JUDGESHIPS WILL SEE 3 CONTESTS

Men Nominated in Second and Sixth Districts Are to Be Unopposed.

STORMS HINDER RETURNS

Results in Ninth District Are Not Yei Known Definitely-Four of Dozen District Attorneys Are Given Renomination.

Of the five Circuit Judgeships to be filled at the November election, four will be contested by the men who are at present holding those offices and who were nominated to succeed themselves at last Friday's primaries.

Two of them—Lawrence T. Harris in the Second District and Gilbert W. Phelps in the Sixth District—have no

opposition.
Four of the 12 District Attorneys whose terms expire next year, likewise have been nominated to remain in office. One of these Edwin R. Bryson, of the Fourth Mistrict—will have no opposition at the general election. In several districts the nominees for District Attorney have been serving as deputy under the incumbent in their respective districts. respective districts.

Storms Cause Delay.

In the Ninth District, composed of Grant, Harney and Malheur Counties, the returns are not complete on account of severe snow storms, which count of severe snow storms, which have prevented communication and travel between the various polling places. The vote was very light in some sections of that district, but 19 per cent of the registration being polled. There are three candidates for the Republican nomination, but the scattering reports indicate the success of W. H. Brooke, of Malheur County. His opponents are Robert M. Duncan and George W. Hayes, Leslie J. Aker and V. G. Cozad are contesting for the Democratic nomination. atic nomination.

Two of the vacancies on the circuit bench were in Mulmomah County. The nominations for Circuit Judges were as

Circuit judges— Second District, Benton, Coos, Curry, Jouglas, Lane and Linn—Lawrence T.

Fourth District, Multnomah (Department No. 2-R. G. Morrow (Rep.); John Van Zante (Dem.); Department No. 4, George Tazwell (Rep.); Oglesby Young

Sixth District, Morrow and Umatilla 65;

Eighth District, Baker—Gustav Anderson (Rep.); William Smith (Dem.),

Harris Prominent Attorney. Lawrence T. Harris is a prominent attorney and was at one time speaker of the House of Representatives. He

of the House of Representatives. He is at present one of the circuit judges in the Second District and was nominated to succeed himself.

In the Fourth, or Multnomah County district, Robert G. Morrow is the incumbent in the office which he seeks, while George Taxwell has been named to succeed C. U. Gantenbein.

Gilbert W. Phelpes is the present judge in the Sixth District. He has no apposition. His home is at Pendleton, where he has been a successful and popular attorney for many years. He formerly was the law partner of John McCourt, United States District Attorney in Portland.

William Smith, the Democratic nominee in the Eighth District, is the in-

cumbent. Attorneys Are of Two Classes

There are two classes of Prosecuting Attorney districts in the state, in one of which the prosecuting officer is called the Prosecuting Attorney and in the other of which his title is "District Attorney." The inter coincide with the Attorney." The latter coincide with the judicial districts. But in the former class the district boundaries are not the same as those of their respective judicial districts. The nominations for Prosecuting Attorney were:

Pirst—Jackson and Josephine—H. K. Hanna (Rep.). E. E. Kelly (Dem.).

Second—Klamath and Lake—John Irwin (Rep.).

Third—Coos. Curry and Douglas—George M. Brown (Rep.), John T. Long (Dem.).

Third—Coos. Curry and Douglas—George M. Brown (Rep.), John T. Long (Dem.).

(Dem.).
Fourth—Benton, Lane and Linn—Edwin R. Bryson (Rep.).
In the Second District Jorn Irwin defeated D. V. Kuykendall, the incumbent. George M. Brown and Edwin R. Bryson have been named to succeed themselves in the Third and Fourth districts, respectively.
The following were nominated for The following were nominated for

Engineers in Louisiana Begin Another Attempt to Prevent Big Flood.

100,000 PERSONS IN CAMP

500 Negroes Marooned in Boxcars Threatened With Starvation. About 12,000 Persons on Mississippi Side Homeless.

NEW ORLEANS, April 23.—Assuring ports concerning the levees of the Mississippi River which remain intact were increased yesterday at the offices

this section.
On the Mississippi side suffering is intense, it is estimated 12,000 persons in that territory will be made homeless. About 2000 have been rescued.
Nearly 190,000 persons from the flooded sections of Arkansas, Louisiana. and Mississippi are gathered in state and Government camps. A report reached here today that 500 negroes, marooned in box cars near Stoneville, Miss., are menaced by starvation.

HEARING AT BAKER OF INTER-EST TO ALL LUMBERMEN.

Sumpter Valley Road's Refusal to Haul Logs Over Mountains Considered by Commission.

SALEM, Or., April 22-(Special.)-SALEM, Or., April 23.—(Special.)—
The apparently insignificant lumber rate hearing which has been in progress off and on at Baker, relative to the rates for lumber on the Sumpter Valley Railroad, is assuming statewide importance, according to a statement which was made by Chairman Aitchison, of the State Railroad Commission. Chairman Aitchison, with Engineer Earle and Special Accountant Crosby, have left for Baker to continue the hearing, which promises to be in

the hearing, which promises to be in progress for many days.

"Every question that it is possible for the Commission to enter into in making a reasonable fate will come up before the Commission at this hearing," stated Mr. Altchison before leaving. "This hearing is considered of ing. Stated air. Atchision beater fear-ing. "This hearing is considered of great importance, from the fact that it is the first time that the Commis-sion has gone into the division of items of cost accounting as to particular commodities."

"It probably will mean that the Con mission's decision in this hearing will be the basis of adjudication on othe lines throughout the state as to log

ging rates.
"I am satisfied that Mr. Earle and
Mr. Crosby will be at Baker for many
days and I will be there off and on days and I will be there on and on until the investigation is completed. We had a hearing there recently, but this was continued to allow the company to bring in some books which they did not have at the prior hearing.

The questions that will come up will be of great importance, not only in the Senator — Bourne 1388, Selling 665. Sumpter Valley matter, but to all of the roads in Oregon, when, in the fu-Secretary of State—Olco: 1559. Fields 819.

BRIGHTON BEACH

THE COMING COMMERCIAL and INDUSTRIAL SEAPORT ON NEHALEM BAY

The Largest Sawmill in Tillamook County Now Building, and Logging-Off Has Begun

BRIGHTON BEACH is a deep-water seaport, a short distance inside the jetty and the entrance of Nehalem Bay. Daily trains are running to BRIGHTON BEACH from Portland, thus affording investors a good opportunity to seize the OPPORTUNITY at this coming manufacturing scaport.

A late boat passing out over the bar found 171/2 feet of water there at half tide. This shows the good work of the new jetty. The extension of the jetty will greatly increase the depth. An Associated Press dispatch in The Oregonian, March 28, reports that the United States Army Engineers have recommended that the Government appropriate \$632,000 for the extension of the present jetty. Senator Jonathan Bourne telegraphs that this has passed the sub-committee of the Senate.

The Brighton Development Company is offering FREE MILL SITES on the tide lands in front of their property. As a result, the LARGEST SAWMILL in Tillamook County is NOW BUILDING at Brighton Beach. It is estimated that about 25,000,000,000 feet of merchantable timber is tributary to Nehalem Bay. It is evident that BRIGHTON BEACH on the new P. R. & N. Ry, is destined to become an important seaport.

Being a seaport, BRIGHTON BEACH has competitive rates in Eastbound shipments of lumber just the same as Portland. Besides the lumber industry, there are great possibilities for the CANNERY business at BRIGHTON BEACH. It will pay mill men and other manufacturers to INVESTIGATE BRIGHTON BEACH WITHOUT DELAY. The tide lands at BRIGHTON BEACH NOW OFFERED FREE for the establishment of mills, canneries and the like will become highly valuable property in a few years.

While BRIGHTON BEACH is not a beach resort, it will make a desirable place to live on account of its close proximity to the best beaches in Oregon, GARI-BALDI BEACH is only one mile to the south. BRIGH-TON BEACH is sheltered from the ocean by the sand spit across the bay. Nehalem Bay offords splendid boating and fishing pleasures.

About 900 persons have bought at BRIGHTON BEACH. The time for you to buy is NOW. The property is high and sightly. No sand or rock. Logging-off is now progressing and street grading will follow. With the natural advantages and shipping facilities, there is no reason why the history of Raymond. Aberdeen, Hoquiam and other SEAPORT and LUMBER MANUFACTURING cities should not be repeated at BRIGHTON BEACH.
