## TAFT MAKES FUN OF T. R.'S EGOTISM

But if Vanity Is Fed President Sees Danger for Country.

ATTACK GROWS PERSONAL

"It's 'I, I, I' From Colonel," Says Taft Who Insists Roosevelt Is "Not Whole Show"-Rough Rider Held Libelous.

STEUBENVILLE, O., May 12 .- President Taft's first day of his final campaign through Ohio, which came to an end with a speech here tonight, was marked by the most pronounced verbal assaults upon Colonel Roosevelt to which Mr. Taft so far has given public

He started at Marietta on his last campaign to urge the people of Ohio to support him in the primaries of May 21. Although in substance all of the dozen speeches the President made were much like those he delivered in Massachusetts and Maryland, they differed widely at times in the words used to score Mr. Hoosevelt.

Roosevelt Held Unsafe. One of the attacks on Mr. Roose-veit which raised a laugh, ran like

this:
"I think it would be dangerous to put again in the White House a man with Mr. Roosevelt's present constitu-tional views. With the elation he would necessarily feel by reason of getting something that all the great Presi-dents have never gotten, it would not

"He says the reason the American people are going to elect him is because he is necessary for the job. Well, I hope the American people will not think that he is necessary for the job. I want to call your attention to what the job is that he proposes. It is the millennium that he is going to bring about when he gets into office. bring about when he gets into office All bosses are going to disappear, pol-iticians are going to be fewer and he is going to have a finger in every community in every state, in every county, and everything is going to heaven.

"Way Not for Lifef" Asks Taft. "if that be true the millennium is coming and if that is the job be is to do, it is going to take longer than four years. I beg of you to ask him when he comes here whether he would take a fourth term, ask him whether he is going to take a fifth term and why he should not continue in office during his life."

Another sally that brought a response was much like that delivered at Cambridge. Speaking there of the job Mr. Roosevelt said the people wanted him to do, President Taft asked: "Suppose Mr. Roosevelt were control to the skies in a chariot like wafted to the skies in a charlot like the prophet of old and were to als-appear from sight, how do you sup-pose this country would get along.

My friends, it is a dangerous thing to put in the White House a man for the third term with his views of the Constitution and with his views of himself. In every announcement he makes, you would think he were the whole show and that there was not anybody else in the country.

Egotism Thought Dangerous. that if you feed that vanity and that Washington did not get and Jefferson did not get and Jackson did not get, and Grant could not get, you are going to put him in office with a sense of power and with a view of constitutional restrictions that will be dan-

gerous to this country."

Mr. Taft compared Roosevelt and lincoln with a smile.

"Mr. Roosevelt likens himself to Abraham Lincoln more and resembles him less than any man in the history of this country." he remarked.

of this country," he remarked.

Mr. Taft called upon the Roosevelt backers to find one indictment if he had done wrong, asked for more facts and less "lurid headlines and lung power" and dubbed the campaign the ex-Fresident is making against him "accusatory and libelous."

Appeal Made to Negroes.

In the joint appeal to the war veterans and to the negroes, Mr. Taft charged that under the constitutional system that would permit proposed measures of reform," the practical repeal of the 12th, 14th and 15th amendments for which the veterans fought and which protect the negrouse would depend on the result of one election. That is what Mr. Roosevelt proposes to do, he said, by destroying the independence of the judiciary.

"Let Mr. Roosevelt poing out what thing I have done or falled to do under the influence of anybody and then I will say he has made a point; but while he continues merely in general denunciation to say that the bosses are all for me and all against him, I say be is conducting a campaign that

What appeared to have been a de-liberate trap set to catch the jurist in an embarrassing transaction was revealed by the testimony and the de-fense indicated that it would make the most of it.

It was alleged that W. P. Boland, the different parties to a case in Judge Archbald's court, purposely had Ed-ward J. Williams, the principal wit-ness against the judge, solicit Archbald to enter the Katydid culm bank operation with the Eric Road while the road's lighterage cases were pend-

ing in the court.

This action led to filing of charges against the judge. Boland is waiting to testify and probably will be heard

## HOPE OF HARMONY IS VAIN

(Continued from First Page.) Coiner, who got in from Tacoma early in the evening, has been given leadership in the Taft fight. He is supremely confident of being able to seat the Taft delegates, though the early arrivals among state committeemen were not as large as anticipated However, it is true that practically all the committeemen who were in town early in the evening lean toward Taft

Taft Leads Committee. One poll of the state committee given by a Roosevelt leader fixes the strength

as 20 for Taft and 14 for Roosevelt. This is about the estimate the Taft men had made carlier in the fight. The state committee meets at 10 o'clock Wednesday morning to hear

contests involving 207 seats, more or no contest from Skagit County, which rumors aftost for two days have said would be presented. Insofar as Roosevelt men in town know, the proposed contest from Pacific County also will be abandoned. Taft forces are counting on C. C. Gose to appear with a conon the Walla Walla delegation, but he was not in the early crowd in

The slight uncertainty about these two contests makes the total number of convention seats in controversy doubtful, but the number will either be chown the exact amount every taxpayer | 277 or 307. If the latter number, it will mean 45 per cent of the convention places will be in dispute.

Roosevelt men insist they will carry out their programme of storming the Grand Theater, where the convention is to meet Wednesday. Arrangements have been made to protect the theater entrances by all the mem-bers of the police and Sheriff's forces and by 25 special deputies already ap-pointed. In addition some of the Taft forces to arrive tomorrow are ex-pected to bring extra convention

of the delegates. Local committeemen have seated most of the Roosevelt uncontested delegations in the balcony, leaving the main floor for the countles where contests ore pending and where Taft men expect to win through state

committee influences.
On the theory that two conventions will be held this disposal of places would put the Taft delegates who will stay in the canvention on the lower floor. If the Roosevelt forces should agree to remain after the committee action they would be off the main floor and a disadvantage. And as a third militee action they would be the main floor and a disadvantage. And as a third possibility if the Roosevelt men should capture the convention the Roosevelt delegations whose clear title to seats would give them control would be made to suffer through poor location in the

SQUARE DEAL HAY'S REQUEST

Governor Urges All Contests Be Decided on Merits.

OLYMPIA, Wash., May 18 .- (Special.) Believing that there will be much trouble at the Aberdeen Republican state convention Wednesday if any at-tempt is made by either the Taft or Roosevelt supporters to attempt "steam roller" methods, Governor Hay, who has been seeking to bring about peace in the party, tonight issued a statement in

which he says:

"As the Governor of the state I feel that I have a right to speak for the people and demand a square deal."

He urges that all contests be decided on their merits, and that if the Roosefaction be allowed to send its own delegation back to the National con-vention at Chicago. Efforts to bring compromise and to swing Washington into line for Hughes have not made much headway yet, so Gov-ernor Hay is demanding that each side be given a square deal.

Spokane Delegation En Route.

SPOKANE, Wash., May 13 .- (Special.) -Delegates to the Republican convention at Aberdeen left over the North-ern Pacific at 5:50 P. M. on the "Roose-velt special." Enough reservations were secured to run an extra train and the Spokane delegation will go in a body on a special run on fast time. At least 50 delegates will take the trip, according to D. B. Hell, secretary of the city and county Republican forces. O. C. Moore, L. Roy Slater and Sidney Norman left Sunday night. Norman left Sunday night.

Governor Johnson Reopens Campaign for T. R. at Eleventh Hour.

KNOX INVASION RESENTED

Roosevelt Forces, on Eve of Election, Say State Will Be Theirs by 25,-000, While Taft Men Say 35,000 for President.

SAN FRANCISCO, May 13 .- The 11th hour of the Presidential primary compaign took an unexpected turn today. Gövernor Jonnson, who announced that he had closed his campaign for Roose velt, reopened it with an attack on the Panama-Pacific Exposition management for importing a Cabinet officer "to do Taft politics," as he charged, at the cost of exposition funds; and he lengthened his speaking list to include an address tonight in Berkeley. "I've just learned," said the Governor, "that the exposition paid \$5000 for the expenses of the private car of Secretary Knox on his recent visit.

"There would be no objection thus to pay the expenses of a distinguished guest, but who will justify that payment that Mr. Knox may do Taft poll-

ment that Mr. Knox may do last posi-ties in California?"
Predictions of the result tomorrow at the polls varied as widely as ever. Colonel Charles Mifflin Hammond, chairman of the Taft Republicans, closed a summary of arguments al-ready made for his principal with the

following paragraph:

"Careful canvass of the state and my sincere personal belief in the intelligence and graritude of the people lead me to predict, without any doubt, that President Taft will carry the state by a very landsome majority." a very handsome majority."

Both Sides Optimistic. Roosevelt's managers see a plurality in the state of not less than 75,000 and a majority of not less than 25,000 The last specific Taft estimate was a plu-rality of 35,000.

The landscape wears a different face to the La Follette managers. Facing certain defeat throughout the state, they begin their estimates: "The Roosevelt forces have stooped to the very tricks that made the South

ern Pacific machine notorious."

Informally the La Follette management said: "No, we won't give figures. What's the use? We expect a plurality, but nobody will get a majority. Every sensible man knows that."

Headquarters for Clark and Wilson, Democratic candidates, offered no fig-

be the rules as set forth in the call of the National committee, say the politicians. These comprehend "party regularity" and the Taft men are insisting the balance will be found on their side of the ledger in this respect "We hear too much talk about how

the National committee is likely to stand," sald Secretary Hayward, "They are big men on that committee and they will decide each case upon the evidence. We heard a lot of the steam roller four years ago. I know wha the merits were in each instance and the cases were settled as they would have been in a court of equity. Delegates entitled to seats were seated."

Officials Now Gathering.
