ANIMALS ARE INSPECTED
STATE VETERINARIAN MAKES SOUTHERN TRIP.
Dairy Herds, Hogs, Cattle and Beef and Hog Shipments All Given Strictest Attention.
Dr. J. F. Morel, State Veterinarian, returned to Portland yesterday from a trip to Southern Oregon, where he inspected a number of dairy herds, hogs and other cattle, in addition to shipments of beef and hog carcasses destined for the Portland markets. Dr. Morel reports conditions among the animals in Southern Oregon satisfactory, there being comparatively few cases of infection, and a careful observance of the laws governing quarantine.
"It is my purpose to see that the regulations covering the testing of cattle entering and leaving the state shall be observed to the letter," said Dr. Morel yesterday. "All horses must be subjected to the mallein test before they can be taken out of the state or brought in. I intend to keep close watch of these shipments and all violations will be prosecuted. I have notified the express companies and railroads to issue notices to their agents to that effect."
"For the purpose of determining to what extent the regulations covering the handling of carcasses of beef and hogs are being observed by the express companies, I entered the express cars on several trains. The majority of shipments I found were in proper shape. A few of them, however, were not as clean as they should have been. I brought the matter to the attention of the express companies, advising them that unless carcasses are covered with burlap I would not permit the commission men in Portland to receive them."
The office of the State Veterinarian has been reorganized. Quarantines are to be conducted more rigidly than heretofore. I now have my records in such shape that I can keep in close touch with all departments. Veterinarians who have been authorized to make tests of animals for this office have been provided with the necessary forms."
TO CURE A COLD IN ONE DAY.
Take LAXATIVE RHINO Quinine Tablets. Rhinoceros returns money if it fails to cure. E. W. GROVE'S signature is on each box. 25c

CITY CLUB IS ORGANIZED
DEVELOPMENT BODIES AIM TO COMBINE FORCES.
Committee Named to Frame Regulations to Govern Association. Seven Clubs Participate.
The City Club, composed of representatives from the Ad Club, Rotary, Progressive Business Men's, Retail Merchants', Realty Board, Manufacturers' Association and Retail Grocers' Association, was organized at a meeting of the delegates appointed from each of the organizations at the Commercial Club yesterday. A committee of three will be appointed to draw up plans of organization and the new association will be formally launched at a meeting to be held next Friday.
The purpose of the new organization will be to act as a "clearing-house" for the activities of the different commercial associations of the city. Policies and movements for civic improvement will be brought up and discussed in it before they are referred to the various organizations for action. In this manner it is aimed to secure union of action among the different organizations in matters bearing upon the betterment of the city. W. T. Buchanan, who introduced the idea of the new association and secured the appointment of the committees from the different clubs, was chairman at the meeting yesterday and John Duggan, of the Rotary Club, was secretary.
The personnel of the committees that enter into the new organization are as follows:
Rotary Club—W. T. Buchanan, John Duggan, M. W. Hunt, E. B. Yandell and W. W. Robinson.
Progressive Business Men's Club—W. N. Knight, L. L. Hines, Charles Fisher and W. F. Freberg.
Ad Club—F. S. Bates, E. W. Raymond, F. W. Chassee, C. B. Merrick and F. A. Freeman.
Retail Merchants' Association—C. S. Berg, L. D. Lippman, W. B. Shively, W. H. Woodward, E. J. Jagger and H. E. Edwards.
Realty Board—H. W. Chaspe, C. T. Prall, D. F. Bryon, S. V. Stesie and C. H. Lehmann.
Manufacturers' Association—W. F. McKibben, C. H. Hoer, A. E. Gantenbehl, T. S. Mann and Charles Cooper.
Retail Grocers' Association—J. C. Mann, Dan Kollaher and Leo Merrick.
Chamber Ignores "Famine Letter."
No official notice will be taken by the Portland Chamber of Commerce of

the "famine letter" sent out recently by the Central Labor Council with the avowed purpose of checking further immigration to Oregon from the Eastern states. "The circular was discussed by the Chamber without action," said President Knapp yesterday. "Official resolutions never go far in purifying the heart of a dishonest man. If any person has been lured to this state by fraud, the Chamber of Commerce stands ready to put that person in touch with officials empowered to investigate and prosecute the offenders, but this is no time for mere 'knocking.'"
TANGLE LINKS 3 CITIES
Valparaiso, Portland and Paris Are Mentioned in Divorce Suit.
Valparaiso, Portland and Paris are linked in divorce proceedings filed in Circuit Court by Charles LeClercq against Marie Fettes LeClercq, alleging desertion. C. A. Petrain is attorney for the plaintiff.
Mrs. LeClercq is in the Chilean city and her husband says that in her letters she has made veiled threats that if he attempts to join her there she will use local influence to have him imprisoned.

A daughter, 7 years old, in the custody of her maternal grandmother in Paris, is a principal object of the litigation. LeClercq asserts that the defendant is unfit to care for the girl and asks that she be given into his charge. The grandmother, Mme. Veuve Fettes, is said to be wealthy.
Service by registered mail will be made of the summons.

HOW BLOOD IS MADE.
The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called *absorption* and takes place chiefly through the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal and sold by druggists for the past forty years under the name of Dr. Pierce's Golden Medical Discovery, gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption by the blood of the food it requires. Eradicate the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease.
Dr. Pierce, founder of the Invalids' Hotel at Buffalo, N.Y., has received many letters similar to the following:
"I take great pleasure in writing you as regards my case and its cure. In September I was taken with Typhoid Fever, which put me in a dreadful condition. I was weak, ran down, nervous and was reduced to a mere skeleton. I had tried most everything I could get but nothing did me any good until, at last, I was advised to try Dr. Pierce's Golden Medical Discovery, and 'Pleasant Pellets,' which I did. Before I had used one bottle I saw a great improvement and when I had used this treatment two months, I was up and doing a few 'odd jobs.' 'Pleasant Pellets' returned me to perfect health. I cannot find words to express my thankfulness for this wonderful medicine. I advise all sufferers to write to Dr. R. V. Pierce, as he cures when others fail."
