THOUSANDS OF FARMS

Without a Stump, Without a Stone, Without an Impediment to the Two-Wheeled Plow—Most of Them Level as the Bosom of the Ocean and Rich as the World-Famed Valley of the Nile

These farms are in the province of Alberta, Canada. Our exceedingly prosperous neighbor just across the border line between the two friendly nations, the United States and Canada, whose interests are identical, whose people are of the same blood, whose aspirations are alike, whose hearts beat in unison, one with the other, and whose relationships and family ties are cemented together by an inseparable bond of affection that makes for good fellowship and peace throughout all time to come.

100 ACRES OF \$10 LAND COSTS \$1,000, AND OF \$20 LAND \$2,000. The first payment on the \$10-per-acre land, if bought from us, would be \$250.00, then \$1.00 the second year and thereafter \$200 per year until paid for. On the highest-priced \$20 per-acre land, the first payment would be \$500.00, then \$1.00 the second year and thereafter \$200 per year until paid for.

THIS IS THE LAST OF THE LOW-PRICED RICH FARM LAND IN THIS COUNTRY. The NET profits realized by the present agriculturalists of this section, as shown by the official government reports, are the equal of those realized by those who till \$20 to \$100-per-acre land in the older districts of Eastern Canada and the United States, both East and West.

ONLY 616 MILES TO THE OCEAN FRONTIER. It is only 616 miles from Edmonton and Calgary, the centers of Alberta's great wheat trade, to the ocean market at Vancouver, B. C.
