

WOMAN CONFESSES SHE KILLED GIRL

Stepmother of Child Found Dead in Torrid Attic Will Go to Prison.

COMPROMISE IS REACHED

Pitiful Case of Tot Bound, Neck Broken, in Garret Is Ended When California Widow Follows Brother to Cell.

OROVILLE, Cal., April 5.—Mrs. Emma Rumball entered a plea of guilty to a charge of manslaughter in connection with the death of her 12-year-old stepdaughter, Helen Rumball, and was sentenced to two years in San Quentin Penitentiary.

Mrs. Rumball's trial on a charge of murder was about to have been begun, when a compromise was effected and the charge reduced to manslaughter.

Child Found Dead. Helen Rumball was found dead July 2 last by physicians, who had been summoned on the statement of Mrs. Rumball that her stepdaughter was ill.

Mrs. Rumball confessed that she had bound the girl hand and foot to posts in the attic, where the thermometer was shown to have stood at 139 degrees.

Woman and Man Arrested. Mrs. Rumball and her brother, Arthur Lewis, were arrested. Experts testified that the girl did not die of suffocation and that her neck could not have been broken in the manner revealed in the autopsy by hanging.

Witnesses testified that Lewis, a powerful man, had boasted of his ability to break the neck of a steer in just the manner that Helen Rumball's neck had been broken. Lewis received a 18-year sentence on a compromise verdict of manslaughter.

SCOUTS' OFFICER DROPPED

Orra L. Houser Must Quit Philippine Service Because of Cruelty.

WASHINGTON, April 5.—First Lieutenant Orra L. Houser, Philippine Scouts, has been dismissed from the service on a court-martial, which was approved today by President Taft.

Charges against the officer alleged drunkenness, trying members of his command to snakes without food and water, trying one man to a tree on the edge of a stream, so that the soldier was compelled to stand with one foot in the water, and that he struck others with the handle of a whip.

FLOOD'S AREA IS GROWING

(Continued from First Page.) exhausted. There is little suffering from hunger.

CAIRO IS CUT OFF, BUT DRY

Effect of Flood in Factory Suburbs of City Appalling.

CAIRO, Ill., April 5.—Cairo, surrounded for two days by water, remained dry tonight and is believed to be secure from flood. The levees stood firm and the men patrolling them reported there was no sign of any weakening.

The citizens recovered quickly from the scare they received this morning when it was reported that the Tenth-street levee had given way. Investigation showed that back water from the drainage pump had risen more than usual but that there was no danger.

The breaking of the Tenth-street levee at Hickman, Ky., will relieve the strain on the levees at Cairo and other points north of Hickman.

The scene at the drainage district, immediately north of Cairo, is appalling. Houses which were partly submerged by the breaking of the district levees yesterday and today are now foundations today and tonight are on their sides or upside down. A big church is on its side. Factories were submerged to their roofs and in some places the flood entirely covered buildings.

Not one pile of lumber in the great mill section is standing. Families driven from Urbana and Factory City have remained the greater part of the time on the top of the levee protecting Cairo. They have not wanted for food, the city is entirely cut off from railroad connection. Many persons went on rafts to Mound City and from there took a train north. Long distance telephone service to the north has been discontinued and only one telegraph company is working directly to Cairo.

WHOLE BASIN IS THREATENED

River Rises Five Inches an Hour at Caruthersville, Mo.

CARUTHERSVILLE, Mo., April 5.—Despite the efforts of an army of men, the flood situation here grows more serious each hour. The river tonight continued to rise at the rate of five inches every 24 hours and the stage had passed that of 1905 by 2.5 inches.

Every store in the city was closed today and 2000 men employed in them joined the already large force of flood fighters.

No water is in the streets of Caruthersville, but the flood from the Pleasants Point dam is fast filling up the Little River Basin, several miles back of the city.

The levee in Caruthersville is the key to the flood situation of the entire St. Francis Valley. Should a break occur, the entire basin, filled with thickly settled towns, would be swept by water. Several horses floated down the St. Francis River today.

LEVEE BREAKS WITH ROAR

Fighters of Flood Run for Lives When Crash Comes.

HICKMAN, Ky., April 5.—With a roar that could be heard for miles, the Government levee five miles west of Hickman late today and tonight is tearing over the Reelfoot Lake district. By tomorrow 150 square miles of farming lands will be an inland sea. Grave apprehension is felt for the safety of farms in remote sections of the sparsely settled country. The water

ore a gap 80 feet wide in the levee and the swirling current is fast adding to the breach. The Reelfoot levee, as it is generally known, has been regarded as a danger point for a week and strenuous efforts had been made to hold the flood. When the collapse came the workers were compelled to run for their lives, a number making their way to Hickman afoot, while others, beyond the break, were rescued in gasoline launches. The Reelfoot basin is made up of small farming communities. A number of residents had abandoned their homes, but others remained on their lands. Efforts were made to communicate with the scattered villages by telephone, but with little success. The situation in the town of Hickman is about the same tonight as last night.

CAIRO WILL BE RELIEVED

Break in Levee Near Hickman Expected to Decrease Danger.

WASHINGTON, April 5.—The Weather Bureau issued tonight this special river bulletin: "The flood situation in the Ohio and Mississippi rivers continues as previously indicated and no additional forecasts have been issued, except for Evansville, Ind., where there will be another rise of 1.5 or 2 feet in four or five days from the flood wave now in the Cincinnati district."

OREGON CITY ELKS INSTALL NEW OFFICERS AT BIG ENTERTAINMENT.

OREGON CITY, Or., April 5.—(Special.)—More than a score of Portland Elks who are delighted over the arrangements made for the Oregon City Lodge to entertain visiting Elks from the big reunion, attended the installation of officers and banquet in this city tonight. J. V. Campbell was toastmaster and toasts were responded to by Dr. Clyde Meador, grand exalted ruler; Henry O'Malley, exalted ruler; Dale S. Hill, district deputy grand exalted ruler; Grant R. Dimick, O. D. Eby, Joseph E. Hedges, E. T. McBain and Gus C. Moser, past exalted ruler of Portland Lodge No. 142; W. Carlton Smith, past deputy grand exalted ruler; James H. Carey, W. A. Dimick. The following officers were installed:

Grand Exalted Ruler Henry O'Malley.

USE OF STUDENTS FUNDS IS ALLEGED

Principal Kirk, of Salem High School, Laughs at and Denies Charge.

REPORT, READY, WITHHOLD

Pupils Desirous of Avoiding Publicity—Professor Says Rumors Groundless and He Welcomes Thorough Investigation.

SALLEM, Or., April 5.—(Special.)—Discord was observed at a student-body meeting of the Salem High School today, when it was rumored in advance that Professor George L. Schreiber, art instructor, and an investigating committee of the High School, with inconsistent and improper use of some of the funds of the student body.

An investigating committee had been named and the word had gone out that a report would be made at a meeting today. The meeting of the committee was canceled because of the rumor. The sudden advent of three newspapermen, who had heard of the prospective report and were aware of some of the substance, caused one of the students to move for a postponement. Schreiber said the report was not quite ready and intimated that it would be preferable for all concerned to have a future meeting sans publicity.

Meeting Is Postponed. This was acquiesced in. It is rumored that the report will call on Principal Kirk to ask why he spent funds of the student body in an unauthorized manner. It is known that some of the investigation has been carried out on the supposition that some of the student-body money was used by Principal Kirk in aiding in the construction of a house that he has just completed.

Principal Kirk laughs at the supposed charges and states he can show documents which will cover the whole situation fully and to his credit. The fight is the outcome of an impromptu long standing. Lined up on one side are City Superintendent Powers, Professor Fargo and Professor Schreiber, and on the other is Principal Kirk. He has gone as far as to the board of directors. Some declare it will result in the ax falling on Powers, Fargo and Schreiber. Other say Kirk will get some say as far as to the board of directors. Some say that all will be dismissed to secure harmony. The board is divided and its future action problematical.

Lumber for Home Issue.

I learned several days ago that an investigating committee of the student body had made inquiries as to purchase of lumber which I had made for my new home," said Principal Kirk. "The investigation in one instance, I know, led to a local lumber concern. My concern was asked if I had lumber sent to my home and had the same charged to the student body. I am advised that the report, when it is made, to the student body executive committee, will either contain allegations along this line or will ask in relation to student-body funds.

"To me the whole situation is laughable and there is absolutely not one penny of student-body money that cannot be accounted for. I pay my dues to Evansville, Ind., where there will be another rise of 1.5 or 2 feet in four or five days from the flood wave now in the Cincinnati district."

The bulletin says the break in the levee at Hickman will flood a territory 45 to 50 miles long and five to 30 miles wide. The break will relieve the situation at Cairo and New Madrid before morning.

The situation within Cairo proper is considered safe, as it is believed the levees will hold. Memphis will reach about 45 feet within 48 hours unless a break occurs in some part of the Arkansas levee. Helena will reach 52 feet in two days.

CONGRESS IS READY TO ACT

Definite Move Awaits Exact Information as to Needs.

WASHINGTON, April 5.—Representative Fitzgerald, chairman of the House appropriations committee, after a conference with the President Taft and officers of the Red Cross, regarding the flood situation, said the President had instructed the Secretary of War to utilize Army supplies for food and other necessities, but that reports indicated there were supplies sufficient in the flood districts to meet all demands.

Congress, it was made clear, stood ready to provide for relief as soon as some definite idea of the needs of the sufferers was forthcoming.

FARMERS ACCUSE ROBERTS

(Continued from First Page.) man was had been seen in the vicinity of the crime on various occasions between March 17 and the day before the crime. Owing to the fact that this investigation is not complete, the names of those who identified Roberts have been withheld from the public by the officers. He has been seen on the Whitehouse road and on Palatine Hill and on a road between the Whitehouse road and the Wolfolk farm by various persons.

The many secrets of Roberts' wanderings up to within a few hours of the crime, which have been uncovered by the officers, were revealed to Roberts only in part yesterday. The performance will be continued today where it was left off. The suspected man will be shown today by the officers where he went after the crime up to the time he arrived at the home of his mother, about 15 miles southeast of Oregon City. It is understood that he was seen by many persons.

MASS OF EVIDENCE HELD

The officers working on the case have revealed a remarkable amount of evidence, apparently having almost every movement of Roberts on the Friday of the crime. Sheriff Stevens refuses to tell how he has uncovered all the information, but it probably has been due to the unceasing efforts of those working on the case.

Sheriff Stevens said last night that there is absolutely no doubt in his mind about the guilt of Roberts. "We have evidence which he cannot get around," said the Sheriff. "In most cases of circumstantial evidence there are unusual circumstances which leave room for doubt. In this case there are none such. The evidence is practically conclusive. Roberts' actions are as good as a confession." Deputy Sheriff Leonard, who has worked night and day on the case for a week, holds the same view, as do also all others who have talked to Roberts.

One of the significant facts in the case, according to Deputy Sheriff Leonard, is the mask. "Roberts was seen with a piece of black cloth the afternoon prior to the murder," said Mr. Leonard last night. "In addition to this he had many other pieces of rag and things which he carried in a 'jungle kit,' which is the term applied to the outfit of a tramp. Everything he possessed was found at his home when he was arrested. The black cloth was not there. There is no doubt in my mind that that cloth was the mask found at the scene of the crime, which probably was dropped during the excitement. If it was not, Roberts should be willing to tell us what became of the cloth. This he refuses to do. The secret of his case is keeping quiet. In doing this he admits his guilt. I have no doubt that he was innocent he at least would be willing to do something to establish an alibi. He could tell us where that cloth is and he could tell us where he was on the night of the crime. He also could tell us where he went after leaving the Wolfolk home. It would be very easy for him to prove an alibi if he had one to prove. I am confident he is guilty, and in his circumstances he considers that to remain silent is his only hope.

"His silence is one of his characteristics. He has been under arrest before and each time he played the same game. He undoubtedly gets this from a long prison term. He has served terms in Walla Walla, Salem and various city and county jails."

"O. O. glory, what a feelin'! Wonderful what TIZ will do for your feet!" Just take your shoes off, and then put those weary, shoe-crinkled, achy, corn-pestered, bunion-tortured feet of yours in a TIZ bath. Your toes will wriggle with joy. They'll look up at you and almost talk, and then they'll take another dive in that TIZ bath. Yes, TIZ is life to feet!

The man or woman who says there's anything like, or as good as, TIZ never had a foot in a TIZ bath. When your feet ache, get tired, swollen, tender or sore, just try TIZ. Your feet will just feel fine; also your corns, bunions and calluses will disappear. You'll be able to wear smaller shoes, too; your feet will keep cozy; they'll never be frost-bitten, never chapped. TIZ operates under a new principle, drawing out all the poisonous exudations that make feet sore, corny and tired. There's nothing else like TIZ so refuse any imitation.

TIZ, 25 cents a box, sold everywhere, and recommended by all drug stores, department and general stores. Write today to Walter Lather Dodge & Co., 1232 South Wabash Ave., Chicago, Ill., for a free trial package of TIZ by return mail, and enjoy the real foot relief you never felt before.

case, according to Deputy Sheriff Leonard, is the mask. "Roberts was seen with a piece of black cloth the afternoon prior to the murder," said Mr. Leonard last night. ALLEN OUTLAWS SEEN

MOUNTAINEER SAYS PAIR BEGGED FOOD FROM HIM.

Bud Smith Fears to Tell Detectives Until Many Hours Have Elapsed.

Governor's Warning Posted.

HILLSVILLE, Va., April 5.—According to Bud Smith, who lives near Mount Airy, toward the Carolina line, Sina Allen and Wesley Edwards, the Courthouse assassins, came to his cabin last night and begged for food.

Allen came to his door, Smith said, and Edwards stood guard. Allen said neither had taken food that day. They obtained some from Smith and took it to the mountains. Smith feared to tell the detectives until midnight and it was morning when a posse took up the trail. Sheriff Haines, of Mount Airy, took the bloodhounds but they refused to scent the trail and the posse went away on Smith's directions.

The posse are posting copies of Governor Mann's proclamation calling upon all citizens to withhold aid from the outlaws.

TRUST ISSUE CRITICAL

HARVESTER CASE MAY FAIL IN NEGOTIATION STAGE.

Wickersham Also Holds Conferences on Subjects of Steel and Beef.

Outcome Not Reached.

WASHINGTON, April 5.—Attorney-General Wickersham held conferences today regarding the relations of the Sherman anti-trust law to three of the most important industries in the country, harvester, steel and beef.

The negotiations between the Government and the International Harvester Company for a friendly dissolution, it is reported, have reached a critical juncture where it is impossible to foretell the outcome. Counsel for the company submitted today to the Government certain persons. They discussed the corporation's three-company dissolution plan with Amos A. Fowler, assistant to the Attorney-General, Commissioner Herbert Knox Smith and Dr. Francis Walker, of the Bureau of Corporations.

The Government, it was intimated, would prefer a disintegration into a greater number of companies than two, a though there has yet been no rejection of the two company idea.

Mr. Wickersham talked over the Government's plans in the steel trust suit with Jacob M. Dickinson and J. E. Colton, the special Assistant Attorneys-General in charge of the case.

Tell "Baby" This Story Tonight—

"Once 'pon a time there was a Daddy and Mother who had a little child like you. Out of their great love for this child grew a great wish—they wished for their 'Baby' the greatest gift of after years—the gift of music—and they reasoned it out just as we have—like this—

"Now, 'Baby' you're two years old and it will be at least five years before you can start taking music lessons. Though we know that you are just about the smartest 'Baby' in the whole world, we could hardly expect you to play well before you have studied and practiced at least three years. So—since ten years is a long time to go without music, we are going to have an Apollo Player Piano in our home. And just as surely as a child brought up in a German speaking family will be able to speak German, you're going to be musical because you're going to be brought up with music—true music—the music of the wonderful Apollo Player Piano. And we might add that 'Daddy' and 'Mother' are going to enjoy it too—"

Tomorrow set about making this story "come true." Learn what the Apollo Player Piano is—learn what it will do for you and your children. We are willing to rest our case with you on the strength of what an investigation will develop. Your name and address will bring you back literature that is worth reading for its own sake as well as that of the information it contains. Write right now.

Morrison, at Sixth St. Sherman Clay & Co. Morrison, at Sixth St.

It is expected the taking of testimony will begin in a few weeks. The situation regarding the meat packers who recently were acquitted at Chicago of charges of criminal violation of the Sherman law was the subject of a long conference but was not settled.
