Good Roads Congress at Tacoma Proves Magnet to Po-T. M. Cunningham, John M. Shepherd and A. J. Simmers. It is proposed to take water from the Government canal near the ranch belonging to Frank Ira White and pump it by lifts to a point 75 feet above that level, where a special canal will distribute it. There will be no reser-voir to build and it is believed that the canal and pumping stations can be in-stalled at no greater cost han \$15 per acra, with about \$4 per acre for main-tenance and service, during the bond-ed period. Some of the best lands in the Klamath basin are in this project, including foothill acres that are free BONDING WINS SUPPORT Advantage of Improved Highways to Ontlying Communities Empha-

litical Aspirants.

-With the arrival of additional delegates, the presentation of road-building methods and ideas which at times were conflicting and with a conspic yous attendance of candidates for state offices, the second day's secsion of the Brst Women's State Good Roads Con-

stress had added interest today. There were many political lesser lights present, besides the more prom inent ones, all eager to be seen.

J. C. Lawrence and Otto Case, Gubernatorial candidates, each occupied prominent places on the platform and mach made a brief address, speaking only of good roads. A. A. Burrows, Euperintendent of Schools in King County and candidate for State School Superintendent, was another speaker. Mrs. Josephine Corliss Preston, twice Mirs. Josephine Cornes Frecton, texte elected Superintendent of Schools in Walls Walls County and candidate for State Superintendent, was likewise seen and heard, while Mirs. M. H. Tamblin, secretary of the State Board of Land Commissioners and candidate for State Land Commissioner, was active on the gloor as a delegate from Olympia and will speak tomorrow on the good reads

DEATH LAID TO ACCIDENT Newport Girl's Family Scouts Sulcide and Murder Theories.

YAQUINA, Or., Jan. 25 .- (Special.)-Bvidence surrounding the death of Miss Sarah Fitspatrick, who was found shot through the heart at the Montersy Hotel near Newport Sunday morning, shows that the young woman was alone when she met death.

There was no evidence of foul play, and the fact that her funeral was con-ducted by Father Demier, of the Catholie Church, after an investigation and consultation with the family, indicates their belief to be that Miss Fitspatrick came to her death by accident and did not commit suicide. She had not quar-reled with any one, and seemed in fine spirits in the carly part of the evening on which she was killed. The revolver which caused her death

was one kept in the house several years as a means of protection. If is believed by the family that Miss Fitzpatrick was taking the weapon from the bureau drawer, muzzle toward her, when it was discharged.

One of the most interesting features of the day's programme was the ad-dress on "Pioneer Roads." by Mrs. Addie Barlow, of Stellacoom. Interposed in the afternoon session were two illustrated lectures, the first by J. L. McPherson, of the Alaska bu-reau of the Scattle Chamber of Com-merce. The other by Asahel Curtis, the mountain photographer.

Sour stomach and foul gases-turn thein out tonight and keep them out with Cascarets. Millions of men and women take a Cascaret now and then and never know the misery caused by lazy liver, clogged bowels or an upset stomach. Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry off the de-composed waste matter and poison from the intestines and bowels. Then you will feel great. A Cascaret tonight will straighten you out by

BAKER. Or., Jan. 25.-(Special)-The state convention of the Oregon branch of the American Mining Con-gress will be held in Baker next June 6, 7 and 8, the date being changed from April today, after a telegram from L. D. Mahone, secretary, to Thomas C. Burka, of Baker, president. Mining inen from the entire state are expect-ed and several important matters of legislation that were pending will be acted upon. A feature will be the dis-play of Oregon mines, which is to be the largest in the state. Trips to dif-ferent mines and special social features are planned.

are planned. Judge Burke today received notice from J. F. Callbreath, secretary of the National body, that Burke had been chosen vice-president of that organiza-tion. This means that he will head the Oregon mining men in the American Mining Congress.
