SKELETON MAY BE MILES

Body Found at Columbia Beach Believed to Be Oregon City Boy.

OREGON CITY, May 15.—(Special.)—That he believed the skeleton found near Columbia Beach was that of his son, George, who mysteriously disappeared August 14, 1911, while the troops were encamped there, Mr. Miles with William Shannon, corporal of Company G, of which young Miles was a member, and Cal Price, a member of the company, left for Astoria tonight. A telegram was received by Mr. Miles from the coroner at Astoria giving the information that the clothing and teeth had been the means of identification.

The skeleton was found by a party of real estate men Monday afternoon in the timber about a mile from the Lewis and Clark River and about five miles from where the young man was last seen by anyone who knew him. Members of the company say the young man wandered from camp while suffering from mental aberration, and the theory is that he got lost in the timber and perished.

OPIMUM JOINT UNEARTHED

Legal Traffic Discovery Made Following Attack on Chinaman.

NIDFORD, Or., May 15.—Jim Ling, the Chinaman charged with assaulting a woman with a knife, was yesterday bound over to the grand jury in \$500 bond, owing to conflicting testimony

and the evident desire of witnesses to hide facts concerning the presence of Laura White, an alleged white slave, the burglary charge was not pressed. The white woman's story revealed conditions scarcely thought possible to exist outside of San Francisco's Chinatown, and there is a general demand in Medford that the local Chinese quarters be investigated.

AUTHOR OF "OVER NIGHT" HAS UNUSUAL EXPERIENCE AS PLAYWRIGHT.

Quite a different story from the usual one that Phillip H. Bartholomae, author of "Over Night," which is the attraction at the Heilig Theater this week, has to tell of his experience as a playwright. Young Mr. Bartholomae has not long been out of school and had already begun his career as a civil engineer when the idea of writing a play obsessed him. "Over Night" was the one and up to the time that it was accepted by Mr. William A. Brady he had no knowledge of stage technique other than he could have gained from a seat in an orchestra chair. Mr. Brady was one of the first managers to whom the play was shown and he accepted it without much palaver, it being given immediate production, and was an unquestionable success from almost his first performance.

The improvement of the four streets awarded him last September. The first paving job in St. Johns was not satisfactory, and the work is being done over again. The Westramite Paving Company, which has a plant near Kenton, has on hand the material to supply Contractor Wiles.

RECORD OF WILL MISSING

Court Index Shows No Coffman Estate Left to Mrs. Salb.

Although dispatches from Redding, Cal., are to the effect that Mrs. Albert Salb, of that city, inherited \$54,000 from the estate of Delbert Coffman, of Portland, an ex-lance, who is said to have died suddenly in this city five years ago, the probate records of Multnomah County show no such estate. In the story from Redding it was stated that Coffman willed to Mrs. Salb \$50,000 of an estate worth \$100,000, and it was stated that the money is now ready for distribution. The records show that there was filed for probate in 1902 the will of Isaac Kaufman, who left an estate valued at \$200,000, but he had a wife and two minor children, to whom all the property was willed.

PLOT CHARGE MADE

Lawyer Says "Stool Pigeon" Is Persecuting Enemies.

EX-WITNESSES ON TRIAL

Those Who Testified Against North End Saloonkeeper Haled Before Court—Police Get Chance to Show Good Faith.

Taking cognizance of charges of persecution made in his court yesterday by Attorney W. M. Davis, appearing for three women arrested and convicted on charges of immorality, Municipal Judge Taswell continued the sentencing of the women two weeks to give the police time in which to demonstrate their good faith by arresting inmates of other disorderly houses. He also announced that any time private citizens wished to cause the arrest of inmates of such places he would issue warrants.

Davis charged that the police and Police Commissioner Coffey were assisting Sam Krasner, a North End saloonkeeper, known as "the administration stool pigeon," in getting revenge on persons who were instrumental in securing his indictment last Winter. Krasner was indicted for placing his wife in a bawdy-house and living off the earnings of an immoral woman. Davis put on the stand Leo Strassberg, proprietor of a restaurant at 236 Taylor street, who was one of the witnesses against Krasner.

Witnesses Are Arrested. Strassberg and a number of frequenters of his place recently have been arrested twice. The first time they were charged with gambling and the second time charges of vagrancy were placed against them.

The women on trial were Sadie Parker, Florence Benton and Sadie Moore, inmates of the Uncle Sam Hotel, formerly conducted by Krasner. They were witnesses against Krasner before the grand jury, and at the trial on one of the charges which resulted in a verdict of acquittal. His trial on the other indictment has not been held.

Strassberg testified that he was told when he opened the restaurant, a few weeks ago, that the police were going to "get" him because of the part he played in the Krasner prosecution. Police Commissioner Coffey took the stand and made an absolute denial of the charges.

Another Charge "Hounding." Meyer Kaplan, another restaurant proprietor, whose place has been raided twice within the past week, declared on the stand that Krasner has been hounding him. Kaplan forced Krasner to return \$100 which he alleges he gave Krasner on the latter's promise that a vagrancy charge against him would be dismissed. This deal was made last Fall, and, Kaplan says, he has been hounded by Krasner ever since.

Judge Taswell subpoenaed Chief of Police Glover, Joe Singer and Police Captain Riley to the stand. Captain Coffey was to be in the conspiracy against the enemies of Krasner. Coffey denied that he knew Krasner, and said that Singer had pointed out Strassberg's place to him as a rendezvous of gamblers and macaqueaux. He had then ordered Police Captain Riley to investigate. Chief Glover said he has no advance knowledge that the arrests were to be made.

BERRY SPECIAL IS OFF

140 PORTLAND PEOPLE LEAVE FOR ROSEBURG FEST.

Opening Day of Carnival Delegates to See Vast Quantity of Luscious Fruit Eaten.

To enjoy bounteous spreads of the kind of big, red, juicy strawberries that have made Roseburg famous and to make Portland day at the annual Strawberry Festival a great success, 140 Portland people left for the strawberry center at 1:30 o'clock this morning on three special cars attached to the regular southbound train of the Southern Pacific.

The party is headed by Dr. Emmet Drake, secretary of the Rose Festival Association, who will lead the visitors gallantly to the massacre of berries and incidentally will scatter broadcast Portland's most hearty welcome to Roseburg people to attend the June Rose Festival. The Portland delegation is out for a good time, and will do its best to take in the full array of hospitality promised by the hosts of the day—the people of Roseburg.

The party is larger than had been expected, there being an unusual rush of excursionists sign up for the trip yesterday afternoon a short time before the closing of the passenger list. It had been expected the number would not be greater than 100. The train will arrive in Roseburg at 9 o'clock this morning and the visitors will proceed at once to enjoy themselves. They will take part in the carnival events arranged for the special benefit of the Portland delegation and will be ready as soon as the dinner bell rings to advance on the strawberries.

The visitors will be at liberty to return any time up to Sunday, the tickets being good until that time. The majority will, however, return Friday.

RATE QUERY IS IGNORED

Merchants Pay No Attention to New Western Classification Analysis.

SALEM, Or., May 15.—(Special.)—Although there were 125 copies of the analysis of the new Western classification of freight rates sent out to jobbers and big dealers in Oregon several weeks ago, a lassitude on the part of the jobbers and dealers is shown from the fact that so far only two have made reply.

SICK STOMACH, INDIGESTION OR CONSTIPATED BOWELS—CASCARETS

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heaviness, nervousness, nausea, bloating after eating; that feeling of fullness, the dizziness and sick headache, means indigestion; a disordered stomach which cannot be regulated until you remove the cause. It isn't your stomach's fault. Try Cascarets: they cure indigestion, because they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out by morning.

When I Say "We Are Going Out of Business" You Know We Are Going to Quit

Herbert G. Reed

Read These Facts Carefully

Reed-French Piano Mfg. Co. is positively going out of business. This was unexpected, and we must close out everything in our stock regardless of price or terms. THERE IS NO ALTERNATIVE. The outside interests want quick action. They are getting it. The pianos and player pianos are going fast. Every caller so far has been a buyer. The prices compel it; and the terms are smaller than have ever been made by any dealer before.

We have a large stock, \$115,000 worth, of the world's finest pianos and player pianos. They are all new and up-to-date. Pianos that retailed at prices ranging from \$250.00 to \$750.00 now at prices heretofore unheard of, viz: \$86, \$107, \$118, \$126, etc. Player pianos ordinarily sold from \$550.00 to \$1100.00, now \$260.00, \$297.00, \$356.00, etc. Remember, they are the latest 88-note types and will be sold on easy terms.

There never was a sale like this before. Never in the history of the music trade has a big concern like this been compelled to liquidate on such short notice. It is up to you to take advantage of this great opportunity. Never again is it likely to occur. You who are thinking of getting a piano or player piano at any time, no matter how far distant, cannot, IN JUSTICE TO YOURSELF AND FAMILY, overlook this chance. Do it now.

For five and one-half years Herbert G. Reed has been at the head of the Reed-French business, and has conducted the same in a straightforward manner. The same policy will be strictly adhered to, permitting of no misrepresentation in any way, while closing out this enormous stock of beautiful pianos. Knabe, Krell-French, Haines Bros., Lindeman, Howard, Reed-French, Mason & Hamlin, Ludwig, Jesse French, Willard, Hardman, Burmister, Lagonda and many others, mostly all new, a few slightly used, all included in this tremendous sale. Where could you ever find such an assortment at such prices before?

HAVE YOU SUSPECTED YOUR KIDNEYS?

There are two ways to tell whether you have weak kidneys. The first is through the pains in the back and other outward signs. The second is by examination of the kidney secretions.

That is why physicians make such a careful examination when you apply for insurance, and if there is any sign of kidney trouble you are likely rejected.

Kidney disease is so dangerous that it is a bad mistake to overlook or neglect it, and if pain in the back, recurring headaches, or a fretful, nervous, tired condition makes you suspect some kidney trouble, take the trouble to watch the kidney secretions. Look for any of the following signs:

More or less than three and one-half pints passed daily. Too dark or too pale a color. Too frequent, profuse, or much reduced or scalding and painful. Sandy, gritty or cloudy settlements. Fat or oily-looking layers which gather on the surface when allowed to stand, or a jelly-like thickening. Staining of the linen or bed odor.
