

NEW YORKERS CHEER TAFT'S REVERSE

Speakers in Rochester Convention Sharply Attack Recall of Judges.

SINGLE PROTEST RAISED

Controller Prendergast Is Only Champion of Colonel—Plank on Trusts Calls for New Administrative Board.

ROCHESTER, N. Y., April 10.—The Republican party of New York State, in convention here today, declared for the nomination of President Taft and adopted a resolution urging the state's delegation to the National convention to vote in that end.

The Taft Presidential plank found an opponent only in City Controller Prendergast, who made a vigorous speech against the platform and declared that President Taft could not be re-elected.

Chief Assails Judicial Recall. United States Senator Root, one of the "big four" selected to go to Chicago, was the chief champion of the platform and made a vigorous speech in which he made a vigorous defense of the American judicial system and a sharp attack on the recall of judges.

People, Says Speaker, Should Have Ultimate Power to Decide Questions Involving Issues of General Morality.

PHILADELPHIA, April 10.—Colonel Roosevelt in his address here tonight took up the cudgels against the "Independent Judiciary Association," and repeated his exposition of a method by which the will of the people should determine finally the construction to be placed on certain statutes.

"Some very eminent lawyers of New York have undertaken the formation of what they style the 'Independent Judiciary Association,'" he said. "They propose, to use their own words, to combat the spread of the recall of judges and the referendum to the people of a certain class of cases of judicial decisions, and they assert, in President Taft's words, that 'the people are at the root of the tree of well-ordered freedom.'"

"Many of the signers are distinguished men, standing high in their community, but we can gain little from their freedom they have in mind, the kind of 'freedom' to the defense of which they are rushing, when we see among the signers of this call the names of attorneys for a number of corporations not distinguished for a high level of sense of civic duty, or for their disinterested conduct toward the public, such as for instance, the Standard Oil Company, the Sugar Trust, the American Tobacco Company, the Metropolitan Traction Company, the New York and certain defunct corporations, the looting of which has passed into the history of financial and stock jobbing scandals and forms one of its blackest chapters."

"I hold absolutely to my conviction for some basis of accommodation between the declared policy of the states on matters of reform or regulation within the proper scope of regulation in the interest of health, of decent living and working conditions and morals, and the attempt of the people to do in these matters what England, Canada, Australia and France have always done—that is, make the Legislature supreme over the courts. I merely propose to make the Legislature and court alike responsible to the sober and deliberate judgment of the people, who are the masters of both Legislature and courts."

"I am not dealing with any case of justice as between man and man, nor am I speaking of the Federal Court, which, because of the peculiar features of our Constitution, must have to be treated by themselves; nor am I speaking of the recall of judges, a measure which I do not wish to see adopted in any community unless it proves justifiable in any other way to get the judges to do justice—and I will add that nothing will so tend to strengthen the movement for the recall of judges as the defeat of Messrs. Choate and Milburn and their associates, in seeking to buttress special privilege in the courts and to make them the bulwark of injustice."

"I am seeking to introduce a system which will obviate the need of such a drastic measure as the recall of judges, if the Legislature has passed a law under the police power for the purpose of promoting social and industrial justice, and the courts declare it in conflict with the fundamental law of the state, the constitution as laid down by the people, then I propose that, after due deliberation, for less than two years after the passage of the original law, the people shall themselves have the right to declare whether or not the proposed law is to be treated as constitutional."

"Messrs. Choate and Milburn and their allies, in taking the position they do, nakedly champion vested wrong. They appear as the champions and apologists of privilege. They take the position that the people have no right to secure workers' compensation laws or laws limiting the hours of labor for women in factories, or laws protecting workers from dangerous machinery, or laws providing for decent conditions in tenement-houses."

"I wish that our opponents, Mr. Taft, Mr. Choate, Mr. Milburn, Mr. Roosevelt, Mr. Guggenheim, Mr. Lorimer and the rest of their companions, who so dread and distrust the American people, would in the main, copy the good faith and courtesy of the learned and able Ambassador from Great Britain. I shall protest against the tyranny of the majority whenever I see it, just as I shall protest against every other form of tyranny. But at present we are not suffering in any way from tyranny of the majority. We are suffering from the tyranny of the bosses and the special interests—that is from the tyranny of minorities. Mr. Choate, Mr. Milburn and their allies are acting as the servants and the spokesmen of the special interests and are standing cheek by jowl with the worst representatives of politics when they seek to keep the courts in the grasp of privilege and of the politicians."
