

FOUNDERS DAY IS NOTED AT COLUMBIA

Archbishop Christie Attends and Speaks at University Celebration.

YOUNG MEN APPEALED TO

High Tributes Are Paid to Men Who Made Educational Institution Possible Without Carnegie or Rockefeller Aid.

In honor of Archbishop Alexander Christie, D. D., ecclesiastic director of the Catholic Church in the Northwest, "Founders' day" was celebrated yesterday at Columbia University with a banquet attended by most of the Catholic clergy of Portland and vicinity and many prominent citizens.

Dr. Morrissey was given a place by Archbishop Christie. Many notable addresses were delivered and all the speakers paid Archbishop Christie high tributes.

Education, and its young men are trained in morality, purity, patriotism and respect for the institutions of the country. I am glad that so many leading citizens of Portland have come here today to see what we are doing, for we need their assistance and co-operation in making Columbia University second to none in the Northwest.

The tables were attractively decorated and served by students. Archbishop Christie and Dr. Morrissey were seated at one side of the room, surrounded by many prominent men and clergymen. Dr. Morrissey will remain in Portland till Friday.

ROSES TO GO IN FOUNTAIN

Tribute Will Be Paid to Nation's Dead Sailors.

When R. H. Miller, representing the Grand Army of the Republic, appeared before the Park Board yesterday and sought the privilege of strewing rose petals on the waters of the fountain in Peninsula Park, the Mayor and members unanimously voted to grant his request. It is desired this year to do this in memory of the Nation's sailor dead, he explained.

Park Commissioners Clark and Lewis were named as a committee to report on the advisability of having tennis courts in some of the parks and as to what, if any, parks should be used for this purpose. A strong sentiment prevails in some quarters for this innovation and it is probable that affirmative action will be taken.

POLICEMEN IN APPEAL

Petition Circulated for Support of Merit System.

To induce the City Council to grant two days off each month to patrolmen, petitions are being circulated by the officers and their friends. The petitions are being collected by Patrolman Burke. He has received a number of personal letters from citizens, since the agitation for two holidays a month was started, and these will be presented to the Council with the petitions.

A merit system is proposed that provides that infractions of rules shall be punished by denial of holidays. At present patrolmen work every day with the exception of a 15-day vacation, and besides their regular hours, are required to do extra duty.

MOTHER DESERTS TWINS

Note Says "Too Hard Work Caring for Kids."

Tired of caring for her twin babies, Manley and Stanley, born last December, Mrs. Claude Walters, of 5 Grand avenue, yesterday deserted her home. The husband interested the Juvenile Court and the children were sent to the Baby Home. Mrs. Walters left the following note:

"Well, Claude, I guess I will leave you. It is too much work to care for these kids. I am going far away and work. I will be getting more money, too. Goodbye. LUCY."

DIGNITY IS ASKED OF NEW SERGEANTS

Chief Admonishes Recently Appointed Aides to Avoid Profane Words.

PROPER SALUTES URGED

"Be Diligent and Gentlemanly in Performance of Duty," Says Superior Officer as He Commands Them to "Make Good."

Chief of Police Slover yesterday afternoon assigned to duty the six new patrol sergeants appointed by the Executive Board Tuesday, and instructed them as to what he expected of them.

He admonished them to be diligent in their duty and gentlemanly in their performance. "You will be held personally responsible for the conduct and efficiency of the men under your charge," said Chief Slover. "You have been selected after a careful investigation and upon the recommendation of business men and men of influence, who have had opportunity to observe your work, and I hope you will not prove false to the confidence that has been placed in you by those who have secured your promotion."

Profane Language Tabooed. "Always conduct yourselves as gentlemen. Be courteous in your treatment of the officers under you and in dealing with citizens, and do not use abusive or profane language. Upon your conduct will depend to a large degree the conduct of your subordinates, for they will gauge their actions by yours."

"I would also impress upon you the necessity of always addressing one another, your superiors and your officers, by their proper title. Address the captains as 'captain,' and not as 'cap,' and in addressing each other use the title 'sergeant.' Likewise address your men by their proper titles. In this way you will be able to maintain your own dignity and the dignity of the department and order within its ranks."

"It will be necessary for you to observe the conduct of your men and watch them when they are not watching you, and because you may call you spies. But you need not fear about doing anything that your duty calls you to do. Of course you will not be expected to report every slight infraction of the rules. That is about all I have to say, except that I know you will make good."

Duty Begins at Once.

The men were then assigned to the various reliefs for immediate duty. Four are assigned to the second night relief and one each to the day and the first night reliefs. S. Peachin is to report to the first night relief. H. L. Carlson to the second night relief. Those assigned to the second night relief are J. E. Turner, W. W. Burns, Van Overn and L. V. Jenkins. The other sergeants remain on the same reliefs as before, with the exception of Sergeant Walters, who is transferred to the day relief from the second night relief.

The new arrangement leaves the day relief and the first night relief with four sergeants each, and the second night relief with five sergeants. There are now 14 sergeants in the patrol department. The full allowance is 20 sergeants, so that there are still six vacancies.

The new sergeants appointed to the detective department were all detectives at the time of their appointment, with the exception of Tom Kay and A. G. Vaughn, and continue their work with their new rank. Kay, who is reinstated, will be detailed to special work under the personal direction of Chief Slover for the present.

Seventeen sergeants are allowed the detective department and 15 of these are now filled.

Charles C. Tschirgi, the Medford real estate man, who was recently arrested on a charge of embezzlement by Mrs. Nettie E. Carpenter, was entirely exonerated Monday when Prosecuting Attorney Mulvey withdrew the charge on the grounds that no case had been made. The lot in question which was declared to have been purchased by Tschirgi for \$200 and sold to the plaintiff for \$650 was taken back by the former, Mr. Tschirgi having offered to do this before the action was started. In the opinion of the Prosecuting Attorney, the trouble was due to a misunderstanding and in no way reflected upon the integrity or methods of the defendant in the case.

REPUBLICAN CALL IS OUT

MULTNOMAH CENTRAL COMMITTEE TO MEET FRIDAY.

Permanent Organization to Be Effected and Programme for Active Precinct Work Started.

A call was issued yesterday by F. E. Beach, temporary chairman of the Multnomah County Republican central committee, for a meeting of the committee at the Multnomah Hotel tomorrow night at 8 o'clock, at which a permanent organization will be perfected and arrangements made for a vigorous campaign to further the interest of the candidates nominated on the Republican ticket at the primary election.

The credentials committee will make a full report of all precinct committees who are entitled to a vote. The business to be disposed of tomorrow night includes the perfecting of a permanent organization, the election of officers, the election of a member of the state central committee and other business of importance. A full attendance of members is asked by Chairman Beach in his call.

Plans are under way to make the county committee an important factor in the general election campaign this year. This year it is proposed to make the committee a power by means of precinct committees.

The first step probably will be the endorsement of the candidates as named by the people. That there will be no discord in this was apparent from the attitude of the members at the meeting last week at which the endorsement of candidates was deferred.

ENDS CATARRH

Sprays, Douches, Snuffs and Ointments Won't Kill the Persistent Catarrh Germs

Hyomei, the Antiseptic Air, Will

When you can go to any drug store in any civilized community on earth and buy for only \$1.00 a remedy that will quickly rid you of hawking, spitting and snuffing, why do you allow the devilish germs of catarrh to undermine your health and destroy your efficiency?

Quit sprays and douches. Liquid cannot penetrate into the nooks, folds and crevices of the irregular mucous membrane. Neither can it get into the bronchial tubes that lead to the lungs and where germs thrive and multiply.

If you believe that liquids reach the air tubes, try to swallow a little water the "wrong way." Such a test will effectually demonstrate to you the idle theory that sprays and douches can cure catarrh.

HYOMEI is a pleasant antiseptic air which, when breathed, penetrates into the folds and crevices of the sore, germ-laden membrane and also goes deep into the air cells of the lungs, killing all germs.

A HYOMEI outfit costs \$1.00. Extra bottles of HYOMEI, if needed, 50 cents.

until the full committee could be brought together. Headquarters will be established in all probability and a progressive campaign instituted. Numerous meetings are planned. The meeting tomorrow night is expected to be the best attended and the liveliest seen here in years.

RECORD OF A GREAT MEDICINE

Doctors Could Not Help Mrs. Templeton—Regained Health through Lydia E. Pinkham's Compound.

Hooper, Nebraska. "I am very glad to tell how Lydia E. Pinkham's Vegetable Compound has helped me. For five years I suffered from female troubles so I was scarcely able to do my work. I took doctors' medicines and used local treatments but was not helped. I had such awful bearing down pains and my back was so weak I could hardly walk and could not ride. I often had to sit up nights to sleep and my friends thought I could not live long. At my request my husband got me a bottle of Lydia E. Pinkham's Vegetable Compound and I commenced to take it. By the time I had taken the seventh bottle my health had returned and I began doing my washing and was a well woman. At one time for three weeks I did all the work for eighteen boarders with no signs of my old trouble returning. Many have taken your medicine after seeing what it did for me. I would not take \$1000 and be where I was. You have my permission to use my name if it will aid anyone."—Mrs. SUSIE TEMPLETON, Hooper, Nebraska.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

FACTS ABOUT INDIGESTION AND ITS RELIEF THAT SHOULD INTEREST YOU. Although indigestion and dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food. We believe we can relieve dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rosell Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c package of Rosell Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c and \$1.00.

Sold only by the Owl Drug Co. Stores in Portland, Seattle, Spokane, San Francisco, Oakland, Los Angeles and Sacramento.
