Public Announcement Expected. Until tonight there had been no Roosevelt "headquarters" here and these offices are not now known as such, but the ex-President's friends say they will be as soon as the Colonel makes a public announcement of his

position, which they think will be soon. The statement follows:

"The Administration has embarked on a policy of political suicide and murder—murder, if possible, and suicide if necessary. In its effort to discredit the triends of Mr. Roosevelt it States. has sought to destroy the Republicans who favor his candidacy and to cast its lot with the moribund reactionary leaders of the Republican party, at the risk of losing the support of the great mass of progressive voters throughout the country.

by the President's characterization of Colonel Roosevelt's supporters as po-tifical neurotics. It has noticed that the elements which opposed President Taft's nomination in 1808 are back of the movement for his renomination, under the leadership of the extrame reactionaries in the House and Senata.

"Political Paranois" Charged. "Those Republicans who really se-cured his nomination and election are now opposed to his renomination. At first they were mostly disappointed by the Administration's vaccilation and hoped that the Administration event-ually would adopt a consistent and progressive course. But what at first they took for temporary weakness they have now discovered to be a political paranoia. MEDILL M'CORMICK." Later a second statement was given out at the "headquarters," analyzing the political situation as favorable to the nomination of Colonel Roosevelt.

PIONEER OF 1849 IS DEAD Joseph Kirkwood, of Yambill Coun-

ty, Is Stricken.

Joseph Kirkwood, a pioneer of 1846 and one of the famous characters among the early-day Oregonians, died Tuesday at his home near Hopewell, in Yamhili County, aged 51 years.

Mr. Kirkwood was born in Scotland April 1, 1820, and came to the United States with his parents in 1825. Before 1846, the year of their emigration to the West, they lived successively at Boston, Wheeling, West Virginia, and Independence, Missouri. The emigra-tion across the plains was made by Mr. Kirkwood with his father and two brothers. Mr. Kirkwood came direct to Oregon from Fort Hall and the re-mainder of the party went to Cali-fornia, taking into that state the first wagons brought across the plains to that state by emigrants.

Joseph Kirkwood was joined in Ore-gon in 1849 by his brother John. The two brothers settled on donation land claims in Yamhill County, where they resided to the present time. John Kirk-wood survives his brother. They married cousins, and the wife of Joseph Kirkwood, whose maiden name was Louisiana Matheny, died in 1906, in the 66th year of their married life. The celebrated their golden wedding in 1897 Joseph Kirkwood and his brothe John built the first threshing machine ever made in Oregon, in the late '50s, and for years took prizes with their machine at the State Fair, until out-stripped by the finer machines import-ed from the East. The old threshing machine is still kept at the Kirkwood ranch near Hopewell.

Mr. Kirkwood was strong and active

up to the last months of his life and was accustomed to walk two miles from his ranch to Hopewell and carry back provisions he purchased upon his ulders.

The funeral will be held today and the body will be buried at the pioneer cemetery at Hopewell.

Mr. Kirkwood is survived by the following children: Henry, Joseph, Daniel, Thomas, John and Fred Kirkwood, Mrs. Ellen McDonald, Mrs. Etta Majors and Mrs. Lilly Bronson. Two children, a son and a daughter, are dead.

HOWHECURED

I had all the symptoms which accompany Catarrh, such as mucous dropping back into the throat, a constant desire to "hawk and spit," feeling of dryness in the throat, scabs forming in the nose, sometimes causing it to bleed and leaving me with a headache. I had thus suffered for five years, all the time trying different local treatments of inhalations, snuffs, douches, etc., with no real good effect. Of course I was greatly discouraged. As soon as I heard of S. S. S. I commenced its use as you advised and after using it a short while noticed a change for the better. I continued to take it believing the trouble was in the blood, and S. S. S. finally made a permanent cure for me. JUDSON A. BELLAM.

224 Randolph St., Richmond, Va.

The symptoms Mr. Bellam describes in his case of Catarrh are familiar to everyone who suffers with this disease. For five years he had endured discomfort and suffering and was greatly discouraged as one treatment after another failed to cure him. When at last he realized that Catarrh is a blood disease, he knew that the former treatments had been wrong, and only a blood purifier like S. S. S. could produce permanent good results. Catarrh comes from impurities accumulating in the circulation,

and as the blood goes to every portion of the body the catarrhal matter irritates and inflames the different mucous surfaces and tissues causing an unhealthy and inflammatory discharge, and producing the other well known symptoms of the trouble.

S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter, and at the same time building up the system by its unequalled tonic effects. It goes down into the circulation and removes every impurity. In other words S. S. S. cures Catarrh by purifying the blood so that the mu-
