

WARM WORDS FLY OVER EVERGLADES

Clark Hurls Short, Ugly One at Man Indicted by Federal Grand Jury.

OFFER TO FIGHT IGNORED

Attache of Joint Printing Committee Asserts Previous Testimony at Hearing Was "Absolutely False and Untrue."

WASHINGTON, April 1.—Indictments growing out of the Florida Everglades investigation in the Department of Agriculture were returned by the Federal grand jury today against C. G. Elliott, A. T. Morehouse, Gray P. Teale and Frank E. Singleton. The defendants are charged individually with having approved or presented false vouchers against the Government.

Elliott and Morehouse have asserted that the charges of technical violation of the law against them and their dismissal from the Department were brought about by their opposition to Everglades land promoters.

SAFE BLOWING CONFESSED

Man Completing Sentence as Deserter Admits Former Crime.

SAN FRANCISCO, April 1.—Harvey F. Sprague, safelaborer and deserter from the Army, bought a Bible two years ago, just after taking French leave from Jefferson Barracks, St. Louis, and conscience smitten, resolved at once to expiate his crimes, according to the story he told the police today.

61 STRIKERS PUT IN JAIL

(Continued from First Page)

without loss of life or destruction of property.

Carrie Walker, proprietress of a barber shop on Huron street, near the bridge, was one of the first to be arrested. She was taken to the police station in an automobile and booked on a charge of inciting a riot.

Officers raided a Greek poolroom on "G" street early this afternoon and later arrested several of the Greek strike leaders in a resort on Huron street. A score or more Greek patrons of the place were lined up against the wall and searched. Two guns were found and the men carrying them were taken to the police station.

With 50 armed guards stationed about the plant, the Slade mill resumed operations this morning. One-half of the mill is running, but according to a statement from W. R. Mack, manager, all the machinery, which is not at present undergoing repairs, is running with a crew sufficient to carry on the work.

For a time this morning the situation at the Slade mill took on a grave aspect, when a mob of several hundred men descended on the mill and endeavored to prevent 200 strikebreakers going to work.

No Shots Fired by Police.

The strikers blocked the entrances to the plant and the police and special guards were forced to use their clubs to beat the men back. Though all the guards at the mill were armed with guns, it was not necessary to fire a shot.

As an Easter Eggsample of Eggoissance, take a look at our new shoe display. New shoes are as necessary as hats for the Easter season. Everything else, to go between, is here in perfect harmony.

LION CLOTHING CO.

166-170 Third Street.

city are flying American flags, which have been displayed by citizens to show their sympathy with the authorities in the movement to quell the present disturbances.

Members of Company G, Washington National Guard, say they are ready for duty if necessary, but so far the authorities say they are able to cope with the situation.

RETURNING GREEKS BARRED

Raymond Drives Deported Men Out of Town Once More.

RAYMOND, Wash., April 1.—(Special.)—One hundred of the Greeks who were shipped out of Raymond Saturday returned to this city on the afternoon train yesterday. They got off at the train turned right around and went right back again with 200 angry citizens prodding them along.

COAL MINES IDLE

Men Believe Wage Scale Will Be Adjusted by April 20.

NO TROUBLE IS REPORTED

President White Expects Bituminous Men to Ratify Cleveland Agreement and Looks for Peace Soon in Anthracite Fields.

INDIANAPOLIS, April 1.—With only one or two exceptions, the suspension in the coal mining industry of the country, which went into effect at midnight last night, when the wage contracts between the members of the United Mine Workers of America and the bituminous and anthracite operators expired, was general today.

Approximately 400,000 miners are out of work, the country will mine more than a million tons of coal and the miners are out about \$1,000,000 in wages.

John H. White, president of the miners, before starting for his home in Okaloosa, Ia., this afternoon, said he expected the bituminous men to ratify the Cleveland agreement and return to work, probably by April 20. He also predicted a speedy adjustment of a wage contract in the anthracite field when the miners and operators met in Philadelphia, April 10.

HOQUIAM CHECKS STRIKERS

Dr. H. F. Titus, Leader, Is Arrested on Charge of Sedition.

HOQUIAM, Wash., April 1.—With 50 regular police and 200 citizen police, Hoquiam has checked the International Workers of the World outbreak, which has prevailed here since the strike in the sawmills began two weeks ago.

The citizens have guaranteed protection to all who desire to work and are arresting the International Workers of the World leaders and all others who violate the ordinances or who openly preach sedition and revolution. Of the 150 persons arrested in front of the Lytle mill this morning all have been released except two or three leaders.

The Lytle mill was opened this morning without bloodshed. Two hundred armed citizens appeared at the mill at 8:30 o'clock and established a deadline about 200 feet from the mill, and as the I. W. W. agitators appeared, followed by Greeks and other strikers, they were arrested, and if they persisted in crossing the deadline, searched and thrown into boxcars. Many of the leaders disappeared to avoid arrest. A dozen ring leaders, including two or three who were armed, were sent to jail. The boxcars containing 500 striking laborers were brought down town, the men lectured and released. This plan will be pursued every morning until all of those who are determined to resist order have been placed on the city rooftops. Dr. H. F. Titus, the leader, who was arrested on a city warrant Saturday and released on bail yesterday, was re-arrested last night on a Federal warrant charging sedition, and will be taken to Tacoma.

Two Railways to Be Built.

SALEM, Or., April 1.—(Special.)—In the incorporation articles of the Pine Timber Company, which were filed here today, construction of two small railroads are contemplated. These are to operate from the Southern Pacific station at Roxas River, formerly Woodville, going up both Evans and Elk creeks, following the grade of the creeks as near as possible to the headwaters of the streams. The company is capitalized at \$100,000, and the principal place of business will be at Medford.

Ind. in which the men continued at work with the understanding they are to receive the new scale of wages. No trouble has been reported from any district and pumpmen and others required to keep the property in shape for a resumption remained at their posts today, the same as over a holiday.

ANTHRACITE REGION QUIET

Leaders Impress on Men Difference Between Suspension and Strike.

PHILADELPHIA, April 1.—Peace and order reigned today in the anthracite regions, where the command to suspend work until the execution of a new agreement between the workers and the operators was obeyed by about 175,000 miners.

No attempt was made to operate any of the collieries, and everyone appears prepared to await patiently the result of the conference to be held between the leaders of the United Mine Workers and the operators in this city on April 10.

Shiphwrights Return to Work.

SAN FRANCISCO, April 1.—One thousand shipwrights and caulkers, who struck several weeks ago, demanding a closed shop, eight-hour work day and a minimum wage of \$5, returned to work today, it having been announced that the Master Shipwright Association had granted all their demands.

Demonstration Farm Planned.

CENTRALIA, Wash., April 1.—(Spe-

cial).—Governor M. E. Hay was in Chehalis recently for the purpose of inspecting the State Training School. While there the Chief Executive was interviewed on the subject of placing a demonstration farm in the area in-

closed by the racetrack at the local fair grounds. The matter has been under discussion by both the Centralia Commercial Club and the Chehalis Citizens' Club for some time past, and Governor Hay was asked to lend his sup-

port to secure an appropriation from the next Legislature for the maintenance of a farm. It is argued that the farm will prove an added attraction for the fair, as well as being of great benefit to the farmers of Lewis County.

EASTER LILIES and FLOWERING PLANTS

of every seasonable variety and description. A profusion of

CUT FLOWERS

We cordially invite you to call during the week and see this remarkable exhibit.
