jan. 24.—The death from yellow fever today at Guayaquil, Ecuador, of Commander Levi C. Bertolletti, in command of the American gunboat Yorktown, guarding American interests there, will result in the American Government's insisting upon the sanitation of that port.

Should Ecuador temporize, it is said that the United States may issue quarantine orders against Guayaquil in the interest particularly of the Panama Canal. An enlisted American soldier has died also, and three other enlisted men are seriously ill.

Upon receipt of the news of the death of Commander Bertolletti the Navy Department was informed that peace had been sufficiently restored in Ecuador to permit the withdrawal of the Yorktown. Secretary Meyer thereupon issued orders for the gunboat to proceed at once to Santa Elena, 110 miles west of Guayaquil, and to intercept the cruiser Maryland as the Maryland approaches that port.

STEEL BILL INTRODUCED

Speedy Report Will Permit Debate to Begin Friday.

WASHINGTON, Jan. 24.—The revised iron and steel tariff schedule approved by the Democratic caucus tonight was introduced tonight by Representative Underwood referred to the ways and means committee. The committee will act on the bill tomorrow, and a strict party vote is expected, the Republicans voting against it solidly.

Chairman Underwood will report the bill with the committee recommendation that it pass, and the debate probably will begin Friday.

WIFE IN TERROR OF HUSBAND ON STAND

Howell, in Contrast, Warmly Declares He Loves Woman Who Avoids Him.

BUSINESS ABILITY CHARMS

Sharp Cross-Examination Wrings Confession That Present Spouse Is Fourth, Not Third, as Was Supposed.

LOS ANGELES, Jan. 24.—(Special.)—Mrs. Margaret Armstrong Howell, of Spokane, and her husband both testified today in Judge Rives' court at the hearing of the petition of Attorney Steely to be appointed guardian of Mrs. Howell's property. Mrs. Howell seemed in terror of her husband and after a brief time on the witness-stand broke down again so utterly that the case had to be continued until tomorrow.

"Mr. Howell would hold up two fingers and look at me with his piercing eyes and insist that I must keep the promise he said I had made to marry him," said Mrs. Howell.

She explained between sobs that she had not realized they were wicked eyes then. "But I do now; Oh, I do now," she added.

Husband Professes Deep Love. In striking contrast to her aversion for him was Howell's testimony to his abiding affection for his wife. "I love her," he declared. "I would sooner have her than all of Los Angeles. I admire her business ability and her fine character. From a business standpoint she is hard to beat."

Mrs. Howell's attorney, in his cross-examination, succeeded in adding another to the list of wives to which Howell had been married. On direct examination Howell had admitted that he had seven children, all married but one, and three grandchildren, though he is only 49 years old. He testified that he had been married twice, once in Toronto in 1882, and again in 1906 or 1907, he was uncertain which, finally deciding it was 1906. From both of these wives he had been divorced.

Howell had also said he first began to be really acquainted with Miss Armstrong, who now, as Mrs. Howell, is the principal in the present case, in June, 1911.

"Where were you in March of that year?" asked Steely. "I was in Davenport, running two hotels I owned there," was the ready answer. "Were you married there?"

"I was." "To which wife?" "I don't understand." "I don't understand," he said. "No. 2 of whom you have just told us?" "It certainly was not."

"Was she the wife No. 2 whom you married in 1906?" "No; she was not." "Then she was No. 3; when and where did you marry her?" "In St. Paul; I don't remember when."

BORAH PLEADS FOR BILL

AIM IS TO "RAISE CHILDREN TO LEVEL OF PIGS."

IDAHO SENATOR QUICKLY RETORTS TO OBJECTION OF BAILEY—BUREAU WOULD BE CREATED.

WASHINGTON, Jan. 24.—After two hours' general debate today, the Senate agreed to vote next Tuesday on Senator Borah's bill to create a children's bureau in the Department of Commerce and Labor, and on amendment suggested by Senators Works and Pomeroy to limit the circulation of the bureau's reports.

Senator Bailey objected that he said was Mr. Borah's efforts to put children on a level with pigs. "The effort is to raise them to the level of pigs," responded Mr. Borah. Mr. Borah has contended that the Government expenditure of millions of dollars for information concerning the condition of hogs and cattle justified the \$39,000 asked for the children's bureau.

Mr. Bailey said it was more "faddism" and that there was even too much legislation in the interest of livestock, adding that at the present rate, "we soon will be sending a schoolmaster into every district."

Senator Overman, of North Carolina, criticized reports of child labor investigators. Some of those reports, he said, were obscene.

FISHERMEN GET \$60,600

Packing Company Distributes Cash Among Its 700 Men.

ASTORIA, Or., Jan. 24.—(Special.)—The Union Fishermen's Co-operative Packing Company, at the annual meeting of its stockholders last evening, distributed about \$60,600 among its fishermen, regardless of whether or not they were stockholders in the company.

This distribution was in proportion to the amount of fish caught by each individual and was on a basis of \$20 a ton for Columbia River Spring salmon; \$8 a ton for Fall fish; \$10 a ton for Shouwater Bay fish and \$20 a ton for fish caught at Nehalem Bay.

This was in addition to the regular price paid for salmon, which amounted to about \$145 a ton for the Columbia River Spring catch. The fishermen who were benefited by this division of the earnings of the company number nearly 700.

THE SECRET OF LONG LIFE.

Do not sap the springs of life by neglect of the human mechanism, by allowing the accumulation of poisons in the system. An imitation of Nature's method of to take an alterative glyceric extract (without alcohol) of Golden Seal and Oregon grape root, Bloodroot, Stone and Mandrake root with Cherrubark. Over 40 years ago Dr. Pierce gave to the public this remedy, which he called Dr. Pierce's Golden Medical Discovery. He found it would help the blood in taking up the proper elements from food, help the liver into activity, thereby throwing out the poisons from the blood and vitalizing the whole system as well as allaying and soothing a cough.

No one ever takes cold unless constipated, or exhausted, and having what we call mal-nutrition, which is attended with impoverished blood and exhaustion of nerve force. The "Discovery" is an all-round tonic which restores tone to the blood, nerves and heart by imitating Nature's methods of restoring waste of tissue, and feeding the nerves, heart and lungs on rich red blood.

"I suffered from pain under my right shoulder blade also a very severe cough," writes Mrs. W. Dorn, of New Brookland, S. C. to Dr. R. V. Pierce, Buffalo, N. Y. "Had four different doctors and none did me any good. Some said I had consumption, others said I would have to have an operation. I was bedridden, unable to sit up for six months—and was nothing but a live skeleton. You advised me to take Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Pleasant Pellets. When I had taken one bottle of the 'Discovery' I could sit up for an hour at a time, and when I had taken three bottles I could do my cooking and tend to the children. I took fourteen bottles in all and was then in good health. My weight is now 107 pounds.
