

LA FOLLETTE'S JOB WILL COVER STATE

Wisconsin Senator to Speak in All the Principal Cities Early in April.

MCUSKER IS OPTIMISTIC

Manager of Campaign in Oregon Says Sentiment is Developing Rapidly — Taft Speaker Plans Trip.

OVER 26,000 VOTERS HAVE REGISTERED TO DATE.

To date 26,000 voters have registered. The number yesterday was 406. Of the total 27,510 are the publishers, 502 are Democrats, and 192 are Prohibitionists, according to independent figures from now until they close, on April 9, ten days in advance of the primary election, the books will be open continuously from 8 in the morning till 9 in the evening.

Thomas McCusker, who is managing La Follette's campaign in this state, last night telegraphed the National headquarters of the Wisconsin man in that it would be advisable for La Follette to make not less than a dozen public addresses when he visits Oregon next month. This message was sent in answer to a telegram received by Mr. McCusker earlier in the day in which it was announced that La Follette would be prepared to make three or four addresses each day if suitable train connections could be provided. "I have not been informed of a definite time of Senator La Follette's arrival in this state," said Mr. McCusker yesterday, "but it will be some time between April 5 and April 15. My plan is to have him speak at least four times in Eastern Oregon on his way to Portland, and at fully twice that number of meetings in the Willamette Valley and Southern Oregon as he makes his way to California.

"If my plans are approved, La Follette will speak at Baker, La Grande, Pendleton and The Dalles in Eastern Oregon, and at the following points south of this city: Salem, Albany, Eugene, Roseburg, Grants Pass, Medford and Ashland."

La Follette Sentiment Growing.

Mr. McCusker reports that sentiment in favor of the Wisconsin man is developing rapidly in this state. Since the decisive victory scored by La Follette in the recent North Dakota election, Mr. McCusker has received a large number of letters from La Follette supporters in different sections of the state who are requesting literature for distribution. Evidence of renewed interest in La Follette's campaign was furnished in volunteer movements that have been started in various cities for the organization of La Follette clubs.

The Portland Campaign.

The Portland campaign has been particularly unfortunate in securing speakers for campaign work in Oregon. Originally United States Senator Townsend, of Michigan, and Representative Foster, of Vermont, were assigned to this state by the National Taft organization. Mr. Townsend was obliged to cancel his engagement because of sickness in his family, and Mr. Foster was also taken ill and died 30 days ago.

Scott's Trip Canceled.

The field was thoroughly surveyed for other available men to be sent to this state, and ex-Congressman Scott of Kansas, was chosen. The Portland committee, advised that Scott would start for Oregon yesterday, had prepared a telegram from the office of the Kansas, whose first meeting was scheduled for Friday at Ontario. Yesterday the committee received a telegram from the Kansas office explaining that the Western trip of Scott had been canceled and that he would devote his services to campaign work in Kansas, where, it was believed, he was needed more than in Oregon.

WORD NOT RUNNING, HE SAYS

Rumor Heard That Democrats Plan to Write in ex-Sheriff's Name.

Rumor has it that Democrats of Multnomah County intend to write in Tom Word's name opposite the office of Sheriff on the Democratic ballots at the coming primary election. When asked last night for confirmation of the rumor, the Word said, he knew nothing about it; that he is not a candidate. "I think they are going to write the name of John Monahan," he said, "but I certainly am not in the campaign, for I have not filed a petition."

J. C. Bryant Files Intention.

J. C. Bryant yesterday filed notice of his candidacy for a Republican nomination as State Representative. He was a member of the 11th Legislature. He declares in favor of such legislation "as will uphold legal enterprises and develop the state's resources" and for a highway bill to meet the demands of the people of the various legislative districts as expressed through their representatives. He says appropriations should be limited. As his slogan Mr. Bryant has adopted "For re-election, Statement 1, economy in public expenditures."

INDICTED MAN RETURNED

T. J. Uhlman Must Stand Trial on Embezzlement Charge.

Bringing T. J. Uhlman, former proprietor of the Hoyt Hotel, charged with the embezzlement of \$3000 from the Weinhard estate, Detective Frank Snow arrived from Callahan, Sitka, Alaska, Cal., yesterday morning. Uhlman was sent to the county jail to await trial on an indictment. The capture came through suspicions entertained by the Constable, Charles Weinhard, when he found that Uhlman was traveling under two names, passing his time in the mining camps, playing poker. The Constable, mentioning his suspicions, and was informed that the man was badly wanted here. Uhlman received the money from the Weinhard people in cash, two checks over the saloon bar. He is alleged to have held a bargain sale of the property in the saloon before departing.

PORTLAND COUPLE WILL MAKE GIFT TO UNIVERSITY OF OREGON AS MEMORIAL FOR SON.

SUNDIAL TO BE PRESENTED BY MR. AND MRS. F. P. MAYS.

What will be, so far as has been ascertained, the first sundial that has ever been set up for a public institution in Oregon has been secured by Mr. and Mrs. F. P. Mays, of Portland, and will be given to the University of Oregon as a memorial to their only son, Wilson, who died about three years ago and who would have been a graduate from the university in the class of '08 had he lived.

It has not been determined as yet what ceremonies of presentation the university will arrange for the installation of the memorial dial on its campus. It will probably be unveiled at a special ceremony which will be held on the campus.

The dial was made by Francis Barker & Son, Ltd., scientific instrument makers of London, and their most expert dial maker was engaged for nearly a year completing the elaborate and delicate engraving upon its surface. The design which is engraved on a plate of gun metal is 22 inches in diameter and is made of gun metal, a material that is expected to prove practically indestructible, so that the sun dial will be one of the most permanent land marks on the Oregon campus.

Flawless Granite as Foundation.

On the dial face is shown the exact latitude and longitude of the Oregon University, and the dial itself was constructed especially to record the solar time at that point, which is more than eight hours slower than the Greenwich time. The solar time also differs from the standard watch time, and the exact difference will be shown on an equation table which is engraved on a plate of gun metal to be set in one of the faces of the granite base.

Latin Mottos Engraved.

Two Latin mottoes are engraved on the circumference of the dial, one around the outer portion, which translates "The heavens declare the glory of God and the firmament showeth his handiwork." The second, engraved on an inner circumference, is a Latin verse by Cowper, which, translated, reads: "How slowly come, how swiftly pass the hours; he who would seize them, let him be patient, but watchful." Below the mottoes is a scroll with the lower portion of the mottoes inscribed. In memory of Wilson Pierce Mays; 1884-1910.

Sundials date back for centuries, the first mentioned existing eight centuries before Christ—the dial of Ahaa, mentioned by Isidore. In all countries of Europe sundials of beautiful workmanship are common, and in the United States nearly all of the large universities have them as useful and ornamental landmarks on their campus. Princeton, Yale, Harvard and others

AFTER ILLNESS OF MONTH, PORTLAND WOMAN TAKEN BY DEATH.

Mrs. W. A. Currie, wife of W. A. Currie, president and manager of the Union Brick & Tile Company, died Monday after an illness of a month at the family home, 557 Elizabeth street, on Portland Heights.

Mrs. Currie was born in Iowa in 1845. In 1865 she came to Oregon with her parents, who took up their home in Portland, and she had lived here ever since. In 1884 she became a communicant of the First United Presbyterian Church. In the same year she married Mr. Currie. For the past six years she had been engaged in the treasurer's office of the Portland Railway, Light & Power Company.

Mrs. Currie is survived by her husband, one sister and four brothers. Her sister is Mrs. G. G. Reed, of this city, and her brothers are Jacob, William and B. J. Denning, of Portland, and Hugh Denning, of Seattle.

The funeral services will be held at the First United Presbyterian Church, at Sixth and Montgomery streets, Thursday afternoon at 2 o'clock. The services will be held by Rev. F. D. Finley, the pastor. The burial will be in Lone Fir Cemetery.

METER FAVORS OFFICER

Patrolman's Light Bill Shows Company is His Debtor.

Being learned in algebraic computations, Patrolman Wellbrook, of the police department, has figured that the electric light company owes him \$10.39 on his monthly light bill, but up to the present moment he has not succeeded in collecting the amount. Wellbrook, famous in the department for his whimsical humor, is a sort of a universal genius and knows electricity among other things. He hires the meter on a minimum basis. Some weeks ago he was away from home and used no power, but he asserted that the meter kept ticking away just the same, and when he returned he was confronted with a bill for \$4.80. He paid it with a wry face and under protest. Then he investigated. The policeman found that by changing the positive and negative poles of the machine he could make it run backward, and he caused the extortionate instrument to "sawfish" until the inspector came around again. The result was a negative quantity which figured out minus \$10.39. Every expert in the service of the company inspected the meter, says Wellbrook, but the net result continued the same. "They say the meter can't lie," says Wellbrook, "so I don't see why they shouldn't pay over the money."

BOARD MEN TESTIFY

Grand Jury Would Find Out Who Is Running City.

POLICE CONTROL IS ISSUE

Mayor's Executive Department Members Said to Have Declared That They Were Figureheads as Regards Authority.

To assist the grand jury in arriving at a conclusion as to just who is running the city—that is, which officials are mere figureheads and which ones are really in charge of the machinery of city government—also members of Mayor Rushlight's Executive Board were summoned before the county body yesterday. They were closeted one after the other with the jurors for varying lengths of time.

Those who responded to the summons were: D. Salls Cohen, Waldemar Seton, George Hornby, K. K. Kubli, John Perry, John B. Coffey, W. H. Fitzgerald, H. C. Fick and J. J. Murnane. The tenth member of the board, E. O. Reeder, could not be found.

It is reported that the grand jurors asked each of the men if they favored civil service in the Police Department and that in every instance the replies were in the negative.

Street Speeches Cause Inquiry.

The grand jury started its investigation into the city government following the breaking up of the Baden-Powell meeting by rowdies, the object being to fix responsibility for the failure of the Police Department to keep order on that occasion and for failure to suppress street orators guilty of uttering violent and anarchistic remarks about religion, the flag and American institutions generally.

Waldemar Seton, W. H. Fitzgerald and John B. Coffey, members of the police committee of the executive board, denied responsibility, declaring that Chief Slover takes his orders from Mayor Rushlight direct and that the committee has nothing to do with the active management of police affairs.

Chief Slover declared that all he could do was as he was told, and Mayor Rushlight, having left about this time for California to benefit his health, the jury was in as much a muddle as before, hence the calling of the Executive Board members yesterday.

Mayor Controls City.

The witnesses of yesterday are believed to have testified that, from the standpoint of having official authority, they are largely figureheads and that the city government is really controlled by the Mayor with the assistance of a couple of advisers who happen to be members of the City Council.

Reports that the Civil Service Commission is being operated to assist in the building up of a political machine have reached the grand jury and will be included in the investigation. Major Kennedy, former secretary of the commission, and John P. Logan, chief of the commission, have been told that the jurors want a conference with them, it was authoritatively said yesterday. Other witnesses at present connected with the commission are likely to be called also.

NOTED SCIENTISTS COMING

Exploration of Crater Lake Object of Visit to Oregon.

Sixty of the world's leading scientists will visit Portland early next September on a transcontinental tour of the principal points of interest to men in their profession. The object of their excursion into Oregon is an exploration of Crater Lake and the territory surrounding it. They will stop, en route, at Yellowstone National Park.

The trip, which will be made in a special train, will celebrate the sixtieth anniversary of the founding of the American Geographic Society of New York and the occupation of the new building at Oregon State University. The trip will be in charge of Professor William Morris Davis, of Harvard. The route through the Northwest will be over the Northern Pacific. Many of the leading geographical societies of Europe have been invited to appoint delegates to the excursion. Among those who already have expressed their intention of coming are scientists from some of the big universities of Austria, Belgium, Denmark, France, Germany, Great Britain, Hungary, Italy, The Netherlands, Norway, Portugal, Russia, Spain, Sweden and Switzerland. They will be accompanied by a distinguished company of American geographers.

The excursion will leave New York about October 15. For \$55.000 we are offering a four-story brick building on Salmon street, under lease paying better than 9 per cent net. A mortgage of \$15,000 can be assumed. Write to J. W. Jackson & Deering, 246 Stark street.

Picketers' Tactics Shown.

Among those who yesterday testified to acts of violence and the use of abusive language by the union men, were: C. E. Mack, Arthur Havill and Leonard Elk. Havill said he had once been beaten by picketers and forced to remain at home four days. Testimony of the tactics of the strikers was given also by G. W. Bale, a draftsman for the Willamette Iron Works. He told of witnessing assaults upon the men who refused to strike or who had taken the place of strikers.

Special Prosecutor Davis forced the witnesses to admit that if the strike were successful and the machinists got shorter hours and higher pay they would gladly share in the fruits of victory.

BERNHARDT FILMS WONDER

Famous Actress Faithfully Portrayed as Dumas' Heroine.

If there is anyone who has failed to appreciate the artistic possibilities of the moving picture he will need only to see the films portraying Bernhardt in "Camille," now being shown at the Grand Theatre, to be convinced that a new medium has been offered for the presentation of works of the highest dramatic art. The opportunity to see the world's greatest actress in Dumas' old play is one that a large part of the public will not willingly forego.

To say that the Bernhardt film is the most interesting ever shown here is one way of saying that it is altogether satisfying. To those who have seen the actress it will prove a faithful reproduction of her great powers, and to those to whom this privilege has been denied it will prove a rare dramatic treat. To portray a woman in the flush of youth and showing here is one way of saying that it is altogether satisfying. To those who have seen the actress it will prove a faithful reproduction of her great powers, and to those to whom this privilege has been denied it will prove a rare dramatic treat. To portray a woman in the flush of youth and showing here is one way of saying that it is altogether satisfying. To those who have seen the actress it will prove a faithful reproduction of her great powers, and to those to whom this privilege has been denied it will prove a rare dramatic treat.

WILDE JURY BILL PASSED

Extra Compensation of Nearly \$400 Granted by County Court.

The 12 jurors who heard evidence in the case of the state against Louis J. Wilde, which resulted in an instructed verdict of not guilty, have been allowed extra compensation to the extent of \$33 each, a total of \$396, by the County Court. This is for the 16 nights and one Sunday they were locked up. When the bill was first presented, together with a recommendation from

SHORT STORY

Food That Changed His Life.

Many level-headed business men pay too little attention to what they eat until sickness attacks them. Sedentary occupation, improper food and daily resort to drugs, coffee or liquors to "another" the disease has put many a good man away. "For many years my labors have been entirely indoors," writes a N. Y. man. "Naturally, want of exercise, coupled with hasty eating of lunch with more or less greasy food and pastry told on my digestion. "For a long period I tried scores of remedies without avail, and finally I was compelled to resign my position as secretary of an important business association. My weight had run down from 145 to 115 lbs. I was unable to sleep naturally, rose unrefreshed and without ambition, simply dragged about, feeling more dead than alive. "About a year ago at a meeting of the Royal Arcanum, of which I am Orator, I was advised to try Grape-Nuts. But I had no faith in treating the matter with such a method, and said so. "It finally won my promise to give it a fair trial. I began the following day and, to make a long story short, in less than a year I have revolutionized my physical and mental condition, now weigh close to 150 lbs., and can digest all my food, which is eaten with relish. This change is due to Grape-Nuts."

THREAT IS DENIED

Patrolman's Testimony Favors Defense in Hicks Case.

PICKETS' TACTICS SHOWN

Acts of Violence Preceding Murder Described by Several Witnesses. One Laid Up Four Days Following Attack, Is Declared.

Testifying for the defense in the Hicks murder trial yesterday, Patrolman Glase declared that he had never heard Burt Hicks, who is on trial for the killing of W. A. Wortman, say anything which he could construe as threats against the union picketers. This is in direct opposition to the statements of Patrolman Burawo, a brother policeman, who said that Hicks had said in the hearing of both policemen: "If any of these fellows start anything there won't be so many of them left."

The witness remembered hearing Burawo remark on looking out the window of the shop and seeing a large group of picketers. "Boys if there is anything going to be doing it seems to me it might be tonight."

Glase Denies Hearing Remark.

It was in answer to this that Hicks is alleged to have made the threatening remark, evidence concerning which was introduced by the state as proof of premeditation, an element necessary to substantiation to a charge of first-degree murder. Glase said that if Hicks had made the reply attributed to him, or any remark of a violent character, he could not have helped hearing it.

The defense is still introducing evidence of the tactics employed by picketers, the object of this being to show that Hicks had reason for apprehension. This is being done by means of strikbreakers.

Among those who yesterday testified to acts of violence and the use of abusive language by the union men, were: C. E. Mack, Arthur Havill and Leonard Elk. Havill said he had once been beaten by picketers and forced to remain at home four days. Testimony of the tactics of the strikers was given also by G. W. Bale, a draftsman for the Willamette Iron Works. He told of witnessing assaults upon the men who refused to strike or who had taken the place of strikers.

Special Prosecutor Davis forced the witnesses to admit that if the strike were successful and the machinists got shorter hours and higher pay they would gladly share in the fruits of victory.
