City Treasurer Accused of Putting \$60,000 in His Bank Without Interest.

COUNCIL ORDERS INQUIRY

William R. McHaffle Is Town's New Executive - Criticised Official Denies Wrongdoing and Is Deflagt in His Reply.

LEBANON, Or., Peb. 21.—(Special.)—At the meeting of the Lebanon City Council last night by unanimous vote the resignation of A. F. Wilson, Mayer, was accepted and William R. McHaffie, manager of the Lebanon Paper Mills, was elected to succeed him.

Mayor Wilson just before the Council adjourned a week ago, handed in his resignation and made charges against Clarence Ingram, City Treasurer, regarding the use of money received from the sale of sewer bonds recently. The Treasurer answered the charges last night and accused the Mayor of being prejudiced because the money was not deposited in the First National Bank, of which Mr. Wilson's brother-in-law is cashier. The Council adopted a resolution authorizing an investigation of the charges made by Mr. Wilson,

Wilson, Wilson's message, brought about the investigation, is in part as follows:

part as follows:

The city recently sold its bends and in the laster part of last December \$50,000 was paid to the City Treasurer. I received a letter in January from one of the strongest banks in Portland, enclosing me a copy of a letter it had sent to the City Treasurer, offering to pay the city Interest on the bond money. I waited several days, thinking that the City Treasurer would make the Council know all about the letter. He said nothing to me or to any Councilman so far as I know.

I then called a special meeting of the Council and hald the letter before it, telling the Council that I thought the city was entitled to receive any interest that would be paid on all this meney. I knew that the Council had no right to require the City Treasurer to put the money in any particular bank, but I thought the Council could use its moral influence to have the City Treasurer demand of the bank the usual rate of interest on time deposits. The City Treasurer knew, and averybody knew. The money would not be used for its meanths or more and would have to stay in the bank all that time.

The Council did not think proper to do anything. I then had several talks with the City Treasurer. I reminded him that he was an officer of the Lebanon State limb, where he had deposited the money, and this bank paid interest on money left for six months to anybedy, and he could like as well arrange it so that this city money could be carning something for the tappayers. He said he might give the city part of it, and he might not. I reminded him that this was a good chance to earn \$100 a menth for the city, but I could not get him to do anything.

SNYDER KILLING RECALLED Tragedy Near Bethany In 1898

place and Portland, six or seven years ago, when Carey Snyder was shot and killed in a little copse a few hundred yards distant from the Bethany church. Snyder was the son of R. M. Snyder, a rich Kansas City banker, and he had been sent West by the banker father, who took care of him for years on the remittance plan. Snyder operated in this section of Oregon for some time, and he and his confederates robbed several country banks and postoffices. The evidence, recalling the murder, which has never been solved, was in the case wherein the heirs of George A. Kimmel, an Arkansaw City, Kan, banker, who suddenly dropped out of sight, sued an insurance company for payment of a policy on his life.

The star witness was one John Boone Swinney, ex-convict and train robber, and he testified that in 1898 he met R. M. Snyder, the Kansas City banker, the latter telling him he knew where 140,000 in gold was cached in Coos BOOST 787 MILES

INTEREST CENTERS ABOUT BIG DEBATE PLANNED AT EUGENE AGAINST UNIVERSITY OF UTAH.

Peter C. Crockett,

J. Earl Jones.

UNIVERSITY OF OREGON, Eugene, Feb. 21.—Never before in the history of debate at the University of Oregon has interest been shown which compares with that awaiting the contest Friday evening, when J. Earl Jones, of Newberg, and Peter C. Crockett, of Pendleton, will defend "The Judicial Recall" against a negative team sent by the University of Utah. The team from Utah was the only one to dim Oregon's forensic record last year—Pacific Coast League debating championship and championship in intercollegiate and interstate oratory.

Until last year the Mormon debaters had never won from the Oregon University representatives.

Perhaps much of the interest in the coming argument is traceable to the circumstance that it will be attended a la Leap Year, and that it will be followed by a Leap Year dance, where the women of the university will have a golden opportunity to "do unto others as they would do unto you." No one, not even the spectator, will be admitted to the novelty dance unless debate tickets have been purchased.

According to the story, Swinney, Kimmel, a man by the name of Johnson and Snyder, supposed to be the Carey Snyder, afterward murdered at Bethany, went to Coos County, where they found a portion of the cache, taking \$4000 in gold. The search for the rest was abandoned, and Swinney swore that on their way back to Marshfeld, Johnson fired at Kimmel, Snyder, and the witness killing Kimmel.

Mr. Blethen's address was a stirring appeal for united effort in the development of the Northwest. He referred to the "two new crops" from which Pertiand and Seattle must depend upon for future prosperity. These crops are the "man on the acre" and the Summer tourist, he said.

While he argued for the development of the united spirit, he insisted that local pride and home enthusiasm need not be lost.

"I would not give a rap," he said, "for a Portland man who would say to me, Joe Blethen, you have the best town in the Northwest. Seattle is a greater place than Portland."

Colonel C. E. S. Wood, announced as "our greatest orator," spoke in characteristically humorous and philosophic manner on "The Mistakes of the Local Spirit." He pointed to the fact that the dot nfall of Greece was caused by rivalry between Athens and Sparia and that the history of the world is proof of the fact that when cities start to fight among themselves the nation starts to decay. The selfish local spirit, he declared, is inimical to the best interests of the Northwest. He com-mended highly the creation of "the new spirit of the Northwest."

W. A. Eastman, its evangelist, the lid
has been clamped down tonight in
Huntington, which has been famous
for its wide-open policies. The two

evidence, they say, of gambling, Sunevidence, they say, of gambling, Sun-day liquor selling and disregard of the law in the restricted district. At a special session of the Council Monday night they showed their evidence, and said that if the lid was applied prosecutions would be withheld.
Sheriff Rand was there ready to

proceed if necessary.

The Council agreed to take the matter in its hands and today not even a slot machine is running. McLaren said he would hold the evidence and in case the lid was raised the city officials would be impeached for not maintaining the law. A party of hoodlums waited in hiding last night for the visitors who were tipped off and got to the hotel safely by a circultous route. Six shots were fired under their win-dow at 3 o'clock this morning, but they escaped to Baker later,
