

Governor Turns Man Who Confessed Theft Over to Federal Officers.

STOLEN MAIL IS SOUGHT

Unnamed Portland Person Said to Be Implicated in Scheme to Get Rid of Gold Taken From Steamer Humboldt.

SALEM, Or., March E .- (Special)-Charles A. Barrett, who recently made a sensational confession to Governor West as to the builton robbery on the essamer Humboldt in 1910, was paroled by the Governor today and turned over in the United States Government, Steve in the United States Government, Stove Connell, secret service agent, will have immediate supervision of Barrett. Cennell, Frank G. Taylor, of the Firemen's Fund Insurance Company, and a Postofflor Inspector, whose name was not given, were have today and took Barrett to Portland.

#### Developments Are Expected.

This is taken as an indication that developments are expected in the case seen. Barreit still has about one year to serve in the prices here before his minimum sentence expires. He was sent here for forgery from Multhomah

County. The interest taken in the affair by the Government, it has developed, is not so much because of the buillon rob-hery as because of robbery of regis-tered mail in which about \$15,000 was taken. This was done at the came time and there is every reason to be-leve that the same men who stole the buillon were implicated in the mail rebbery and that a large share of the loot from that robbery will be recov-ered.

#### Portiand Man Implicated. V

All sorts of schemes were concected among the men who state the million to get rid of it. One of the plans, it has been formed out, implicated a well-known Portland man, whose name is not known Portland man, whose name is not forthcoming. This man owned a so-called mine in Mexico and was selling stock on it. A part of the scheme was to take the buillon to Mexico and bring it out again, representing it us a prod-uct of the mine and in that manner boost a heavy sule of stock. The bui-lion, or a portion of it, was taken to Mexico, but was brought back again. Just why no attempt to carry out the scheme fully was made is not known.

#### Three Bars of Bullion Found.

Of the buillion recovered as shown in its cache by Harrett, there were three bars. One weighed 155% ounces, an-other 153% ounces and the third 27 ounces, the whole being valued at

about 57000. Barrelt's parole was issued this morning. The transfer from the prison to the train was made rapidly, the men stopping for a mament in the Gover-nor's office with Barrett and then rushed Barrett to the Oregon Electric train, just in time to catch it for Portare new men.

### Douglas County Tract Held More Valuable for Farming. .

ROSERURG Or. March & - (Special.) -Holding that the land was more valu-able for agricultural purposes than for ts mineral, the Secretary of the In-erior has forwarded a decision to Rose burg in which he sustains the findings of the General Land Office and the Roseburg Land Office in the contest case instituted by A. H. Howard against

Frederick Cook. The land in question, lying on Lee's Creek, in Southarn Douglas County. originally was taken up by the Lee's Creek Mining Company, the stockhold-ers of which were Portland capitalsta. They mined the property for a number of years, and finally abandoned the prospect without securing any great amount of wealth. nomestend apt.

Following this procedure on the part of Cook, A. H. Howard, formerly care-taker for the Lee's Creek Mining Comany, instituted contest proceedings in he Land Office here. His chief con-ention was to the effect that the land was more valuable for its mineral than for agricultural purposes. The case was tried in the United States Land Office and a decision was returned in favor of Cook. The case was then ap-pealed to the General Land Office at Washington, where a similar decision was given. Temporary Injunction Is Dissolved in Scattle's Long Fight.

SEATTLE, Wash., March 8 .- The tem porary order obtained by the city of Seattle, restraining the Pacific or "Sunset" Telephone Company, which has ab-sorbed the Independent Telephone Company, from making physical connection of the two telephone systems, was dis-solved by Judge King Dykeman in the Superior Court today. The effect of the order is that the work of the linethe order is that the wires of the two companies can be carried on without molestation by the city and without a permit from the city. The city alleges that it has a \$200,000 interest in the poles, wires and conduits of the inde pendent company under the terms of the independent franchise. Physical connection of the two systems had been practically offected when the tempt rary restraining order was issued last Saturday, but since that time the ators when asked by subscribers of one system for a connection with the other have replied that they were forbidden

by a court order from making it. A proposal for city ownership and operation of a telephone system was adopted at last Tuesday's election by a vote of 32,498 to 18,163. Mayor-elect George F. Cotterilt has expressed him-self warmly in favor of a municipal telephone system.

Any chronic ulcer shows an unhealthy and impure coudition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it, of unhealthy matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the discase germs are located and can never effect a cure. S. S S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom, and rebuilding broken-down tissue, and supplying healthful, healing qualities to the blood, causes the place to fill in with new, firm flesh, while it steadily but surely effects a permanent cure.
