COUNTY HOSPITAL

Patients of Destitute Class Are Given Best of Care Free of Charge.

SANITARY METHODS USED

Report of Superintendent Shows Much Is Being Done to Furnish Relief for Needy-Building Kept Very Clean.

An average of 75 parients, all of the An average of a painted and average of a particular class, are being given medical freatment each month at the Multnemah County Hospital according to a report submitted yesterday to County Commissioner Lightner by Mrs. A. S. Youmans-Spaniding, superintendent of Tourans-Spaniding, superintendent of the county the hospital. The cases were all of per-sons in need of hospital service and in-able to pay for such service in other, hospitals of the city.

hospitals of the city.

The report shows that since January I a large number of operations have been performed and remarkable smooths has been had in all the cases where the patient had any chance for recovery before the operation was performed. The report makes apparent the fact that Multnomah County is doing a great deal for the relief of the poster classes by furnishing free of charge every kind of medical attention to the deserving.

Hospital Well Conducted.

Although the Multinomsh County Hospital at present occupies an old residence in South Portland, it is declared to be one of the hest-kept and most perfectly regulated of any charitable hospital on the Pacific Coast. What formerly was one of Portland's mont stately residences in now a modern limited presidence in now a modern limited presidence in the purchase of the grounds upon which the hospital stands it is asserted at the Portland.

In the purchase of the grounds upon which the hospital stands it is asserted at the Portland.

In the purchase of the grounds upon which the hospital stands it is asserted at the Portland.

In the purchase of the grounds upon which the hospital stands it is asserted at the Portland.

which the hospital stands it is asserted the county got a rare bargain. Through the activity of Commissioner Lightner, the property, including Tiagres of ground with a large assortment of hurdwood trees and the residence in which the hospital was installed, was secured for \$10,000. The deal was consummated about Tiagrees and to be worth no loss than \$20,000. The old residence on the property was partially remodeled by the county to conform with the requirements for a modern hospital, and an addition was built on with the requirements for a modern hospital, and an addition was built on the rear to give more room. The place is kept spotlessly clean and the patients, although paying nothing, get as careful aftention as the millionaire who secures the heat in one of the numerous private hospitals.

The building has three floors, each litted for the convenience of the patients. The wards for the segregation of the various forms of discuss and

tients. The wards for the degregation of the various forms of disease and aliments are arranged for the best convenience of the nationa. Those who require much air are given convenience to the national rooms, where they are protected from files by sevenia and where they can rest comfortably and are not disturbed by the noises in other parts of the hospital.

Sankintion to Perfect.

found the maternity wards, where women are given the most careful attention, and where is every convenience for the care of mothers and habite. In confunction with this nother can rest quietly after leaving mother can rest quietry after inavira-the main ward. On this floor also are modern sanitary diet rooms, kitchens, bathrooms and a place for mothers to exercise in the open air. Every part of the equipment is modern and is kept under the most sanitary conditions

on the upper floors are wards for men and women suffering from broken limbs or non-contagious diseases; also a second maternity ward. To the rear of the building on this floor is an operating room fitted with all the latest modern equipment for all classes of operations. Here paupers are given operations by the best physicians in the city free of any charge, provided they are really in need and are unable to pay for such service. Nothing but to pay for such service. Nothing but charity cases are taken at the hospitul.

Men Patients Well Cared For.

Near the operating room are room for the care of the patients after oper ations. Here they are taken care of by expert nurses and are given every attention possible. On the upper floor of the building is a ward for men suflering from diseases of a dangerous type. They are provided with every convenience. In still another ward are beds and equipment for unfoctanates with broken limbs. Among those in this ward at present is one oil must who suffered a fractured hip in a region accident. He is reported to be receivering rapidly.

Every floor in the building is taken by analyzed by analyzed.

exer of by janitors, who are required to keep everything clean. The bath-rooms and foliets are all provided with waterproof walls and floors and equipment are carefully acrubbed. Patients

ment are carefully accused. Patients who are recovering are given light work to do when they are able. Worners make bandages and men seruh and do light cleaning work on the brounds. The hospital is provided with a modern nurses home, where girls are being them are full training. In parallel. given careful training in nursing. The home was built last Fall near the hospital. This home or school is super-intended by Miss Margaret Kuchi, and is gaining a reputation as one of the best institutions of its kind on the coast. The girls are given complete practical training at the County Hospital. The building occupied by the nurses is a model of sanitation. It was

erected at a cost of \$18,000. Hospital Has Laundry.

Op the hospital grounds is a steam hundry, where all the hospital washing is handled under absolutely sanitary conditions. Adjoining this is a power plant which furnishes heat to the hospital and norses home.

Adding in the cars of the county patients are many of Portland's most eminent physicians, who give their services free. Each patient is assigned to the payaician on the hospital staff who is best adapted to handle the case. Two resident physicians are continually at the hospital and the others make visits as they are needed. The physi-

ols, G. Nerman Peace, Caul Rockey, J. | surprised at the result. F. A. Stus. H. Bristow, Joseph Bildsrbuck, R. J. | Co., 130 Etuart Bidg., Marshall, Mich.

R. A. Penton, E. A. Rich.
Plans are under way for a new bospital to accommodate 500 matterns.
County Commissioner Lightner in a stanch supporter of this plan, it being his aim to provide this county with a charitable bospital, second to none in the West. The grounds owned by the county are exceedingly attractive and the West. The grounds owned by the econity are exceedingly attractive and would make an excellent site for such an institution.

BLIND MAN GETS PERMIT John Fern, Who Wont "Sponge" Off Relatives, May Sell Pencils.

When John Fern, a blind man, fold; the members of the license committee of the City Council Sesterday that he refused to remain with a brether in licensa, Mant, because the brother was poor, he was given a license forthwith to sell since strings and pencils

with to sell shoe strings and peners on the streets.

"Any man who is blind or affilieted as this man and yet refused to 'spenge' off his relatives, should be encouraged," said Will H. Daiy, chairman of the committee.

Councilmen Chyde, Schmeer and Duesting agreed with the sentiment and they instructed M. A. McEanhern, the clerk, to tell Chief of Police Slaver to let the old man soil his strings and sentile on the streets without molessencils on the atreets without males-

A REASONABLE PLEA FOR THE STOMACH

If Your Stomach Is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Especially When It Costs Nothing to

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stemach? Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is pepel positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dysposial Tablets contain nothing but these natural serments.

nothing but these natural elements necessary to digestion and when blaced at work in the weak stomach and small intestines, supply what these or-gans need. They stimulate the gastric glands and gradually bring the diges-tive organs back to their normal con-

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad, and are found to contain nothing but natural digestives. Chemical Laboratory, Telegraphic address, 'Diffinda,' London, Telephone No. 11029 Central, 50 Cullum St., Fenchurch St. E. C.

Fenchurch St. E. C.
London, 9th Aug. 1905.

I have analyzed most carefully a box of Stuart's Dyspopsia Tablets (which I hought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., 56 Ciskenwell Road, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of the opinion that they are admirably adaptable for the purpose for which they are intended.

(Signed)

for which they are intended.

(Signed)

John R. Brooke, F. I. C., F. C. S.

There is no secret in the preparation of Stuart's Dyspepsia Tablets.
Their composition is commonly known among physicians, as is shown by the recommendations of 6,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, meiancholis, constitution, dysentery and kindred diseases originating from improper dissolution and assimilation. Two resident physicians are continually by at the hospital and the others make visits as they are needed. The physicians are doing a wonderful amount of good along charitable lines.

The advisory staff of the hospital comparises Drs. Harre Cliff. A. E. Reckey, Sandford Whiting, R. C. Coffey, H. I. Keeney, A. C. Smith, A. There, W. T. Williamson and Calvin White. The staff of physicians who participate in the hospital work are Drs. E. P. Gearr, president of staff R. C. Yenney, N. W. Junes, W. S. Knoy, A. W. Baird, & H. Sierbberg, H. E. Nichols, G. Norman Fease, Paul Rockey, L. Reliatow, Joseph Bilderback, R. J. Co., 250 stuart Bids, Marshall, Mich.
