Oregon Strong for Him.

"Throughout Central Oregon senti-ment among Republican voters almost unantmously favors Ben Selling for United States Senator," said J. W. Rrewer, business man and president of

Prominent Real Estate Man Declares Initiative and Referendum. Will Work Hardship on Citizen.

In an interview yesterday, M. J. Mr. Clohessy, wis a prominent real estate dealer this city, is the only candidate for legislative office from this county who refused to subscribe to Statement No. I and to indorse the initiative, referendum and recall when he became an

aspirant for the nomination he seeks.
"Rather than have the impression go out broadcast that the system of laws now in force in this state and in every county in this state under the initia-tive and referendum, is unanimously approved and indorsed by the voters is the consideration that accounts for my candidacy for State Senator at the Republican primaries April 19," said Mr. Clohessy. ## How to Diagnose the Grip

How to Diagnose the Grip

Nature, with a lavish hand, has endowed the human body with no less than sixteen million spots to which an ache or pain can be attached. When each one of these spots, both inside and outside, is filled with a hard, platinum-tipped pain; when your head aches so that you are conscious of all the ruffles and scallops on your brain, just as you see them in the pictures in your physiology; when your heart thumps and your stomach wobbles and you have the feeling that something is wallowing through your inside works when your sternum feels stove in and there is an uneasiness under your shoulder blades as though your wings were beginning to sprout; when you are one moment alive to the finger tips with thinking of the things you must get up and do and the next completely exhausted by even the thought of doing them; when your backbone has the sensation of being twisted by a monkey wrench; when you are so diray that you can't see, and your cars'ring, and your eyes water, and your nose is in such a state that it is presumption to lay aside your handkerchief for one short minute; when you cough and sneeze and groan in turn—in fine, when you feel like the very deuce—you can set it down that you have the grip—thicage Heraid.

Rest, warmth and quiet are the three sovereign remedies for the grip, and the best preventives of its secondary complications. Go to bed and renamin hed until well on the way toward recovery. Two or three days in bed when you first contract the disease is better than two or three weeks later on. Also take Chamberiain's Cough Remedy and you will not need to remain in bed long.

Christian F. Kraber Shows Slover Kind of Faces He Made Which Angered His Hearers.

To prove that Socialist disturbers were not justified in pulling him from his scappox at Seventh and Washington streets Saturday night. Christian F. Kraber, teacher of theosophy, clairvoy-ant, healer and peddler of books and trusses, stood before Chief of Police Slover yesterday and made grimaces

Kraher, who preaches the doctrine of overcoming evil with good, tells how to stay healthy and peers into the future, makes his supernatural gifts a vehicle for informing the voters how to stand on politics. He boisters his advice by a knowledge of psychology and phrenology, and at the time he was interrupted was engaged in weighing the brains of certain Portland candidates, finding many of them decidedly short-weight. He says that the information he passes on comes to him in als ejectment. All the satisfaction he mation be passes on comes to him in dreams.
