MARION LAND DEAL BRINGS \$200,000

Rich Mission Bottom Properties Trade Includes Peer Hotel, Portland.

ACREAGE MOST PRODUCTIVE

R. A. Prondfoot, of Portland, and George C. Sheffer, Recently From Nebraska, Take Over 1261 Acres at \$160 an Acre.

SALEM, Or., Feb. 23.—(Special.)—The largest land deal ever closed in Marion County was completed today when R. A. Prondfoot, of Portland, and George C. Sheffer, lately of Nebraska, took over the Peer Hotel in Salem for a consideration of \$200,000.

The land contains 1261 acres, or a price of a little less than \$160 an acre. The properties are located in Mission bottom which is reputed to contain the richest lands in this section of the Willamette Valley.

LANDS MOST PRODUCTIVE

Proudfoot is proprietor of the Creamerie Restaurant there and also of the Peer Hotel. The latter covers 800 acres of the Eldridge place and 761 acres of the Jones ranch.

These Mission bottom lands are among the best in the country for fruit and hop raising. Highly developed peach orchards adjoining have produced as high as \$2000 an acre for the owners in this same bottom.

Just to what purpose the lands will be put has not been determined today but from reports received it is indicated that the sale means immediate development of these large tracts.

As far as is known this is one of the largest single sales of farm lands which has ever been made in the Willamette Valley.

The recent sale of the Krebs farm near Independence was for \$125,000 or about \$65,000 less than the sale which was closed today.

Mr. Jones left for Portland tonight to make preparations for taking over his new hotel property there.

As part payment for the acreage Messrs. Jones and Eldridge took over the Peer Hotel property for a consideration of \$125,000. The hotel covers a fractional half-block on East Burnside street, between East Second and East Third streets. The building is a modern four-story structure of reinforced concrete.

DU PONT FACES INQUIRY

MISSOURI SENATOR TO ATTACK DELAWAREAN'S SEAT.

Investigation First Hinted When Confirmation of Swayne as Marshal Was Pending.

ST. LOUIS, Feb. 23.—United States Senator Reed was told in St. Louis today that there were rumors in Washington as to the possibility of the resignation of Senator DuPont, of Delaware, and said that upon his return to Washington he would move that such investigation be made.

Senator Reed declined to discuss the details of the proposed investigation. All that he would say was that he would recommend that the Senate inquire into the election of DuPont, who is a millionaire powder manufacturer.

WASHINGTON, Feb. 23.—News of possible investigation of Senator DuPont's election came out in connection with a fight before the Senate Judiciary committee a few days ago over the confirmation of Cornelius O. F. Swayne, who had been nominated for United States Marshal of Delaware.

Senator DuPont today, when he heard of the intention of Senator Reed to ask for an investigation, said:

"The Swayne inquiry referred to the election of 1904, two years before I was elected to the Senate. Mr. Swayne's resignation was a personal issue and was tabled."

RAILWAY OFFICIAL APPROVES GOVERNMENT'S PROPOSAL.

F. I. Fuller Acts in Absence of President Josselyn of Traction Company—Survey Next.

In the absence from the city of R. S. Josselyn, president of the Portland Railway, Light & Power Company, F. I. Fuller, vice-president of the corporation, has accepted the proposal of the War Department, made through Major McIndoe, Corps of Engineers, U. S. A., to dispose of the Willamette River Locks at Oregon City for \$375,000.

There are details that probably will rest until the return of Mr. Josselyn, but next week that portion of the company's holdings at the Willamette Falls that are to be included with the right-of-way of the locks and basin in the transaction will be surveyed.

Engineer Thomsen will be on the ground to represent the Government in designating the boundaries. The abstract will be prepared and sent to Washington without loss of time and after its inspection by the Department of Justice the next step will order acceptance of the locks. The high rocks will be thrown open to the public depends on the dispatch given the preliminary features.
