Olds, Wortman & King

THE FASHION CENTER OF THE NORTHWEST

Our Advertising

There is only one kind of advertising indulged in by Olds, Wortman & King. It's the kind that tells the plain truth, without exaggerated statements or sensational headlines. We credit the public at large with sufficient intelligence to discriminate between a real bargain and a fictitious value. The good reputation of this store is staked on every article of merchandise that goes out to a purchaser. 61 years of keeping faith with the public has brought this great institution to a standard of merchandising unequalled in all the Great Northwest. After all—the best advertisement which this store has is the good things which are said by its satisfied customers.

LOAN SHARKS HUNTED

CITY EMPLOYEES TO BE PROTECTED IF POSSIBLE.

Auditor Barbur Has Names of 200 Persons Who Assign Warrants and Remedy is Sought.

City Auditor Barbur has a knife out for the loan sharks and it is whetted pretty sharp just now, for he has before him the names of about 200 employees of the city who have assigned their warrants to various "sharks." He has asked City Attorney Grant if there is any way where the Auditor would be within the law in refusing to recognize the assignments and is awaiting a reply before taking action.

Mayor Hushlight and Auditor Barbur will confer today relative to city employees who regularly assign their warrants to loan sharks, and it is probable that some steps will be taken to remedy the evil. The executive board and heads of all city departments have notified the employees that they will not be allowed to assign their warrants, but the rule is very difficult of enforcement. However, it is now proposed to enforce it, and it is likely that dismissals from the service will follow violations of the order.

"I propose to see if there is not some means by which I can ignore these assignments and pay the money direct to the employees," said Mr. Barbur yesterday. "I have compiled a list of the employees who have hypothecated their warrants this month and shall await an opinion by City Attorney Grant as to what, if any, action I can take in this regard."

The city employees are required by the loan sharks to pay 5 per cent a month. Many of the employees are regularly assigning their warrants and it has become a habit with them. The records show that loan sharks have

WORK FAILS TO ATTRACT

Of 25 Laborers Given Employment but Three Report for Jobs.

That labor agitators and their followers are not willing to work at common labor, was demonstrated at the Municipal Free Employment Bureau yesterday when 25 of them were given tickets entitling them to work on a sewer extension on the East Side at \$2 a day and only three of them reported for work.

The sewer extension was started yesterday morning and the contractor being unable to get laborers sent a request to the Free Employment Bureau. A number of the followers of agitators, who have been participating in the street meetings, were at the bureau and were given tickets. The contractor reported that three of them reported for work.

PHONE LINE TO FIGHT

COURT TO BE ASKED TO ENJOIN SHERIFF.

Attorney to Seek Federal Injunction After Demand for Taxes. Suit to Be Test.

Harrison Allen, attorney for the Pacific Telephone & Telegraph Company, informed the County Court yesterday that he will go into the Federal Court to obtain an injunction if Sheriff Stevens attempts to levy on property of the company to force the payment of more than \$18,900 due from the company as franchise tax for 1906 to 1909, inclusive.

The action will be in the nature of a friendly suit to determine the company's liability for the amount, and the proposed method of bringing the question squarely before the court for determination meets with the approval of the Sheriff and the County Court. As the same legal points are involved in the attempts to collect from the Postal Telegraph & Cable Company and the Western Union Telegraph Company, which owe about \$6000 between them in equal amounts, all three controversies are likely to be settled by the same suit.

Sheriff Stevens declares he will be prepared to levy after 5 o'clock, January 31, and Attorney Allen says he will be prepared with an injunction the minute the Sheriff makes the attempt. The question will then come up on a motion to quash the injunction, giving an opportunity for argument over all the legal points.

The telephone company is entitled to appeal to the Federal Court, as it is a foreign corporation.

"If the company wins I suppose those who did pay the franchise tax without

MISSOURI PACIFIC KNOCKS

Railroad Officials Plan to Establish Separate Office Here.

With a view to establishing an office of the Missouri Pacific Railway in Portland a group of traffic officials of that road will visit the city within the next few days. The party will be composed of C. L. Stone, passenger traffic manager; J. N. Gibbons, of St. Louis, general freight agent; K. M. Wharry, of Kansas City, general freight agent; and William F. Schmidt, of San Francisco, general Western agent.

The business of the Missouri Pacific in Portland now is handled by the Denver & Rio Grande officials, but a separation of the two offices has been considered for more than a year. It is
