

HOP TRADE REVIEWS

Improvement in American and Foreign Markets.

DEMAND FIRMS UP VALUES

Carload Sold by Salem Dealer at 40 Cents on Board Cars—Recent Buying in California—Contract Demand is Quiet.

Improvement in the hop markets of the world is in evidence. The demand is all the requirements of such brewers as have not sufficient supplies to carry them through the present crop year. It is not believed that needs are extensive, judging from the activity of buyers in the past three months, but with the world stocks at such a low ebb, it does not require much of a demand to elevate values.

Advices from New York and from California received yesterday noted a renewal of inquiry.

The most important transaction in the Oregon market was the sale of a carload by a Salem dealer to an Eastern firm at 40 cents a bushel.

The California spot market was quiet. Richard bought 96 bales of Lake County hops at 3 1/2 cents, and 30 1/2 cents was bid for medium Monmouth.

Two Oregon dealers, H. L. Hart and Hal Y. Bolan, are still in the California market.

No much interest is shown at the moment in the coming crop. There was an order on the market yesterday at 26 cents per Oregon contract. Small contracts have been written at 24 and 25 cents for first plantings.

No trading in spot wheat—Outs selling in the country.

The dullness of the grain market, the unavailability of prices in the East and the lateness of the season have combined to create a rather feeling in the trade here. This is shown rather in a lack of disposition to buy than in any lowering of values. As far as wheat is concerned, the main trouble is a scarcity of space on the San Francisco steamers, as the only demand now is from the South. This causes a dragging trade in spot wheat, but deferred deliveries continue firm. June wheat sells at \$1.16.

Outs were moved in the local market yesterday at the top price, but in the country it was somewhat easier to buy, though in small quantities. The shipping season is now almost at an end.

Local receipts in the Bay City for Vegetables, Fruits, Etc.

Table with columns for item, quantity, and price. Includes items like Apples, Peaches, and various fruits.

STEADY DEMAND FOR CHOICE HAY Market for Off Grades is in Bad Shape at Present.

Hay trade conditions, according to the weekly market letter of J. H. Kosterman, are as follows:

The supply of cut and vetch hay is just about equal to the demand, although in this variety, also, strictly No. 1 moves freely. The only demand for alfalfa is from dealers or feeders who require small stocks to carry them over the winter.

Vegetable receipts included a car each of cauliflower and cabbage. A car of Florida tomatoes is due Thursday.

LOCAL MARKET IS TOPHEAVY Storage People Holding Back for Lower Prices.

The egg market is again becoming top-heavy. Storage operators want to buy at lower prices and are holding off, which causes some accumulation. Canned eggs were quoted yesterday at 21 cents and case count at 20 1/2 cents.

Bank Clearings. Bank clearings of the Northwestern cities yesterday were as follows:

CATTLE PRICES UP

Choice Steers Are Lifted Another Nickel.

SALES MADE AT \$7.20

Other Grades Are Equally Firm. Hog Market Steady at Former Range of Prices—Sales of Sheared Yearlings.

There was a large run of cattle at the stock yards yesterday and a good demand continued throughout the day. Top grade steers were strong and sold a nickel higher. Characteristic prices were unchanged.

Two loads of steers, averaging about 1200 pounds, sold at the top figure, \$7.20. Four loads brought \$7.10 and about eight loads went at \$7. Lower grades sold down to \$6.25.

Other kinds of cattle were practically unchanged. The hog market opened steady at the former range of prices, light weights bringing \$4.40.

Receipts Sunday and Monday were 500 calves, 247 hogs, and 314 sheep.

Two bunches of sheared yearlings were disposed of at \$4.60 and \$5.00.

Receipts Sunday and Monday were 500 calves, 247 hogs, and 314 sheep.

Forty-Eight Hours' Rain Breaks Wheat Price.

KANSAS CROP IS SAVED

Great Quantities of Grain on Sale at the Opening of the Chicago Session—Reaction Later Does Not Save Sharp Loss.

CHICAGO, April 29.—Forty-eight hours' rain, especially in Kansas, forced wheat owners today to a selling stampede. Despite a violent reaction the market closed weak 1 1/2 to 1 3/4 cts under Saturday's closing.
