HANISH DISCIPLE FLEES TO EUROPE

Mrs. Lindsay, With Her Son, "Billy," Evades Federal Subpena Servers.

"TIP" SENT FROM TEMPLE

Government Cannot Intercept Heir to Philadelphia Millions, Now Sought as Witness Against Sun Worshipers.

CHICAGO. March S.—(Special.)—
While the Federal grand jury was completing its investigation into the mysterious teachings of Dr. Otoman Zar Adusht Hamish, founder of the sun worshipers temple, afficials of the Department of Justice learned today that Mrs. Elizabeth Lindsay and her son. Hilly Lindsay, the Philadelphia heir to millions, have fled to Europe.

This information was received by Charles F. Dewoody, division superintendent of the Department of Justice, in a telegram from Montreal, Quebec, Mrs. Lindsay and her boy, who disappeared from Chicago several months ago, while the juvenile authorities were making an investigation, were traced to Montreal.

traced to Montreal.

Pugitives Evade Subpena.

Fugitives Evade Subpens.

Since the Government agents made a raid on the Manadaznan Temple and arrested Hanish for violating the postal laws by sending unlawful literature through the mails, Mrs. Lindsay and the buy were advised by Hanish's followers to leave Montreal.

Negotiations were being made with the Dominion of Canada to have Mrs. Lindsay and her boy cross the border line so that a subpena could be served on them to appear as wilnesses before the Federal graind jury in Chicago.

Mrs. Lindsay, it has been learned, would not cross into the states and instead left Montreal and is now on the Atlantic.

Government Is Balked. "The United States Government can-not intercept Mrs. Lindsay and her boy," said Mr. Dewoody, "although we are anxious to have her and the young heir in Chicago to testify before the grand jury, there is no way by which we can compel them to return to the

states."
A crowd of boys who live in the vicinity of the temple which has been raided by operatives from the Department of Justice, made an attack upon the building with bricks and stones. Hanish harred the doors and then had one of his disciples call up the police. Several disciples of the Hanish cult appeared before the grand jury and testified further about the teachings of Mandagnanism.

STATE ARCHITECT SAVES

Close to \$9000 Is Total Which Oregon Kept in Treasury by Official,

SALEM, Or, March 8—(Special.)—
The office of State Architect, created
by the present State Board, effected a
saving of 18650 for the state in the
course of its first year's business, according to a statement prepared by
State Architect Knighten today and

The report shows that under the old system approximately the commissions that would be earned for architectural charges, would have been \$29,600. The commission of the very second to the program of the office for the very

Definite Land Data Sought.

SALEM, Or., March E - (Special.) Because of lack of any definite data as to the value and usefulness of some 500,000 acres of lands belonging to the state and scattered throughout Oregon, suggestion has been made that State Land Agent Binehart make an exten-sive investigation and secure facts as to these lands. It is believed that this will give the State Land Board suffi-cient information to go shead with sales on an intelligent basis.
