Dr. Harmon F. Titus, the Industrial Worker leader, who was arrested at Aberdeen on a charge of sedition and was later released by order of the United States Judge, Cornelius H. An advance in wages having been canceded, the only hitch now is over recognition of the Industrial Workers and Graya Harbor ciclisens generally nope for a compromise. The report that William D. Haywood is on the way to take charge of the strike has no foundation so far as can be learned.
