Idaho Rancher Fined and Sent to Jail for Threatening to Tar and Feather Settlers.

35 MEN IN UNLAWFUL BAND

Quintet of Other Prisoners Indicted by Federal Jury Also Admit Complicity in Raid and All Receive Court Condemnation.

BOISE, Idaho, Feb. 18 -- (Special.)-The sixth and last of the Long Valley nightriders indicted by a Federal grand ory for having threatened to tar and feather a number of settlers in Long Valley, admitted his guilt when Benjamain Eulin, a prominent rancher of that section of Western Idaho, stood before Judge Dietrich, in the Federal Court Rere today. Eulin was fined \$100 and sentenced to 10 days in the Ada County Judge Dietrich severely reprimanded

the guilty intimidators, declaring that the altempts used by nightriders to frighten settlers must cease in Idaho.
That Eulin was the ringleader of the vigilance committee that waited on Carl Beyer and Attorney Irwin and notified them, under the threat of being tarred and feathered if they did not obey, to leave the country, was admitted. There were 35 nightriders in the band that served the notice, both in person and writing. Only the six ringleaders were indicted, and five of them had confessed their guilt. Eulin held off and showed a determination to fight his case. Attorney A. A. Fraser, of this city, who advised the five conspirators and

who advised the new conspirators and riders to throw themselves on the mercy of the court, refused to defend Eulin and notified the court. Judge Dietrich insisted that Fraser put up as good a defense as possible. Realising the seriousness of his position. Eulin followed the action of his companions and asked for mercy. This saved him from a penitentiary term.

RAILROADS ACCEPT RATES

State Commission's Changes Ordered Will Become Effective March 1.

SALEM. Or., Feb. 28.—(Special.)— That the recent orders of the State Railroad Commission governing dis-tance and distributive tariffs throughout the state will not be contested by the railroads is shown by the fact that the roads are now coming in with fil-ings of their new tariffs under the order, which will become effective

March 1.

Already the Southern Pacific and the O.-W. P & N. have filed their distributive tariffs with the commission, and the Southern Pacific has filed its distance tariff. Assurance has been received from the O.-W. R. & N. as well that the distance tariff of that road will be filed with the commission by March 1.

March 1. Some complaint is made by the raliroads as to the low rates allowed under the order on branch lines, and an effort is being made to have these rates raised to a certain extent. This probably will not be done, however, and it is not believed that this condition would result March 1

Government to Be Asked to Pay Canal Contribution.

\$200,000 TO BE SOUGHT

Oregon Will Try to Get Back Money Given Long Ago to Build Willamette Locks When Sale

Is Consummated.

SALEM, Or., Feb. 27.—(Special.)—
That an effort will be made by the state to collect \$200,000 of the \$300,000 appropriated by the Legislature for its share in the purchase of the Oregon City locks is evidenced from communications which passed between Attorney-General Crawford and Governor West today, Governor West writing as a representative of the State Board of Canal Commissioners.

Canal Commissioners.
Under an opinion of the State Supreme Court it was inferred that the state would have an equity of \$200,000 in the locks at such time as the locks. were disposed of, but whether this con-struction would hold is disputed in con-nection with the sale to the United States Government, as the act provides for this amount of money to be turned into the school found in event the state ever wished to purchase the locks. Distinction Is Made.

The argument is made that this sale is to the United States Government and not to the state and consequently the state would be unable to collect its

writing as to the recovery of the money the Attorney-General says:
"I notice by published statements that the Federal Government has come to an agreement with the Portland General Electric Company, now the Portland Railway, Light & Power Company, for the purchase of the canal and Portland Railway, Light & Power Com-pany, for the purchase of the canal and locks at Oregon City, and I wish to call your attention to the fact that when said canal and locks were built in 1879 to 1872, the State of Oregon contributed \$190,000 towards the con-struction and that the act authorizing the contributing of money by the state for that purpose and authorizing the

the contributing of money by the state for that purpose and authorizing the canal and locks to be built provided, among other things, as follows:

"And it is further provided that the issuance and payment of said bonds shall be made upon the express condition that said corporation shall pay to the State of Oregon 10 per centum of the net proceeds arising from the tolls collected for passing freights and passengers through said canal and locks. sengers through said canal and locks, which said sum of 10 per centum of the net proceeds shall be paid into the common school fund of this state."

common school fund of this state.

"This haw came under the inspection of the Supreme Court of this state in the case of Board of Commissioners vs. Willamette Transportation Company." 6 Or. 229, in which the court says, relative to the rights of the state:

"In fact it may be said (referring to the transportation company) to have been placed in the possession of a valuable property, standing in the very gateway of commerce, which not only affects a great public interest, but in which the public has a priority inter-est, as part owner."

Past Payments Cited.

"The transportation company paid its 10 per cent of the net profits in 1874, since which date, it and its successors failed to pay, until the Supreme Court again directed the payment of the 10 per cent, in the case of the State of Oregon vs. Portland General Electric Company, reported in 52 Or., page 502, in which case the court compelled the mpany to account for several years back, but held that up until about 1897 the statute of limitations barred the

state from collecting. However, a decree was given for more than \$7000.

The state has an interest in the canal and locks to the extent of \$200,-000, which amount of money was, in case the canal and locks were taken over by the state, to have been raised and put into the school funds of the State of Oregon.

"The Legislature of this state has provided by law for the collection of \$300,000 to be donated to the Federal Sovernment towards the purchase of sald canal and locks.
"I respectfully call your attention to the

foregoing facts, that you may consider the question as to whether you should, as the Board of Canal Commissioners of the State of Oregon, insist on the payment of the \$200,000 into the school funds of the State of Oregon, or whether that sum should be considered lost to the school funds of the state and donated to the purpose of securing free transportation on the Willametts River."

Canal Board Determined. In response Governor West wrote: "This is to acknowledge receipt of yours of the 24th inst., in reference to recovery of the \$200,000 contributed by the state toward the construction of the locks around the falls at Oregon City, and to say that the Board of Canal Commissioners has no intention what-

ever of donating this, or any other sum, to the present owners of the locks or to anyone else.

or to anyone else.

"The board has given this matter its careful consideration and when it is officially notified by the Federal Government as to the purchase of these locks, your office will be notified promptly and a request made that you take such steps as are necessary to take such steps as are necessary to protect the interests of the school fund."

COIN'S TOSS WINS BARS

RIVALS FOR FIRST LIEUTENAN-CY LET LUCK DECIDE.

Herman Stafnaker and Leland Gilbert, of Albany, Settle Question; Former Chosen.

ALBANY, Or., Feb. 28 .- (Special.) The tors of a coin decided last night who should be First Lieutenant of the who should be First Lieutenant of the Fifth Company, Coast Artillery Corps, Oregon National Guard, of this city. It probably is the first time in the history of the Oregon National Guard that a commission was won that way.
Frank M. Powell, recently chosen
Captain of the company, decided to appoint First Sergeant Leland R. Gilbert and Quartermaster-sergeant Herman Stalnaker to the two vacant Lieutenancies. Gilbert was the higher non-commissioned officer, but Stainaker had served more than a year longer in the company than Gilbert, and Captain Powell regarded both as of equal abli-ity and of equal merit because of faithful service and was in a quandry which to appoint to the higher place. Seeing the situation, both young men, who are close friends, offered to

toss a coin for the place and Stalnake Stalnaker enlisted in old Company G. then in the Third Infantry, in June 1905, and has served continuously since that time, rising through the grades of corporal and sergeant to quartermas-ter-sergeant, which position he has held for about two years. Gilbert en-listed in January, 1907, and has also served as a corporal and sergeant, becoming first sorgeant four months ago. Both have been especially active in both the military and social life of the company and are popular members of the organization.

Pearse, Superintendent of Schools at Milwaukee, and president of the National Educational Association, read a paper on "The City Trade School," in which he discussed the importance of trade schools as instru-ments for improving the vocational peed of the city child.

Education Good Investment. "Trade schools," he said, "are criticised because they are expensive, because it costs more to school a boy for a year at one of them than at a for a year at one of them than at a school of the ordinary type. If by paying \$500 for two years' schooling a man's earning power can be raised from \$600 to \$15000, and his capitalized value from \$15,000 to \$25,000, it looks like a good investment."

"To improve these conditions," he added, "it would seem wise to classify country schools, fixing certain standards as to buildings, equipment, char-acter of instruction, length of term number of grades and qualifications of teachers, and to stimulate a local in terest and effort by offering each school maintaining the required standard a small special state appropriation in addition to its share of the regular school funds."

COURTMARTIAL IS ORDERED

Lieutenant of Navy Must Answer Charges on March 4.

SEATTLE, Feb. 28.—A court martial has been summoned to meet at the Puget Sound Navy-yard March 4, to try Lieutemant C. K. Jones, U. S. N., who is charged with conduct unbecoming an officer. The charges were filed early this month with Rear-Admiral Vincendon L. Cottman, commandant of the yard, by Lieutenant Charles McRey-nolds, of the Marine Corps, stationed at the yard, who obtained a divorce last month from Margaret E. McReynolds on the ground of cruelty. Lieutenant McReynolds' complaint al-

leges that Lieutenant Jones, who is not married, lived for two weeks at a Seattle hotel with a certain woman, charges and the Secretary of the Navy whose name is not given, and that he ordered the court martial.

Lydia E. Pinkham's Vegetable Compound.

The "change of life" is a most critical period in a woman's existence, and the anxiety felt by women as it draws near is not without reason.

When her system is in a deranged condition, she may be predisposed to apoplexy, or congestion of some organ. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.
