

TARIFF REVISION WITH TARIFF BOARD

Democrats, Who Once Claimed for Commission, Now Ignore Findings.

POSITION IS REVERSED

Same Reputation of Earlier Attitude Noted With Reference to Rules—Cannon Method Not So Bad, After All.

ORIGONIAN NEWS BUREAU, Washington, Feb. 14.—The Democratic majority in the House of Representatives appears to be striving to surpass the Republican insincerity in inconsistency. This is manifested in many ways, and unless the Democrats reform before the close of the present session, they will have made a record that will be difficult to explain and defend.

Forasmuch as Democratic inconsistencies thus far developed in the House and the ways and means committee to regard the tariff board and its findings when it comes to revising the tariff schedule by schedule. When a tariff commission was first suggested, Champ Clark and Representative Underwood were its foremost champions; they also were conspicuous in the fight which brought about the creation of the tariff board, and the declarations that they and other Democrats then made conveyed the unmistakable impression that they believed a tariff board or commission offered the only practical solution in gathering reliable data on which to revise the tariff.

Findings Wholly Ignored. Now that the tariff board, and that board has submitted its report on one schedule, and is about to report on another, the Democrats ignore its findings, and proceed to revise the tariff in a rambling, unpractical way, following no definite lines of policy, and apparently striving at no particular end. They are merely undertaking to reduce present duties, without knowledge of what effect the proposed reductions will have on American industry, American government revenues and the American consumer.

Secretary Olcott Declares It Unnecessary for President Taft to File Any Declaration of His Candidacy in Oregon. SALEM, Or., Feb. 14.—(Special.)—In response to an inquiry from C. H. Williams, publicity manager of the Taft campaign committee, Secretary Olcott has prepared a letter covering the presidential preference primary law. These same points have been brought up by others interested in the Presidential election as well. Mr. Williams made the following queries:

Does the law require that President Taft file the declaration of his candidacy here in Oregon? Must the circulators of our petitions be registered as Republicans before they may ask for the signatures of Republicans? Must the petitions be so arranged that one precinct occupies one page, or may the signers write their names one after the other, stating the number of the precinct opposite each name?

Important Questions Arise. Some of these petitions have been signed in this way and all these questions have been raised by the committee as to whether we are proceeding regularly or not. "Will it be legal for us to transfer names signed on this petition to the others where precincts are started, providing they are required?" In response to these inquiries Secretary Olcott has forwarded the following letter:

In response to yours of the 13th, relative to certain questions in connection with the circulating of the petitions to secure the placing of the name of President Taft on the primary election April 19, 1912, respectfully have to advise: Taft Declaration Unnecessary. 1. That inasmuch as it is provided in paragraph 4 of chapter 5, of the general laws of Oregon of 1911, that "the names of any persons who are candidates for election to any office in this state, and who are desirous of having their names placed on the ballot, shall be provided for each precinct in which the petition of such candidate is circulated, at least, that in the general advice of the law in the checking up and filing of candidates' petitions as presented to this office from time to time.

Name Transference Doubled. 4. As to whether it will be legal to transfer names signed on one sheet of the petition to others in the proper precinct in which the signers reside, respectively have to advise that I am at a loss to understand how it would be possible for any person to transfer such names and make the required affidavit which forms a part of each and every candidate's petition, containing signatures, as the applicant specifically provides that the applicant shall be personally known to all the persons who have signed the sheet of the petition and personally know their signatures, their names, residence and that he believes their postoffice address and residence are correctly stated, and that it is provided in said section 581 before referred to that "There shall be a separate leaf or sheet signed as above on each such petition for each precinct in which it is circulated," which, I am of the opinion, contemplates that a separate sheet shall be provided for each precinct in which the petition of such candidate is circulated. At least, that in the general advice of the law in the checking up and filing of candidates' petitions as presented to this office from time to time.

Ernest G. Hopson, supervising engineer, United States Reclamation Service, is absent from Portland on business. His return is expected Friday or Saturday.

DEMOCRATIC SPEAKER, FORMER ADVOCATE OF TARIFF BOARD, WHO NOW WANTS TO REVISE TARIFF REGARDLESS OF BOARD'S FINDINGS.

CHAMP CLARK.

PRIMARY IS DEFINED

Presidential Preference Law Points Settled.

PROBLEMS ARE IMPORTANT

Secretary Olcott Declares It Unnecessary for President Taft to File Any Declaration of His Candidacy in Oregon.

SALEM, Or., Feb. 14.—(Special.)—In response to an inquiry from C. H. Williams, publicity manager of the Taft campaign committee, Secretary Olcott has prepared a letter covering the presidential preference primary law. These same points have been brought up by others interested in the Presidential election as well.

Does the law require that President Taft file the declaration of his candidacy here in Oregon? Must the circulators of our petitions be registered as Republicans before they may ask for the signatures of Republicans? Must the petitions be so arranged that one precinct occupies one page, or may the signers write their names one after the other, stating the number of the precinct opposite each name?

Important Questions Arise. Some of these petitions have been signed in this way and all these questions have been raised by the committee as to whether we are proceeding regularly or not. "Will it be legal for us to transfer names signed on this petition to the others where precincts are started, providing they are required?"

In response to these inquiries Secretary Olcott has forwarded the following letter: In response to yours of the 13th, relative to certain questions in connection with the circulating of the petitions to secure the placing of the name of President Taft on the primary election April 19, 1912, respectfully have to advise: Taft Declaration Unnecessary.

Name Transference Doubled. 4. As to whether it will be legal to transfer names signed on one sheet of the petition to others in the proper precinct in which the signers reside, respectively have to advise that I am at a loss to understand how it would be possible for any person to transfer such names and make the required affidavit which forms a part of each and every candidate's petition, containing signatures, as the applicant specifically provides that the applicant shall be personally known to all the persons who have signed the sheet of the petition and personally know their signatures, their names, residence and that he believes their postoffice address and residence are correctly stated, and that it is provided in said section 581 before referred to that "There shall be a separate leaf or sheet signed as above on each such petition for each precinct in which it is circulated," which, I am of the opinion, contemplates that a separate sheet shall be provided for each precinct in which the petition of such candidate is circulated.

GUILT REVEALS DE LARM'S PAPERS

Receiver of Bankrupt Companies Makes Discovery in Orchard Case.

FIND IS MOST IMPORTANT

Documents Believed May Prove of Great Value in Determining Extent of Columbia River Land Promotion Deal.

SEATTLE, Wash., Feb. 14.—A cartload of papers of the late Washington Irrigation & Fruit Company and the Columbia River Orchard Company were found in a vault late today by Louis Richer, receiver of bankrupt companies. The documents were stored within three feet of the door leading to the private office of W. E. De Larm, the missing head of the company.

"For the first time since the crash of the irrigation companies two weeks ago we have something tangible on which to begin work," said Mr. Richer after the books had been removed to his office. "An expert accountant will be put to work at once to sort out the jumble of book accounts and records. I believe we will obtain possession of documents of even greater value within a few days. I have reliable information that this set of documents can be carried in one's coat pocket, but is of great value in determining the extent of De Larm's operations."

Evidence was obtained today that bonds redeemed and cancelled were cleaned of the cancelling stamp and resold. This was done by De Larm and Richer, according to Richer, after their funds had run so low that they could not afford the printing of new bonds. At least \$40,000 worth of cancelled bonds were placed in circulation, according to the receiver. The acid can be smelt plainly on the bonds and the cancellation stamp distinguished without difficulty.

HEARING IS SET FOR FRIDAY

Orchard Promoters Probably Will Be Bound Over for Jury's Action. A. J. Biehl, secretary of the Columbia River Orchard Company, and H. H. Riddell, secretary of the Oregon Inland Company, were to have been arraigned yesterday before United States Commissioner Charles W. Biehl, but the hearing was postponed until this afternoon at 2 o'clock.

WASHINGTON, Feb. 14.—The House inquiry into the Florida Everglades situation was on today by testimony that the Department of Agriculture, in times past, had sent some of its experts on campaign tours with Representatives in Congress seeking re-election. J. O. Wright, formerly in the Department, but now chief drainage engineer of Florida, said that in 1908 he was detailed to accompany Representative John H. Small, of North Carolina (Democrat), to Washington, N. C., during a campaign.

Mr. Wright testified that his report on the feasibility of reclaiming the Everglades was turned over to Chief Engineer Elliott, in January, 1909, and that it had not been published. In October, 1909, Henry H. Hall, of Colorado Springs, had obtained an excerpt from the report, which was published later by the Florida Land Company. He said he disagreed with the Elliott Everglades circular, alleged to have been suppressed largely for its unfavorable account of the Florida lands.

There are 30 dental surgeries for the school children of Sweden, the effect of which has been to reduce absenteeism from school on account of toothache to a negligible minimum. EUGENE, Or., Feb. 14.—The visit here yesterday of Paul Shoup, vice president and assistant manager of the Southern Pacific company's electric lines in Southern California, lends color to the report that the company intends to extend its electric line on the West Side to Eugene. Accompanied by J. Q. Barlow, first assistant engineer under Chief Engineer Hood, Mr. Shoup after his arrival here, left the city in an automobile for the north, over the route of a proposed electric line from Corvallis to Eugene, returning in the evening.

ET me get out a series of six form letters for you. Send these letters to prospective customers. They will bring you business. Send them out about 10 days apart. Ordinary letters won't make good. You have got to send an extraordinary letter. It must be a letter that will make the prospective customer want what you have to sell. I know how to write that kind of a letter.

DE LARM-BIEHL AUTO SEIZED

Attachment Placed on \$7000 Car on \$1300 Judgment. SPOKANE, Wash., Feb. 14.—(Special.)—By injunction issued today, an attachment was placed on the only automobile owned by W. E. De Larm, of Portland, receiver for the Washington Irrigation & Fruit Company, in which so many Spokane people lost investments.

EUGENE ROUTE INSPECTED

Southern Pacific Road Official Pays Visit to Valley City. EUGENE, Or., Feb. 14.—The visit here yesterday of Paul Shoup, vice president and assistant manager of the Southern Pacific company's electric lines in Southern California, lends color to the report that the company intends to extend its electric line on the West Side to Eugene. Accompanied by J. Q. Barlow, first assistant engineer under Chief Engineer Hood, Mr. Shoup after his arrival here, left the city in an automobile for the north, over the route of a proposed electric line from Corvallis to Eugene, returning in the evening.

Could Not Help It

Sincere gratitude is one of the most commendable human traits. It is altogether natural and human for a man to feel grateful after he has been very much benefited in any way. A lady who signs her name S. E. K., writing from Cleveland, Ohio, says: "I take the pleasure of writing you a few lines for I could not help it after taking Chamberlain's Cough Remedy and getting what great benefit it has done me. I had never used it before but after trying so many cough remedies and receiving no satisfaction, I tried Chamberlain's Cough Remedy and it has cured me in any other way. I wish with all my heart that everyone who has a bad cold and cough would try it, for it will make them think it is magic."

Bronchial Troubles

The children of D. A. Cates, Merrick, Mass., have been subject to bronchial troubles since infancy. Mr. Cates learned the value of Chamberlain's Cough Remedy and has used it in his family and recommended it to others for years. He has always found it to be prompt and reliable for colds, croup and whooping cough in children. It has no superior. It contains no opium or other narcotic and may be given to the youngest child with perfect confidence.

PRINTING Estlin, Binding and Blank Book Making. Portland Printing House Co. 7th and Taylor Sts., Portland, Ore.

Are You Blue and Worried?

Nervous? Some of the time really ill? Catch cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of cinders. The waste does to us exactly what the cinders do to the stove; make the fires burn low until enough cinders have accumulated and then prevent its burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—glyceric alterative extract made from bloodroot, golden seal and mandrake root, stone and queen's root, without the use of alcohol. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

Mrs. BESS BLAKE, of Port Dover, Ont., Box 36, writes: "I have been a great sufferer for years from throat trouble, catarrh, indigestion, female troubles, bloating, constipation and nervousness—at times I would be in bed, then able to be up again. Was under many different doctors' treatment, but never got better for a little while, then I would go down with chronic inflammation all through me. For nineteen years I had this poison in my blood. After trying nearly everything I got worse. I read in The People's Common Sense Medical Discovery of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. I have taken the Golden Medical Discovery and Pleasant Pellets, and have used five bottles of Dr. Sage's Catarrh Remedy. I am now able to do my work and walk with pleasure. I feel like a new woman. I enjoy everything that I eat and drink. I thank God for letting me live long enough to find something that made me well again."

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most at a time. This will clean the hair when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair at a time. This will clean the hair when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair at a time. This will clean the hair when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair at a time.
