

UNDERWOOD GAINS SHOULD CLARK WIN

Promotion of Speaker Would Mean Certain Advancement for Alabaman.

BOTH OPPOSED TO WILSON

Outlook Is That House Leader Will Withdraw in Favor of Friend if Early Ballots Show He Cannot Win Himself.

OREGONIAN NEWS BUREAU, Washington, March 22.—If Champ Clark were elected President next November, Oscar W. Underwood, of Alabama, would be the next Speaker of the House of Representatives.

Representative Underwood today occupies the position in the House that was held by Champ Clark in the session immediately preceding his election as Speaker, but he is even more strongly entrenched than was Clark.

By reason of his prominence as Democratic floor leader—an honor that was bestowed upon him by the rank and file of the Democratic membership of the present House—Underwood has had opportunities to increase his popularity.

Having attained such prominence as he now enjoys before reaching his 50th year, he could well content himself with a chance at the Speakership, if by withdrawing from the Presidential race, he could make sure the nomination of Clark.

That being true, it is reasonable enough that Clark and Underwood should both be anxious to withdraw from the Wilson candidacy.

MINORITY BILL IN

Republicans Offer Wool Tariff Measure in House.

PARTY ISSUE IS DRAWN

Duty on Manufactures Adjusted to Cost of Conversion From Wool to Cloth—Carpet Rate Is Greatly Reduced.

WASHINGTON, March 22.—The Republican members of the ways and means committee introduced today a minority bill revising the wool schedule of the present tariff law in accordance with their interpretation of the report of the tariff board.

Duty Reduced to 35 Per Cent. Under the Republican bill the equivalent ad valorem duty would be about 25 per cent on raw wool, as compared with 20 per cent in the Underwood bill.

Cost of Manufacture Considered. He said it would make woolen rugs datable at 2 cents a pound instead of 10 cents, practically would fix a duty on wool manufactures about the same as if the same amount of wool were imported in the grease, and would fix in addition an ad valorem duty adjusted to the cost of conversion from wool to cloth, in accordance with the tariff board's schedules.

That as an offset to this reduction averaging 2 1/2 per cent would be made on all grades of carpets.

\$15,000 Damage Action Nonsuited. CHEHALIS, Wash., March 22.—(Special.)—The \$15,000 damage suit of Mrs. Julia Drowanek against the Wauville Lumber Company for the death of her husband was nonsuited in the Superior Court.
