A Free Set of Foreign Post Cards

Have you begun to collect your full set? Begin with the American, then the card of France and so on, until you have them all—Souvenir Post Cards of 14 Nations. Not only attractive with their respective colored flag design, but interesting and instructive, since a city scene is given with principal commodities which we import from the various countries. Given out in the departments and special booths. Cards about the store will tell you in what sections certain cards may be procured.

OF ALL the foreign nations, we probably import more goods from France! So French Day—today—in our Second Great Across-the-Sea Sale brings long planned-out savings on such needfuls as Gloves, Millinery, Hand-Painted French China, Challies, White Goods, Veils, etc.

The center of our European organization is in Paris, where we maintain an office the year around at 16 Rue St. Cecile. Here visitors from Oregon and the Northwest are always welcome. Those planning an European trip this Summer may shop in Paris and have purchases charged to their account with us in Portland.

The first two days of the great Across-the-Sea Sale have witnessed throngs which make you think of the holiday time. See the thousands of foreign flags, the picturesque booths here and there with attendants in the national costumes of France, Germany, Austria, Ireland, Switzerland. Come today!

Copies of Beautiful Foreign Paintings

50 beautiful reproductions of rare Foreign paintings from the art galleries of Berlin, Dresden, Brussels, Paris, Nuremberg, Antwerp and Hamburg are exhibited in the lobby of our beautiful 7th-floor Restaurant and Tearoom.

The paintings are by celebrated artists of the Netherlands, who lived in the 15th and 16th centuries. The reproductions, as displayed, are wonderfully perfect—of the same size, the identical colorings as the originals. Every lover of art should see them!
