## LOW FARE CLAUSE VOTED OUT, 5 TO 2

Street Committee Casts Off 3-Cent Provision in Proposed Franchise.

MINDS CHANGE SUDDENLY

Elimination of Section May Deprive City of the Right to Regulate Charges, Says Attorney Grant

STREET COMMITTEE TO CON-SIDER FOURTH-STREET FRAN-CHISE AT 9:30 TODAY.

The proposed franchise granting to the Southern Pacific Company the right to electrify and maintain double-track railroad on Fourth street come up for consideration befure the street committee of the City Council at the City Hall at 9:30 o'clock this morning. The proposed franchise runs for 26 years, and contains an emergency clause putting it into effect as soon as it is signed by the Mayor. The compensation to be paid the city by the railway company has not yet been fixed.

By vote of five to two the street imittee of the City Council decided at yesterday morning's meeting to eliminate from the proposed blanket franchise to the Portland Rallway, Light & Power Company the 3-cent fara clause. Councilmen Schmeer and Joy had changed their minds since the meeting last Thursday and voted against it. Councilmen Baker, Burgard and Dunning also voted to eliminate this clause, as they did at last week's meeting. Councilmen Monka and Mark meeting. Councilmen Monks and Ma-guire voted to retain the clause. It was also decided to strike out that portion of the franchise relating to the

portion of the franchise relating to the Broadway bridge, and to grant the franchise along Seventh street from Jefferson street to the bridge, and along Broadway on the East Side to the bridge, subject to an agreement with the company as to the rate to be charged by the city for the use of the

Bridge Right Eliminated.

Councilmen Baker and Maguire urged the elimination of this Broadway bridge right-of-way from the franchise because the question of rates to be charged the streetcar company over all the bridges is soon to be put before the people through the initiative. Baker said that if this amendment carries it will increase the city's revenue by from \$15,000 to \$18,000 a year. "The

by from \$10,000 to \$18,000 a year. The amendment is drafted under the direction of Mayor Rushlight, he said.

F. I. Fuller, representing the street-car company, asked that it be left optional with the streetcar company either to use or not to use Stark street between Seventh and Thirteenth streets, hould the franchis include the streets. should the franchise include this strip. A motion sto gliminate this part of Stark street from the franchise was de-feated. It was decided to allow the company to construct either a single or a double track from Salmon atreet to Jefferson on Seventh. The committee will recommend that the proposed franchise be sent to the Executive Board for valuation. Adjournment was taken until 2:20 o'clock this morning.

Maguire Waxes Caustie

Commenting upon the action of Councilman Schmeer and Joy in turn-ing against the 2-cent fare clause, Councilman Monks remarked to Councilman Baker that he, Mr. Monks, hadn't "switched over night." "Perhaps if we adjourn for another week the vote would be unanimous," suggested Councilman Maguire.

City Attorney Grant was asked for a column the Local tasks.

an opinion on the 3-cent fare clause, and said if it were eliminated the court might hold that the failure to insert it was a forfeiture of the city's right to

regulate fares.

"Mr. Griffith, representing the com-pany, has frankly said he objected to it because he wanted to save the point favor of the company, commented Grant. 'I want to save it in favor the city. I have also inserted in the franchise that every provision of the city charter relating to attention serv-bee is to be read into this franchise, whether it has been inserted or not. I have gone into this matter with the Councilmen repeatedly.

Company's Excuse Flimsy.

"So far as concerns halms made by the company that it cannot se'l bonds, the bondbuyers cannot change the pra-visions of the city charter. If the rail-way company cannot float its bonds on way company cannot goat its bonds on that account it has an investment in an unfortunate part of the country, that is all. If you wanted to elimin-ate this 3-cent fare clause you might insert the words, none of the provi-sions of the city charter are waived."

This clause not only affects the seven miles of new track, but the 12 seven miles of new track, but the 12 miles of track we have been operating some of it for 20 years," said Mr. Fuller. "Should the Council reduce the fare we would have no chance to contest except on the ground of the reasonableness of the reduced rate."
"It could be contested on no other ground," said Mr. Grant.
"That's your opinion," reterted Mr. Fuller.

Fuller.
"If the Malarkey bill is passed it will take fare regulation out of the hands of the city," said Mr. Grant. "There is no doubt in my wind that

There is no doubt in my mind that it will pass, in view of the present temper of the people upon these public service corporation questions.

"Of course this 3-cent fare clause affects the whole system. There would be no sense in providing for it unless it did include the whole system. It would be of no advantage to the city to provide a 3-cent fare for the extensions only. That would make an 5-cent That would make an 8-cent to the business section."

Five Cents Chenp Enough, Mr. Baker said the fare ought not to be less than 5 cents. "I will say frankly and openly that I think the 5-cent fare, with the present baul and transfer system in Portland, is little enough for anybody," he said. "I think anybody with an ounce of reason will

anybody with an ounce of reason will agrae with me."
"Transportation conditions may change a good deal in 25 years," com-mented Councilman Monks. "I don't give a rap for the 2-cent fare for this company, but if it is put in this franchise. It will be put in other fran-

"If it doesn't do any good, why keep " queried Baker. "I don't think we it?" queried Baker. "I don't think we are doing the people in the outlying districts any good by preventing these lines from being extended this Summer, and I don't think any of us will get a great amount of credit for it."
"I don't take any stock i.) that kind of talk," was Mr. Monks' rejoinder.

Councilman Joy asked City Attorney

Grant if in his opinion the city has the right to regulate the fares without the 2-cent fare clause being inserted in the franchise, and received the reply that it has "until the power is with-drawn by the state and lodged eise-where." BABE'S IDENTITY IS FIXED Found to Be Son of W. Schultz.

the death of the second of bables taken from the home of Mrs.

I. E. Miller, 335 Twentieth street North, last week, that a mistake has been made regarding the identity of the first baby that died, and that it had been entered as a county charge as the son of Mary Braa, of Big Timber, Mont. when in reality it was the son of W. Schultz, of Grays Harbor, Wash.

At the Coroner's office it is said that Mrs. Miller identified the baby upon its death as the Schultz baby, but Saturday, on a visit to the County Hospital, following a hearing in the Juvenile Court, Mrs. Miller identified another baby that was not expected to live as the Braa baby. This baby died Sunday, and yesterday Mrs. Miller reiterated her identification of the dead baby as the Bras baby.

Inantition was the cause of the death of the second haby. Mrs. Millier denies the statement that babies have frequently died at the home that she conducted. She said that just before the home was investigated, a baby. Ida Carroll, died only a few days after it was accepted. This one, she says, is the only one that ever died at the private baby home she conducted.

MIXED TRUNKS CAUSE SUIT

Traveling Salesman Gets Baggage

When E. Fox, a traveling salesman, arriving from Eastern Oregon, opened the trunk the baggage men gave him for his check, and found it full of lingerie and other feminine gimeracks, he decided to hold onto the property till the railroad company delivered him his own. As a result he and Mrs. Fox were made the objects of a criminal

complaint filed yesterday by Edith W. Elder, owner of the trunk. The complainant started from Bend and the defendants from Madras, en-route to Portland, and they had trunks strikingly similar in outward appear-ance. Mrs. Elder says her name was ance. Mrs. Elder says her name was tacked on the top of her trunk and that Mr. Fox must have known of the mistake. Mr. and Mrs. Fox say they did not discover the error until they arrived here, when they reported the mistake, but held the trunk to force

"Six o'clock sharp" is the order issued to all for tonight, and, regardless of everything else, they will be ex-pected to be on hand at that time to submit their features to the make-up arists from the Baker Stock Company. The curtain will rise promptly at 8:15 tonight and at 2:15 tomorrow afternoon, and Miss Gerrish, director, expects to put the performance through without a halt or a drag, and with a truly "professional" snap.

Specialties Are Catchy.

Around the plot is woven a series of catchy specialties and entire act novelties which give the young actors an opportunity to display to good advantage their terpsichorean abilities, which adds much to the brilliancy of the production. the production.

The plot of the play involves the proverbial feud between the under-graduate student and the faculty member; the difficulties encountered by two hearts that would beat as one were it not for the mixing of their destinies by will of a foolish parent; the age-old struggles between the "fresh" in the hands of the dominating upperclassmen; the comedy complica-tions arising from two youths invading a college "prom" in feminine disguise; the thrills of a rapid-fire series of leap year proposals all directed at one poor man-in short, a mirthful caricature of everything amusing and excit-ing that might take place on the campus of any coeducational college.
Of course, the entire tangle of events is nicely unwound at the end, but in the unwinding there is music and laughter at every turn.
