Candidate Sees Danger of Rule by Socialists Unless Leading Parties Do Not Answer Popular Demand.

Declaring that the Lane ambition for office is not so overpowering that he would not gladly and willingly submerge would not gladly and willingly submerge it in favor of any other Democrat who will stand unfinchingly for the prin-ciples of the party. Dr. Harry Lane, candidate for the Democratic nomina-tion for United States Senator, last night opened his campaign with a speech before the Jackson Club. He denounced the present tariff system and declared for tariff for revenue only. declared for tariff for revenue only, and predicted the success of the Social-ists at the polls if either one or the other of the old-line parties does not

respond to popular demand.

"Things are approaching a crisis," said Dr. Lane. "Unrest is spreading over all the world. We will have to come down to the principles enunciated by the founders of the Democratic tests." party, which are being followed by one of the most intelligent of our oppo-nents. I refer to Mr. La Follette. Socialistic Menace Seen.

Socialistic Menace Seen.

These principles must be followed to the letter and to the finish or we will fail as a Nation. If we do not get back to them some other party will. The goblins will get both parties and the Socialists will come into power.

"Our present tariff system is simply a method of farming out taxes to favorities to squeeze the money out of the people. Tariff for revenue only must be the Democratic war cry. The tariff today hurts more people than it benefits. It has built up a few enormous fortunes and at the same time there are millions about to die or suffering from starvation. On top of this a group of men have formulated a scheme to get control of the circulating medium of the country. This is the most threatening danger of all. When they de get that ball and chain around our legs we will be simply serfs.

He delivered, a get-together speech in which he spoke of having written to a friend in another state, "Any old thing can be a Republican in Oregon. It where a man with some courage and takes a man with some courage and principle to be a Democrat in Oregon." His willingness to stand first, last and all the time for tariff for revenue only was the only test of a true Democrat, Mr. King said. SUPPRESSION OF AGITATORS IS REALTY BOARD'S DEMAND.

Speakers at Luncheon Charge That Delay in Action Is Due to Political Reasons.

Vaciliation on the part of the city administration in dealing with the I. W. W. agitators, "soap-box" orators and undesirables and in relieving Portand undestrables and in relieving Fort-land of these dangerous characters again was charged by the Portland Realty Board at its regular weekly meeting yesterday. The explanation given by both Mayor Rushiight and Councilman Baker, Acting Mayor, in the absence of Rushiight, to representhe absence of Rushlight, to representatives of various organizations that gentle means should be employed in meeting the issue, brought forth severe condemnation when George B. Cellars, chairman of the meeting, declared that the city officials were not in sympathy with the movement to stop traitorous and revolutionary

street meetings. Following addresses given by mem bers of several organizations relative to the situation, it was urged that committees of all bodies interested in good government and in the progress of the city formulate a definite plan looking to the solution of the situa-tion. A report will be submitted to the Realty Board part week. Realty Board next week.

of a figure in this matter."

C. V. Cooper, representing the Rotary Club, also declared that the city administration was paying too much attention to politics.

"If we are unable to induce the officials to do their duty, it will remain for the people themselves to take a hand in the matter. The time for talking has ceased. We must act and adopt some effective programme of eliminating the undesirables."

Eugene Brookings, president of the Progressive Business Men's Cub, declared that the members of his organization were in hearty sympathy with the movement started by the Realty Board and would lend its active support.

E. C. Giltner, secretary of the Cham E. C. Giltner, secretary of the Chamber of Commerce, advised immediate action in dealing with the trouble-makers. He suggested that the committees from the various organizations formulate a plan that would meet with the approval of all classes interested in the welfare of the city. Addison Bennett, speaking for the Commercial Club, said that the time had passed for using leniency toward the hoodlum element and urged that steps be taken without delay to meet the situation.

E. F. Cannon, author of the motion to have all organizations handle the situation as a unit, censured the city

situation as a unit, censured the city and county officials and declared that they should be held responsible for

present conditions. SOCIALIST SCORES AGITATORS

Representative of Party Offers Aid to Prevent Riots.

C. B. Eills, representing the regular Socialist party, called upon Chief of Police Slover and Chalrman Coffey, of the police committee of the Executive Board, yesterday, to denounce both the lawless acts of agitators and the indiscriminate denunciation of their critics. He asserted that his party had no con-nection with the affair and did not ap-

rove of it. Mr. Ellis said that the leaders of the party were out of sympathy with the disturbance at the Baden-Powell meeting and that their members had been advised not to attend, or to re-main quiet if they did go. He char-notering country to the characterized certain street speakers as "trouble breeders" and referred particularly to one man, who came here from Los Angeles after the McNamara trial, who, he said, has been a detriment to the Socialist party in both cities.

detailed for extra duty last night, with special reference to expected rioting. NAVY CLUB DENOUNCES I. W. W.

One more resolution condemning the character/of the free speech indulged in by the I. W. W. on the streets of Portland has been forwarded to the Mayor and clubs of the city.

The United States Navy Club, of Portland, at its regular meeting in the Railway Exchange building Thursday night, adopted the following resolution drawn up by the board of directors unanimously:

LINE MAY BE EXTENDED

MT. HOOD COMPANY PLANS TO BUILD TO KELLY BUTTE.

Road Probably Will Run From Rock Crusher to Connection With Hawthorne Tracks.

The Mount Hood Railway & Power Company may build a branch from Russellville to Kelly Butte, the county rock crusher, and from there to a connection with the Hawthorne-avenue carline at the corner of East Sixtleth and Division streets, along the Section Line Road. There is a jog in the Section Line between the Grange Hall and East Eighty-second street, and a carline could not follow the

Agents for the Mount Hood Railway Company have been negotiating with Agnes Niblen, owner of the land on the north side of the Section Line Road at this jog, for right of way through the corner of her property between East Eighty-second street and the Grange Hall. Alfred Niblen, a well-known resident and brother of Mrs. Niblen, said yesterday that the company probably will seek for a franchise to construct a track on the Section Line Road to East Sixtieth street, there to connect with the Hawthorne-avenue carline. It is known thereet, there to connect with the Haw-thorne-avenue carline. It is known that the county is anxious to get a carline to Kelly Butte, so it may trans-port crushed rock to the different roads of Eastern Multnomah County by cars, and probably will give the com-nent the right to law track on the cars, and probably will give the com-pany the right to lay track on the county road to East Sixtleth street. The agents of the company, who have been negotiating for rights of way, said that there will be a meeting of the directors of the Mount Hood Rail-way Company the coming week, when they will decide what they will do with this extension. with this extension.

The promoters of the street railway extension on Twenty-ninth avenue from East Sixtleth and Division streets to East Seventy-first street, are ac tive and declare they certainly will build that extension. They have se cured subscriptions to the amount of \$11,000 and hope to get more. The trustees of the South Mount Tabor Improvement Association report they are negotiating with railroad contractors, and find that they can get the track and find that they can get the track laid for a much lower figure than that given out by the Portland Rallway. Light & Power Company. J. E. Rand, secretary of the association, declared yesterday that they will build the ex-tension, and thinks that the proposed extension on the Section Line Road will not be built. He regards that will not be built. He regards that movement as one to head off the building of the extension on Twenty-ninth avenue, on the part of those who are disappointed because the Section Line Road was not selected as the route.

There is a very large acreage beyond the city limits and the owners are anxious for streetcar facilities and will contribute liberally, so it is reported, toward the construction of any line that will give them connection line that will give them connection with the city street railway system.
