TOASTS ARE DRUNK TO "NATION'S VALENTINE"
SALT LAKE CITY, Feb. 14.—"Here's to the State of Arizona, the Nation's valentine," was the toast proposed in many public places here tonight.

PHOENIX, Ariz., Feb. 14.—Accompanied by a group of newly elected state officers and friends, George W. P. Hunt walked to the Capitol today and was inaugurated as the first Governor of the State of Arizona.

WASHINGTON, Feb. 14.—As the White House clocks were striking 10, President Taft today signed the proclamation admitting Arizona to the Union.

Silk Hats Are Scarce

As Governor Hunt, who began life in Arizona as a miner in a mining camp restaurant in Globe 25 years ago, walked to the Capitol, he was wildly cheered. He was simply attired. Silk top hats and the frock coats, introduced to Arizona in comparatively recent years, were few in the official group in the capital and uniforms and gold lace were seen not at all.

PANAMA PROBLEMS OLD

M'INDOE SAYS MAGNITUDE ALONE IS STRIKING.

All Officers of Engineering Service to See Canal Work to Learn Methods Used.

"There are really few of the engineering features in the construction of the Panama Canal that have not been met before by the Government, and many of them in the work in Oregon, but it is the magnitude of the project that is striking," said Major J. F. McIndoe, Corps of Engineers, U. S. A., on his return last evening from the Isthmian territory.

Farmers' Society Is Beneficial.

NEWBERG, Or., Feb. 14.—(Special.)—The Chehalis Center branch of the Farmers' Society of Equity held its first meeting last week and several new members were admitted. The purpose of the organization is to arrange for the selling of carload lots of produce and the buying by the quantity of farm machinery and farm supplies generally. It was reported at the meeting that the members by joining together could ship now a carload of potatoes and that a Portland dealer had sent word that he would pay \$1.60 a sack for them, the price here paid to the farmers for small quantities being considerably less than that. It was also stated that arrangements had been partially effected for the purchase of a carload of flour at a figure that made the proposition an interesting one for the members of the organization.

DOGS TO GO INTO TRAINING

Days of Ease for Spokane's Canines Are Now Things of Past.

SPOKANE, Wash., Feb. 14.—Days of lethargy and ease are over for fat and pampered canine pets of Spokane. Hereafter they will go into strict training and all excess adipose tissue will be scientifically removed.

Lord Lansdale Is Uneasy.

The debate was carried on in the House of Lords by the Marquis of Lansdale and the Marquis of Crewe. The former said it was impossible to look at the general situation of international politics without uneasiness. In the effort to improve relations with Germany, however, he said, the government would have the support of the opposition.

When Children Catch Cold

Don't compel them to swallow drugs which may have a harsh effect on their tender stomachs. It isn't necessary. Do as Mrs. Fred Robinson, Hartwick, N. Y., R. F. D., writes she did. Read: "I have a HYOMEI outfit and use it for my little girl. She has always had such stubborn colds that we were badly frightened whenever she caught one. We never could get anything that would break up her cold until I purchased HYOMEI. Now, I don't worry any more when we have it in the house. You can use this outfit if you like for I certainly think it saved its cost many times in doctors' bills."

WRONG WAY

"Such an exchange of views under such conditions ought to dispel the suspicion that either government contemplates aggressive designs against the

Fashion Hint.

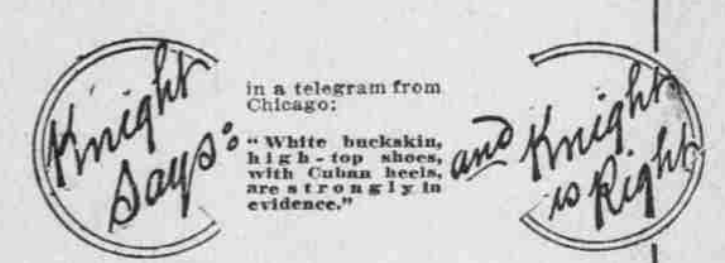

BUCKSKIN FOOTGEAR IS FASHIONABLE WITH TAILORED GARB.

White Boot Now in Style.

There is a decidedly striking and attractive suggestion about the spotless white boots worn in the street now with tailored garb, having a touch of white in its make-up. These white boots are usually of buckskin and are built on conventional walking lines, with welled soles and moderate Cuban heels. The tops are a trifle higher than the ordinary boot-top, for with the white boots, white stockings must be worn, and these may not reveal themselves under the hem of the skirt. The boot closes with flat, white pearl rivet buttons, set close together.
