

RAIN GLADDENING ALL CALIFORNIA

Farmers Less Worried as Assurance Is Given That Downpour Will Continue.

SNOW DEEP IN MOUNTAINS

San Joaquin and Sacramento Valleys Feel Beneficial Effects—Storm Signals Are Set on Pacific Coast.

SAN FRANCISCO, March 5.—It's raining all over California. That is the happy news the telegraph clicks into the ears of Alexander G. McAfee, chief of the United States Weather Bureau. And it will keep up until the state is soaked thoroughly, and there is plenty of snow on the mountain tops to keep the streams running and the wheels of industry humming.

Literally these are golden drops that have been falling from one end of the state to the other, and the direct benefit to the people of California will be millions of dollars. While there has been no danger to the fruit crops, nevertheless the rainfall has taken the wrinkles out of the brow of the farmer.

Heavy Downpour Repeated.—The rain has been general, said McAfee, "in San Francisco there were moderate rains up to 5 o'clock this morning, and then a heavy downpour, amounting in all to 1.5 inches, up to 10 o'clock this morning. Then, shortly after noon, the heavy downpour began again and has continued late into the night, with every indication that there will be no change in the weather tonight."

"In other portions of the state the rainfall was general. In the Sacramento and San Joaquin Valleys the amounts varied from .25 to .50 of an inch, to be followed by more tonight. There are also rain and snow in Nevada, and by Wednesday night there probably will be 50 inches of snow on the ground in the mountains."

Need of Water Felt.—The rain relieves the anxiety and puts a very different phase on the state of affairs in California. The rainfall eases the fear of deficient water later on. The state still has need for more water for irrigation. The present supply will relieve the pressure on the power companies, which were using auxiliary power in many instances. Now there is water enough in sight to run for several weeks.

"We welcome this rainfall and want more just like it. The state is 50 per cent out behind, except in the northern coast counties, and these are above their average. There will be heavy rains tonight and tomorrow, and signals are flying for southwest winds along the coast from Point Conception to Cape Mendocino, so the good work will go on."

MISS ELKINS TO WED?

SHE AND YOUNG HITT GOING TO GUATEMALA TOGETHER.

Chaperoned by Young Woman's Brother and Sister-in-Law, Couple May Marry at Sea.

NEW ORLEANS, March 5.—(Special.)—Occupying adjoining suites at the St. Charles Hotel, Miss Katherine Elkins, once the fiancee of the Duke of Abruzzi,

Miss Katherine Elkins, Whom Rumor Says Is to Be Married at Sea to W. F. Hitt.

and W. F. Hitt, son of R. R. Hitt, American Minister to Guatemala, spent today and tonight in New Orleans, accompanied by Mr. and Mrs. Elkins, brother and sister-in-law, respectively, of Katherine. The entire party sails tomorrow morning for Puerto Barrios, and will spend two weeks in Guatemala City as the guests of Mr. Hitt. They will then go to Panama to inspect the canal and thence to Jamaica, returning from Kingston direct to New York.
Mr. Hitt does not deny that he is still the devoted cavalier. He has trailed Katherine about the world for the last year, but it seems she will not consent to marriage.
Eight months ago Mr. Hitt, Katherine and the Elkins formed a houseboat party that went to Avery Island, Louisiana, in the heart of the Creole country, and spent two weeks rusticiating. At that time rumor was persistent that announcement of the engagement would soon be made. While no definite statement could be obtained tonight, it is believed that before Katherine Elkins returns to New York she will have changed her name. It was intimated that the marriage might be performed on the sea. The voyagers will have perfect moonlight nights the greater part of the trip, and friends say Katherine likes a bit of romance.

INQUIRY IS WIDER

Los Angeles Grand Jury Vigilant in Dynamite Case.

MANY WITNESSES CALLED

Determination That Investigation Shall Be Thorough Is Indicated by Extent of Territory to Be Covered.

LOS ANGELES, March 5.—That the alleged National dynamite conspiracy investigation, which was resumed by the Federal grand jury here today, was indicated by the presence of witnesses from widely separated sections of the United States. Among those who were called before the body were residents of St. Louis, Indianapolis, Chicago and Seattle.
H. W. Pohlenman, of Seattle, was the star witness of today's session. Pohlenman is the business agent of the Iron Workers' Union in Seattle. He was served with an order to produce books and records of the Seattle Iron Workers for the inspection of the grand jurors, and he telegraphed for them.
Executors' Detective Questioned.
Another witness was John H. Headington, a Chicago attorney, identified with the McNamara defense and still under a state charge of contempt of court for having refused last Summer to answer questions asked before the Los Angeles County grand jury regard-

ing alleged attempts to influence the prosecution's witnesses in the trial of James B. McNamara.
Others questioned were a liquor dealer of St. Louis named Donnelly and Detective Foster, of the National Erectors' Association, who was charged with assault by Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers.
These questioned today were instructed to return when the grand jury meets Friday afternoon. By that time, it was said, several more important witnesses would have come here in response to Federal subpoenas.
Clarence S. Darrow received today a copy of the testimony given against him in the grand jury chamber by Bert H. Franklin, the former McNamara detective. It was given to Earl Rogers, chief counsel for Darrow, by W. Joseph Ford, Assistant District Attorney, who declared that the former detective's evidence in the presence of the grand jurors consisted practically of only one question and its answer.
"Was the money you paid to Robert F. Bain furnished you by Clarence S. Darrow?" was the question, according to Ford.
"Yes," was Franklin's answer.
Full Transcript Not Made.
The additional testimony was furnished the defense in accordance with the prosecution's offer to turn over all the evidence in its possession. The prosecution said it could not give greater obedience to the court's order to furnish a full transcript of evidence because an official stenographer had not been present during all the grand jury proceedings.
The additional testimony also included that of C. E. Parker, assistant cashier of a San Francisco bank, who, it was said, had testified that Olaf A. Tveitmo, indicted by two Federal grand jurors on the charge of having engaged in a general conspiracy to transport dynamite illegally, maintained an account known as the "defense fund" of the "Iron Building Trades' Council."
Whether the Darrow defense will accept the additional grand jury testimony given by Ford as sufficient protection against a charge of perjury Saturday, when a hearing on that point

will be had before Presiding Judge Hutton of the Superior Court.

Milady's Toilet Table

By MME. D'VILLE

There are simple home treatments that keep the hair and complexion young-looking. Dry shampooing cleans the scalp and hair, and makes the hair grow. Just put a cupful of cornmeal in a fruit jar and mix with it an original package of Therax; sprinkle a little on the head and brush out. It brushes out easily and leaves the hair clean, bright and rich in color.
To keep the face youthful and fair, make a simple lotion by dissolving an original package of mayotone in a half pint of witch hazel and rub over the face, neck and arms every morning. Your complexion will soon be smooth, clear, satin-like and free from blemishes.
Wild hairs or fuzzy growths can be made to vanish quickly by applying delatone paste. Mix enough powdered delatone with water to cover the hairy surface; apply and after two or three minutes rub off, wash the skin, and the hairs will be gone.
Chaps, cold sores, pimples, eczema and other eruptions disappear if you rub Mother's Salve into the affected surfaces before retiring. It quickly heals sores, cuts, burns, scalds, etc. It is antiseptic as well as healing and lessens danger of blood poisoning.—Adv.

GOLD DUST

digs deep after germs

Gold Dust not only cleans but sterilizes.
Soap merely washes over the surface, leaving a greasy film behind it.
Gold Dust "goes to the bottom," and insures absolute purity, and sanitary safety. Why not sanitize your home, as well as clean it?
Soap needs muscle help; Gold Dust does all the hard part of the task without your assistance.
Gold Dust is a good, honest, vegetable-oil soap, to which are added other purifying materials in just the right proportions to cleanse easily, vigorously, and without harm to fabric, utensils or hand.

Do not use soap, naphtha, borax, soda, ammonia or kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form.

BOND BUYER BRINGS SUIT

B. J. Ginn Would Recover on Mill Stock Traded in Orchard Deal.

Declaring that he was induced by fraudulent statements to trade 300 shares of capital stock of the Goldenstate Milling Company, worth \$17,000, for 43 mortgage bonds of the Columbia River Orchards Company, represented to be worth \$21,500, B. J. Ginn has started suit in Circuit Court to recover the stock or judgment for its value.
The defendants are W. E. De Larm, A. J. Biehl, George W. Armstrong, and H. H. Humphrey, an agent. Mr. Ginn, through Arthur Langbein, his attorney, has obtained an injunction restraining the defendants from disposing of the stock. The plaintiff alleges that it was represented to him that each share of bond value was secured by realty of the value of \$275.
Biehl, De Larm, Humphrey, George C. Hodges and S. H. McWhorter were indicted by the Federal grand jury last week on charges of fraudulent sale of the mills in connection with the Columbia River Orchards Company. All have been arrested except De Larm and Hodges.
The suit of Mr. Ginn is the first civil action to be filed against the promoters.

STIMSON WARNS JINGOES

Cry Imperils Lives of Foreigners in Mexico and China, He Says.

CHICAGO, March 5.—The first utterance of a cry of jingoism relative to either China or Mexico is going to be responsible for the slaughter of an untold number of innocent foreigners in those countries," said secretary of War Stimson, who arrived here today from Washington.
"We are watching the situation closely, and the armies in both countries are carefully keeping away from foreign residents."
"Immediately they get an idea that our armies are hovering near to gobble land instead of to protect our countrymen, they will wreak their vengeance on the foreigners."

FINDER OF MONEY LOSES

Unclaimed Cash Goes to Company Owning Floor on Which It Rested.

KANSAS CITY, March 5.—A \$1,000 check cannot have the money he picked up on the floor of a Kansas City Safe Deposit Company. The court of appeals today declared the money should remain with the deposit company.
Finder upon finding \$100 on the vault floor turned it over to officers of the company. No owner for the money was found and he brought suit to recover it. Several months ago a jury awarded him the find and the deposit company appealed.
