

REALTY MERE CURGE N. W. EXPULSION

Mayor and Police Called On to Act or Recall Will Be Invoked on Officials.

COWARDICE CHARGE MADE

Resolutions are Introduced by W. M. Killingsworth and Adopted. Street Agitators Said to Infringe Public to Crime.

Declaring that the presence of hundreds of industrial workers in the city of Portland is a menace to the public safety and the welfare of the city, the Board of Police Commissioners yesterday passed resolutions demanding the immediate expulsion from the city of all dangerous characters and agitators. The resolutions were adopted by the unanimous vote of nearly 100 realty men and property owners.

A committee of ten members was appointed to request Mayor Bushnell to take action at once. The demand of the Board will be laid formally before the Mayor today. A vigorous feeling was expressed that if the city officials remain derelict in their duties, the recall will be invoked.

Residents to Be Asked to Aid. An appeal will be made to the residents of Portland to join in a tremendous movement against soap-box agitators. It was declared that if immediate action is not taken by the city officials, it will be necessary to drive the trouble-disturbers from the city.

W. M. Killingsworth, ex-president of the Realty Board and a large property owner, submitted the resolutions, which are as follows:

Whereas, At a meeting recently held in public buildings in the city of Portland for the purpose of hearing a noted English General; and

Whereas, At this meeting a large number of irresponsible hoodlums were allowed to speak up the streets of Portland; and

Whereas, No protection was given our distinguished visitor by the city government; and

Whereas, A rabble of agitators, men who are irresponsible, with little brain for acquiring any knowledge, are nightly making our streets impassable with loud denunciations of the government and our institutions, inciting the public to violence and crime; and

Whereas, No steps are being taken by our present city administration to suppress this condition, now, therefore, be it resolved, That the Board of Police Commissioners, in a regular session assembled, do hereby pass the following resolutions:

Resolved, That the Board of Police Commissioners, in a regular session assembled, do hereby pass the following resolutions:

Resolved, That the Board of Police Commissioners, in a regular session assembled, do hereby pass the following resolutions:

THE BLOODY STOCK TO BE SEEN

Second Annual Pacific Northwest Exhibition Will Open Monday for 3 Days.

PUBLIC URGED TO ATTEND

Show at Stockyards Will Be in Great Canvas - Covered Structure. More Than \$7000 in Prizes Offered.

BY ADDISON BENNETT. The Second Annual Pacific Northwest Livestock Show, to give the coming affair its long but official title, is now almost upon us, the dates being March 18, 19 and 20.

Out at the stockyards, where the show is to be held, everything practically is in readiness. The great canvas covered structure inclosing the pens and show ring, banked with seats for the spectators, has been practically completed, only a few finishing touches being needed yesterday afternoon.

This structure is on the south side of the city, about midway between the avenue of the stockyards and the Union Meat Company's plant, the streetcars passing along the avenue in front of it. It differs somewhat from most auditoriums from the fact that there is no ticket window, no box office, no turnstiles through which the visitors must pass.

Much of the stock already arrived yesterday, and every hour was bringing more, while by mail and wire and telephone the officials were being apprised every few minutes that other shipments were on route for the show.

Shipment are arriving from all directions, and when the doors open Monday morning every section of the Coast will be represented—California, Washington, Oregon, Idaho, Montana and Utah all having exhibitors.

Luther W. Conover, of Chicago, said to be one of the best beef experts in the United States, is in the city with a lot of fat cattle, and he has telegraphed that he will be on hand to begin his labors Monday morning. But before the official judging begins, the show will be a contest of judging between the students of the agricultural colleges of Oregon, Washington and Idaho.

This contest embraces the passing upon horses, cattle, sheep and swine, and prizes amount to \$100. There will be five students from each of the schools mentioned.

Prizes are offered. The largest prizes are car lots of steers, these amounting to \$1275, divided equally between 1, 2 and 3-year-old animals, 16 head to represent a car. In addition to these prizes there is an additional prize of \$100 for the champion load of steers, regardless of age.

It has been arranged to have practically all of the stock on exhibit tomorrow, and the management suggests that there will be no better time for visitors to see the animals than from 9 to 5 o'clock tomorrow. There will be no disturbance or interference by judging, the crowd perhaps will not be so great as on the three days of the show, and visitors may see the animals at their leisure.

If there are any persons who have not visited the stockyards, it will be a good opportunity. And it is important to anyone wishing to have a fair idea of Portland that a view of the stockyards should be had. Those who have knowledge of the yards simply by reading or hearsay have but a faint idea of the importance of the industry to the city.

Plans can be taken on either street between Second and Third. These are the "L" cars. During the days of the show, trains will run in place of single cars, and the bidding for these and the best of the home-bred animals promises to be very keen.

This there will be a large number of visitors at the show is now assured. The transportation lines have made liberal concessions, and many large excursion parties will arrive, notably that from Lewiston, which will bring some 200 of the citizens of that section of country. And from many other places there will be parties of from five to 50. Hence, as suggested, any Portland residents who wish to see the show had better go out tomorrow and avoid the crush sure to be encountered by visitors the following three days.

Prizes to Be Paid Promptly. More than \$10,000 had to be provided in advance for every premium awarded. It will be before the night of the day of awards. There will be a like show on a more modest scale a year ago, and the attendance then encouraged the promoters to repeat it this year. If the attendance and interest warrants it there will be another greater show next year, and the event will then be a fixture.

And nothing will do for Portland and the state more good than to have a splendid stock show here every year. The great International Livestock Show, annually held at Chicago, has perhaps done that city and section more good than anything that ever happened on the lakes, for these shows have been the chief factors in building up the packing-house business to that of first importance in that city, which in turn has enriched the hundreds of thousands of stock growers, shippers and breeders throughout the Middle West.

What that show is to Chicago and the surrounding territory can be seen in our show for Portland and the Northwest. And the men of money stand ready to put up the money to

EXCURSIONISTS BRING LUNCH

Inland Empire Residents Boost Home Products.

The 200 excursionists from the Inland Empire who will reach Portland to attend the Pacific Northwest Livestock Show Monday, have introduced something of an innovation into the banquet feature of the programme, for they are literally "bringing their lunch with them." The banquet will be held in the Portland Commercial Club on Friday night at 6:30 o'clock, after a day of entertainment about the city by the special reception committee that has been appointed.

The principal supplies for the banquet will be shipped ahead of the excursion party to the Commercial Club building, to pass through the hands of the club chef and to appear in properly prepared form on the banquet table. The following list has been received by the entertainment committee indicating what is in the "lunch" that the Lewiston party will bring, and each of the cities that have contributed to it:

Beans—From the famous Polatch district, Kendrick, Idaho. Only district west of the Rocky Mountains raising United States white beans in sufficient quantities to fill large Government contracts.

Apples—From Moscow, winners of sweepstakes first prize in National Apple Show, Spokane, 1911.

Cheese—From Pullman; first premium cheese; also fresh first-class cheese.

Potatoes—Prize potatoes from Grangeville, Idaho. Idaho potatoes won first prize at Chicago Land Show, 1911.

Veal calf—From Grangeville, Idaho, the best of the agricultural colleges of Idaho at the agricultural college.

Butter—The best grown, from To. Idaho, by the artist of the Canadian Prairie.

Sucking pigs and two fine hogs—From Caldwell, Idaho. Prize. Finish ships more hogs than any single railway station west of the Rocky Mountains.

Flour—From Nes Perce, on the Nes Perce packers' office, the greatest wheat-producing section of Idaho.

Bread—"Parly" brand, from Lewiston Bakery, Lewiston, Idaho.

Cheese—"Tom Richardson" brand, pure Havana, from O. P. Pring, Lewiston.

Butter—Choice creamery butter, with suitable souvenirs of Stiles to accompany same.

PORTLAND WILL GET STOCK

Idaho's Best Herds of Cattle Sent to Northwest Show.

MOSCOW, Idaho, March 15.—(Special.)—The reception and livestock show given yesterday by the University of Idaho at the agricultural college's new \$8000 barn was a farewell exhibition of some of the animals with international show reputations, which are to be exhibited there at the Northwest Livestock Show, next week. Deal Carlyle, of the College of Agriculture, said he had purchased tomorrow for Idaho to be exhibited there at the Northwest Livestock Show, next week. Deal Carlyle, of the College of Agriculture, said he had purchased tomorrow for Idaho to be exhibited there at the Northwest Livestock Show, next week.

The reception was a great success. It is estimated more than 1000 people were in the barn, were conducted through it, and served with refreshments in the office.

LION CLOTHING Co. Gus Kuhn Prop. 166-170 THIRD ST. Always Reliable.

speakers, who showed that both in Chicago, the trading center of the West and Middle West, and in St. Louis, the center of the commerce in the South, the livestock business was greater than their other combined principal industries.

In the notices sent out previous to the luncheon it had been announced that the member bringing the largest number of guests to the affair would be awarded a five-pound box of candy and a large box of assorted cakes will be awarded on the same terms. A committee of 10 as a reception committee to the visitors coming on the special train from Western Washington and from Idaho to attend the livestock show next week was appointed.

BRIDGE RENTAL OPPOSED

DEMANDS OF O. W. R. & N. AROUSES COUNTY COURT.

Judge Cleeton Declares 5 Per Cent of Cost is Too High—Complications Predicted.

The demands of the O. W. R. & N. Co. that the county and the Portland Railway, Light & Power Company pay a yearly rental on the new steel bridge, amounting to 5 per cent of the cost of the superstructure, has met with opposition at the hands of members of the County Court and from appearances such difficulty will be experienced in getting the troubles straightened out so that the general public can use the upper deck of the bridge when it is completed.

City Engineer Harbort and County Surveyor Holbrook completed yesterday a detailed report of the cost of the bridge and Commissioner Lightner is now busy figuring up the amount the county will have to pay on the 5 per cent basis. County Judge Cleeton says he considers the amount too high.

It is declared that of the 5 per cent of the superstructure upon which the county and the street railway company's share 2 per cent. Judge Cleeton says he considers the county entitled to as much consideration as the railway company.

According to the figures of the City Engineer and County Surveyor the superstructure of the bridge cost \$298,457 and the substructure \$572,180. It has been estimated that when the figures are brought down to a point where the actual cost of the superstructure upon which the county and the railway company have to pay, the monthly rental will be about \$1600 for the county.

BANK CLEARINGS IMMENSE

Portland's Record of \$14,358,000 in Week, Shows Big Gain.

In bank clearings for the week Portland made one of the greatest records in its history, the total amount passing through the Clearing House being \$14,358,000. The gain over the corresponding week of last year is 45 per cent. Portland's clearings exceeded those of Seattle by the narrow margin of \$1000. Los Angeles and San Francisco made

OD CATTLEMAN TALKS

J. A. SPLAWN TELLS OF WORK IN PIONEER DAYS.

Livestock Topics Discussed at Weekly Luncheon of Progressive Business Men's Club.

Reminiscences of things as they were years ago, even as far back as 1852, when he drove cattle through the Northwestern plains and trails, told in the rapidly disappearing Western draw, were recounted before the members of the Progressive Business Men's Club at the weekly luncheon at the Commercial Club Thursday noon, by J. A. Splawn, Mayor of North Yakima.

NATHAN H. BIRD

REPUBLICAN CANDIDATE FOR NOMINATION FOR SHERIFF

As a candidate for nomination for Sheriff of Multnomah County I desire to make the following statements:

FIRST—I am nominated and elected, I will feed the prisoners at the Court-house and at Kelly Butte at actual cost, and will make public the same, together with the actual cost of the entire office, including the profits made by the same. I will work for the full salary provided by law and will account to the taxpayers for all the moneys and payments that come into the office, and will turn the same over to the proper official. Give me a tryout and see what I will do.

SECOND—I was born in this state and have raised and educated my family in Portland. I have nothing to fear from my past record, and am under no obligations to friend or foe. I am in a position, if elected, to give the criminal element my closest attention, and will put forth a special effort to subdue vice and crime in this city. The Sheriff's office shall be my headquarters at all times except when out on actual duty, and the duties of said office shall have my entire time and attention.

THIRD—I am a working man myself and have won the confidence of the business men of Portland. They are aware that my training is such that if nominated and elected I will give the people an economic, impartial business administration, and that I will greatly reduce the costs of the Sheriff's office to the taxpayers of this county.

PURIFIES S.S.S. BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., from a blood infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S.S.S. is Nature's blood-purifier and tonic, blood is purified of the cause. S.S.S. is Nature's blood-purifier and tonic, blood is purified of the cause. S.S.S. is Nature's blood-purifier and tonic, blood is purified of the cause.
