Railroad Men Here Plan Permanent Organization.

WEEKLY MEETING URGED

Suggestion at Traffic Agents Luncheon That Employes of Different Lines Confer Regularly Is Approved.

How a permanent organization of railroad men in Portland can be of great benefit to all its members was told in emphatic terms by several speakers at the regular weekly lunch-eon of traffic agents in the Imperial Hotel yesterday, and steps were taken to outline plans for a continuance of the present plan of meeting once every week and discussing matters of mutual

interest.

L. F. Knowiton, city passenger agent of the North Bank road, presided at yesterday's function. J. O. Thomas, of the Milwaukee, was elected temporary secretary, and T. A. Rochester, of the Rock Island, temporary treasurer.

Pittsburg. San Francisco and other cities.

W. T. Buchanan, of the Portland Railway, Light & Power Company, pointed out the absolute necessity of an organization, saying that in such a manner the railroad employes can do much to overcome the distrust in which the carriers are held by some people. The added efficiency which will result from the interchange of ideas, as well as the social advantages, he declared, are well worth the time and effort of attending meetings. Other speakers were, W. Merriman, local freight agent of the Southern Pacific: E. B. Duffy, traveling freight and passenger agent of the Denver & Rio Grande: H. E. Vernon, general agent of the Santa Fe: R. V. DAY'S WORK IS PUZZLE

CHURCH ADVERTISING PAYS

Centenary Methodist Decides to Keep Up Publicity Campaign.

After actual trial of nearly two months, Centenary Methodist Episcopal Church has decided that advertising pays, even in the case of religion.

At the monthly meeting of the board of trustees of the church Wednesday, it was decided that, in spite of the fact that the church has been running slightly behind in its finances for a few Sundays, the appropriation for advertising would be continued.

One member of the board protested against the expense, and insisted that with the church going behind, expenses ought to be curtailed.

"The wise merchant doubles his advertising when business is bad," was the prompt answer of another member of the board. "Besides," he added. "I believe that if one soul has been saved as the result of the advertising we have done in the last few weeks, it was cheap salvation. I move that the advertising appropriation be continued."
