

"Making Good With Ten Acres"

Thousands are doing it today—thousands more will be doing it in the next few years—"making good" for themselves with ten acres—yes, and five acres, and even less—not merely existing but comfortably and contentedly living—successful by the intelligent application of labor and sacrificing nothing that makes for happiness and health. We say that you can "make good"—be independent, with

A Ten-Acre Tract of

that the opportunities afforded here are unsurpassed. We say that we believe that you can do no better; taking into consideration price, location, transportation facilities, accessibility to the city, etc. We invite you to put our statement to the test—to investigate our proposition, or, what is better, go down to Columbia Acres and examine the land for yourself.

If you are the sort of a person who realizes the impossibility of "getting ahead" in the city by working for others, we believe you will be interested in what we have to offer—that you will be as enthusiastic as those who have taken up tracts at Columbia Acres.

They are homeseekers like yourself—looking for independence—a more ideal way of living—and they have or will know it. It's your chance to give your family a heritage. And these facts, too, are important and worthy of the consideration of the homeseeker:—That Columbia Acres is less than 40 miles from Portland, and 2 1/2 miles from the Columbia River and the railroad; that it is reached by a good macadam road; that fine water can be procured on every tract; that the soil is wonderfully adapted for diversified farming and orchard purposes. Again we say, we believe you can do no better. Here are three instances of the simplicity of our liberal proposition. Come in and get acquainted with us—get a map and other valuable matter descriptive of Columbia Acres.

CHILLY WELCOME DUE McHARG HERE

Oregon Supporters of Colonel

LA FOLLETTE MEN HAPPY

Thomas McCusker, Manager of Wisconsin Man's Campaign in This State Encouraged by Result in North Dakota.

REGISTER TODAY AND SAVE TROUBLE IS PLEA NOW MADE TO VOTER.

Have you registered?
The registration of Multnomah County voters is due approximately \$1,000. This is not what it should be. Every voter must register this year, regardless of whether he did two years ago or not. The law requires a registration every two years.
By registering today the voter will save himself all kinds of trouble on primary election day. If he is not registered it will be necessary for him to get six freeholders to appear in his vote.
The registration books will be closed April 3. To register requires only a few minutes. Attend to it without further delay.
Do it now!

Announcement from Chicago that Ormsby McHarg would visit Oregon in the interest of Roosevelt's candidacy does not set well with the supporters of the ex-President in this state.

The fact is, if McHarg does come to this state, he will receive a chilly reception, according to F. W. Mulkey, who is directing the Roosevelt campaign in this state.

"I have not authentic information that Mr. McHarg is to come to Oregon," said Mr. Mulkey, yesterday. "If he does come to this state, he will come against my earnest protest. Mr. McHarg does not belong in the Roosevelt camp, and the cause of the ex-President does not require his services on the Pacific Coast in any capacity."

Literature is Distributed.
We are distributing considerable literature among the voters in support of the candidacy of Mr. Roosevelt. We also have been promised the services of a number of prominent speakers from the East who will conduct a speechmaking campaign throughout the state. I have not been advised as to the names of these speakers. However, aside from distributing literature and conducting a number of public meetings, no other activities are contemplated.

plated by the friends of Roosevelt in Oregon prior to the primary election." F. P. Hudson, of Chicago, representing the National Roosevelt committee, was scheduled to arrive in Portland the first of the week, but he has not put in an appearance yet. It was announced that the purpose of this visit by Hudson was a conference with Mr. Mulkey, representing the Roosevelt interests in this state, to formulate the details of the campaign that would be conducted in behalf of the ex-President. No explanation is given for the failure of Mr. Hudson to keep his appointment here other than the suspicion that he has not been successful in disentangling the Roosevelt complications in the State of Washington, where he has been for 15 days. Mr. Mulkey has not heard from Hudson since the first of the week, and has no definite information as to when the Roosevelt promoter will arrive in Portland.

La Follette Men Encouraged.
At La Follette headquarters yesterday, Thomas McCusker, manager for the Wisconsin man in this state, said the supporters of La Follette throughout the state had experienced a thorough awakening since the result of the North Dakota election was proclaimed. He said he had been encouraged by the renewed enthusiasm. Movements have been started in various of the counties for the organization of La Follette clubs as a means of promoting the candidacy of the Wisconsin Senator.

Mr. McCusker was further elated yesterday by the receipt of the following telegram from W. L. Hauser, La Follette's National campaign manager, forwarded from Mendota, Wis.:
"The verdict in North Dakota, crushing and overwhelming as it is to those who have not satisfied the people in the records they have made, who demand performance rather than promise, is a great victory. It will give all friends in Oregon renewed encouragement. Go to it!"
The members of the Taft committee are proceeding with the same zeal that has characterized their work since the committee was formed. Large quantities of literature, lithographs and campaign buttons are being sent into the different counties where the various Taft organizations are continuing the work of developing enthusiasm and additional strength to the following of President Taft.

DR. HARRY LANE TO SPEAK Democratic Candidate for Senator Will Outline His Policy.

"The Duty of Democracy" will be the subject of an address by Dr. Harry Lane before the Jackson Club at a special meeting of this organization in the Medical building at 8 o'clock tonight. This will be the first public address of Dr. Lane, since he announced his candidacy last week for the Democratic nomination for United States Senator.
Although he has not finally decided the matter, Dr. Lane is seriously thinking of visiting all of the principal counties in the state before the primary election on April 15. His opponents for the nomination, particularly Walter M. Pierce and O. P. Coshaw, are both making a more or less extensive canvass of the state. The fourth aspirant for the Democratic nomination, Milton A. Miller, is just as active, but he is making an earnest bid for his party's support throughout the state.

THREATENED I. W. W. ATTACK TO BE MET

Spanish-American War Veterans Flocking to Big Meeting Tonight.

NO BLOODSHED EXPECTED

Members of Scout Young Camp Attribute to Politics Permission of Street Speakers to Insult Flag and Dead.

While the cooler heads among the members of Scout Young Camp of the Spanish-American War Veterans are anxious to avoid trouble, at the same time they are preparing for any attack that may be made, realizing that the inflammatory anarchistic speeches on the part of I. W. W. or Socialist orators may provoke violence on the part of hot-headed I. W. W. followers.
Members of the camp say they are not opposed to free speech, but that they object to seditious flings against the flag, the Government, the camp, the soldier dead, the churches and other organizations, whether these utterances come from I. W. W., Socialists or members of stronger political parties.
Indications are that the weekly meeting of Scout Young Camp tonight will be more largely attended than any meeting for weeks. This is because of the reported threats made to W. C. North to "clean out" the camp.

Threats Arouse Ire.

Richard Deich, a member of the camp, said last night:
"We could stand for all this rot the soap-box fellows are peddling, but we don't have to stand it; neither does the public. Somebody must take the lead, and from the encouragement we have received I think there will be an end to it. The boys are coming in from all over the county, and even outside the county to the meeting Friday night. I don't think there is any danger of bloodshed. If there is any, it is up to the Mayor. He is playing a game of politics. Five members of the Mayor's Executive Board are running for office. There are nine candidates for Sheriff and the Executive Board thinks it can hold things level until after the primaries, 30 days from now, and nominate the Sheriff, Circuit Judge and County Clerk. Fitzgerald, Seton and Coffey are Police Commissioners, and while the police could clean these anarchists out in a minute the commission is running for office and is holding the police down. The police aren't bringing them in because the people controlling them are afraid to start something for fear it would hurt them politically. The police don't dare make a move unless they are told to move."

Insults Are Resented.
"We don't intend to stand for the insulting attitude of this bunch on the streets any longer. We have stood it

long enough. We have put in a gentle protest to the Mayor, and the boys are much worked up over it. Either the I. W. W. will have to quit this, or the boys are likely to take it into their own hands. We don't want to do anything rash, yet we will not be insulted on the streets and everywhere by such riff-raff as that. We have plenty of support from the decent element. We have felt as though we could give the police 30 days' leave, and they could have the job again at the end of that time. These people are clamoring for free speech all the time, and yet deny it to everybody else. They don't seem to realize other people have a right to respect decent government, the flag, the country and the dead. They have even gone so far as to insult the mourners at a funeral going by them when they were holding a meeting. They can't hurt us, but they hurt others."

Slower Before Grand Jury.

Chief of Police Slower confirmed last night the report he was called before the grand jury and talked over the situation with them. He said further that six I. W. W. waited upon him Tuesday, and explained to him that there is considerable misapprehension about the I. W. W. W. "The Socialists and the I. W. W. don't affiliate very well," he said. "There are two wings of the Socialists, the Socialists and the radical Socialists. The radical Socialists sometimes make these rank statements. The I. W. W. themselves said they had not used any violent language, and do not intend to. They said they were busy with us in keeping within the law."

Telephone Calls Many.

"Somebody called up this man North, somebody called me up, too, and if I quoted every hoodlum who talked to me on the telephone I would have my hands full. A man called up the other day and asked me, 'Are the police going to assist the I. W. W. in fighting the Spanish-American War Veterans?' I told him he was crazy, and did not talk with him further. Sometimes the calls come from fellows who want to make trouble. 'General Beebe was down to see me a time or two. That is all I have talked with, except one or two business men. I don't expect any violent talk from the I. W. W. but do think there will be some from the Socialists. I am sure if the people of the city will give me any information beforehand or anything that is likely to come up, I believe I can handle it without any serious difficulty. I know I have the assistance of a good citizen."

Law's Technicality in Way.

"There are questions about technicalities of the law which many persons do not understand, and I am allowing anybody to applaud and obligate to allow others to dissent. The people of the Central Christian Church, when they had their man speaking against Socialism, came to me, and I told them how it was. I told them to announce at the beginning of the meeting that it is a religious meeting. Then no disturbance can be made at all. 'The grand jury asked me if I could be of assistance to me, and I was also given some law points. 'They said I was notified about the Baden-Powell meeting and that the disturbance was impending. They didn't bring them in because the police were up there in an automobile as quickly as we could.'"

The proportion of Mohammedans to the aggregate population of India has steadily risen since 1881. It is estimated that the number of Mohammedans under British authority in the Indian empire is now 68,000,000, as compared with 50,000,000 30 years ago.

SELLING STRONG AT THE DALLES

Substantial Business Men Indorse Candidacy of Portland Merchant.

BOURNE WEAKNESS SEEN

Oregon's Need for Representation in United States Senate by Man With Interests of State at Heart Is Cited.

Ben Selling, candidate for United States Senator on the Republican ticket, yesterday received a number of substantial indorsements from the leading business men of The Dalles. Without an exception, the authors of these indorsements extol Mr. Selling as a man of high integrity and ability, whose interests are entirely in the state which he desires to represent at Washington. The indorsements by business men of The Dalles follow:
A. E. Lake, County Judge—I have taken some trouble to investigate the Senatorial situation and I find the people of Wasco County very strong indeed for Ben Selling. His interests are in Oregon, and from a business standpoint, I regard him as a very strong candidate. He will win.
Selling Well Qualified.
F. M. Sexton, of Lane & Sexton, hardware dealers—Selling has been in Oregon for 30 years and has been identified with the business interests of the state for a long time, being qualified to be our next Senator. It is a splendid thing for the people of the state to have a man of his caliber in the field. He is the kind of man we need at Washington as our representative.
Fred W. Wilson, District Attorney—I am earnestly opposed to Jonathan Bourne and I want to vote for the strongest man who can beat him. From all indications, I believe Ben Selling is the man to do it and who will do it.
W. L. Crichton—There is nothing to it but Selling here and he is getting stronger every day and Bourne will be snowed under. The weakness of our senior Senator was well illustrated at Hood River. His representatives could get no one there to circulate his nomination petitions and so a man was sent up from Portland to do the work, but he did not get any signers to speak of. Selling is just as strong as Bourne is weak.

Anti-Bourne Feeling Strong.

Frank R. Angie, County Clerk—Ben Selling is the best man of the candidates by a long way and he will be nominated and elected. The feeling against Bourne, always strong here, was never so decidedly strong before. Selling is very popular with the people of this section.
J. L. Kelly, ex-Mayor—Selling is a

man of extensive property interests in Oregon and if he is sent to the United States Senate, as I am confident he will be, we can expect to get good results from a man of his interests as compared with a man like Bourne with nothing but political interests in Oregon. Ben Selling has been in Portland all his life. I know him and I am acquainted with his people. He comes from a fine, substantial family. He has experience and is well equipped in every way for the high position he seeks. Oregon needs a business man of Selling's ability to represent her at the National Capital and I am confident Oregon and Selling will win April 19.

NOODLE HOUSE IS BLAMED

Pittsburg Grill Holds Pekin Chargeable for Conditions.

While no action was taken in the cases of the Pekin and Pittsburg grills, located at Sixth and Stark streets, it was disclosed at a meeting of the City Council liquor license committee yesterday by Seneca Fouts, attorney, that the Pittsburg Grill proprietors intend to lay the blame for the trouble on the corner for due to young girls going up to the Pekin Grill and not to actual conditions for which the Pittsburg proprietors should be held responsible.
Councilman Baker has brought charges against the Pekin Grill. It has been reported to him that the Chinese there are catering to young women. Councilman Watkins, chairman of the license committee, also complained against the Pittsburg. He was absent yesterday and the cases went over. Attorney Fouts said, however, that the trouble on the corner is due to young girls going up to the Pekin Grill and not to actual conditions for which the Pittsburg proprietors should be held responsible.

For Your Hair Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "32" Hair Tonic has grown hair on heads that were once bald. Of course, it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance.
When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.
When Rexall "32" Hair Tonic will do as above stated, it is not strange that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently taint the hair.
We want you to get a bottle of Rexall "32" Hair Tonic and use it as directed. If it does not relieve scalp-itch, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.
We lend our indorsement to Rexall "32" Hair Tonic and sell it on this guarantee because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00.
Sold only by the Owl Drug Co. stores in Portland, Seattle, Spokane, San Francisco, Oakland, Los Angeles and Sacramento.
