Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings.

FALCON LIBERED BY WORKER

Longshoreman Sues for Damages Sustained During Unloading.

The American-Hawaiian Steamship Company's steamer Falcon was arrested yesterday by United States Marshal Scott on a libel filed in the United States District Court by Frederick Sandberg to recover \$5000 damages for personal injuries received while assisting as a longshoreman in unloading steel girders from the vessel at Portland, April 10.

It is alleged that there were not sufficient men or tackle to do the work and Sandberg says he was struck by a girder on his left hand. A few hours after the arrest of the vessel she was released upon bonds, being given.

Marine Notes.

As the Oriental liner Hercules did not move yesterday, as intended, she will lift this morning from the Portland Flouring Mills Company's plant to Albina dock.

Notification was received yesterday by Major McIndoe, Corps of Engineers, U. S. A., that plans for the two 24-inch concrete dredges authorized for the improvement of the Columbia and Willamette rivers to a depth of 30 feet, had been approved by the Chief of Engineers. There will be minor changes and then the specifications are to be printed. After which bids will be advertised for a period of 60 days and it is hoped to open them the latter part of July.

DIVEKEEPER HELD OVER

LOUISE OLCESE AND 4 OTHERS TO GO BEFORE GRAND JURY.

Justice Bell Listens to Evidence Held Insufficient by Municipal Judge Tazwell.

On evidence identical with that which Municipal Judge Tazwell found insufficient for a defense, Justice Bell yesterday said Louise ("Mother") Olcese, and four inmates of her North End dive to the grand jury on a charge of conducting a disorderly house. The action was the result of a second prosecution, commenced by Deputy District Attorney Page within an hour after Judge Tazwell released the defendants. It is a direct outcome of the failure of the state to carry before a jury the indictment charging Police Captain Bailey with accepting a bribe.

Why, one man, by looking at the faces of those who are indicted, said the Justice, as he announced that all the defendants except Frank Olcese, son of the accused woman, would be held to the grand jury.

A fight was made by the defense on the ground that the defendants had been taken in jeopardy, but this was brushed aside because the former proceeding, like the present one, was merely a preliminary hearing and did not go to determine the guilt of the defendants.

The Olcese woman for years has kept a notorious dive, and it was in this place that the alleged transaction took place for which Captain Bailey was indicted for accepting a bribe of \$12. Mrs. Olcese was called before the grand jury, but failed to support her former statements. The first arrest occurred a few days before the state dismissed the case against Captain Bailey, and it was because of her refusal to testify as desired that the graft case was dropped.

REALTY LICENSE REQUIRED

City Auditor to Demand Compliance With Ordinance.

City Auditor Barbur announced yesterday that he will require strict compliance with the ordinance making it obligatory to have licenses for the sale of real estate, the measure having been passed by the City Council two months ago.

"May 22 is the last date upon which licenses can be issued in time to conform to the ordinance," said Mr. Barbur, "and I must insist upon compliance with its provisions. I hope that all dealers and salesmen will take out their licenses without any trouble, but if they don't do so I will ask the police to arrest those who refuse."

The license fee for dealers is \$5 each a year and for salesmen \$1 a year. The money is not the object sought, it being mostly desired to have a check on the men engaged in the realty business, so that racketeering may be curbed. The ordinance was passed at the request of dealers, after it was approved by the Realty Board.

Five gypsy women, arrested for telling fortunes, five squalling babies, held several in the prisoners' arms, and five male members of the tribe, called to give ball, made bedlam in the police station yesterday when the 15 voices united in a chorus of Romany.

Desk Officer Sorenson suspended telephone communication, and all other business came to a standstill. Patrolman Wendell wrote like mad, making out ball receipts as quickly as possible.

Home Helps for the Hair and Complexion

The right sort of care of hair and scalp requires little time and is productive of a healthy scalp and silky, shimmering hair. Canthrox shampoos solve the problem for women troubled with oily, "striny," unmanageable hair, and are so enjoyable that shampooed hair is pleasantly looked forward to. A teaspoonful of canthrox dissolved in a cup of hot water is enough mixture, and its regular use insures a healthy scalp and a wealth of beautiful, fluffy hair.

A surmex lotion is excellent for clearing the skin of all impurities, and is so superior to powder that once it is used it will never be discarded. To make, dissolve 4 ounces of surmex in 1/2 pint water (or hot water) and add 2 teaspoonfuls glycerine. The use of this lotion gives to any skin a charm and elegance unobtainable any other way.—Adv.
