

LULL IS REACHED IN OHIO CAMPAIGN

Candidates All Rest From Labors; Managers Instruct Voters About Ballots.

LIGHT VOTE IS FORECAST

Republican Delegates-at-Large to Be Named by State Convention. Successful Democrat Will Make Own Choice.

COLUMBUS, O., May 20.—All the Presidential candidates now in Ohio rested Sunday and the campaign managers began a final effort to insure the voters how properly to mark their ballots. The primary is Tuesday.

On the Republican ballot there will be three sets of candidates for delegates in each of the 21 districts, pledged respectively to President Taft, Colonel Roosevelt and Senator La Follette. The six delegates at large will be named by the state convention in June. The Democratic voter will have a special ballot on which the names of Governors Harmon and Whitson will appear. The victorious candidate will name the six delegates at large.

The Socialists have a complete National and state ticket in the field. The primary will open at 5:30 A. M. and close at 5:30 P. M. It is believed a light vote will be polled, as the voters are required to give their political affiliation before obtaining a ballot and this, it is said, together with the complexity of the ballot, will tend to keep voters from the polls.

COLONEL COUNTS ON OHIO

Roosevelt Says Taft's Claims to Credit Not Based on Fact.

CLEVELAND, May 20.—"I am certainly satisfied with the last week," said Colonel Roosevelt in a statement Sunday. "I believe the people of Ohio will place Ohio beside Pennsylvania and Illinois in this lineup of the people against the powers that prey." Colonel Roosevelt said President Taft had claimed credit for the mining bureau. Colonel Roosevelt asserted this bureau was established by Mr. Garfield, with the assistance of a commission of engineers. "The commission rendered service of incalculable value," Colonel Roosevelt continued, "and President Taft discredited it under the dictation of Messrs. Cannon and Tamm, as he did the Country Life Commission and various other commissions, yielding as usual to the bosses and heedless of the damage he did to the people."

The Minister of Agriculture, Count Serenyi, gave a luncheon in their honor, and several hours were passed in discussing the state of affairs of the Royal Palace in Buda, on the right side of the river. The government gave a grand banquet the greatest interest is manifested everywhere in the coming exposition.

BRITISH SHIP RELEASED

Vessel Carrying Munitions to Mexico Let Go by Americans.

NEW ORLEANS, May 20.—The British steamer Santona, which was held last night by the United States revenue cutter Day, because of the presence aboard of a shipment of arms and ammunition for Champanche, Mexico, was released today on telegraphic instruction from Washington. WASHINGTON, May 20.—The Santona was released because the arms and ammunition aboard had been exported by President Taft from the operation of the neutrality agreement. Permission to carry the munitions had been applied for and granted.

CONCERT SWELLS FUND

PORTLAND ARTISTS AID BABIES' FRESH AIR SOCIETY.

Mrs. Rose Bloch Bauer, Mrs. Beatrice Dierke, Mrs. Susie F. Pipes, J. C. Monteith Take Part.

It was at once a pleasurable and unique experience to attend the Helix Theatre Sunday night and drink in the musical inspiration that came from the excellent concert given, in aid of the fund of the Babies' Fresh Air Society, by four Portland artists, Mrs. Rose Bloch Bauer, dramatic soprano; Mrs. Beatrice Dierke, pianist; Mrs. Susie F. Pipes, violinist; and John C. Monteith, tenor.

It is not every city that can boast of such home talent, able to give at short notice a satisfying concert of high-class values. The audience was large, and in an insistent encore mood. It is gratifying to record that the financial returns of the concert are of a substantial nature, and that the net amount will help materially the fund being gathered to take care of sick babies and their mothers, at the same time during the coming Summer months.

"President Taft and ex-President Roosevelt are using words as prize-fighters use their fists, while a Nation is looking on. It is a shame that a thing that should cause any loyal American to blush. This was the declaration of Dr. Luther H. Dyott in the pulpit of the First Congregational Church Sunday night. He said he is in favor of an eight-year term for the President of the United States, and of no re-election. "The election does not inure to the benefit of the country," he said.

Man Power and Coal Power.

Answers. Does any one realize the power of work as a pump as hard as he could all day, and at the end of 10 hours it was found that he had done just as much work as a little less than two ounces of coal could do. Taking all the energy put forth by a hard-working man during one whole year, the same amount of force would be expended by 25 pounds of good coal, or say 20 pounds of average coal. We produce six tons a head of population, and this contains the energy of 150 men working for a whole year. Of course, even in our best engines the greater part of the working energy of coal is wasted. But even if only one-tenth is turned to account, one and a half hundredweight of coal is equal to a man working for 300 days of the year.

AT ONCE a comedy of the cleanest sort and a rattling good story as well, "Brewster's Millions" opened at the Baker yesterday. Never in any play other than this one of foolish frenzied finances was stage money spent so plentifully. "Monty" scatters hundreds of thousands like the proverbial drunkard's sailor, and the audience, understanding the madness of his methods, enjoys hugely the alarm and discomfiture of Monty's friends. There is just enough of every element in which stock patrons find delight in "Brewster's Millions" to make it take exceedingly well. There is a live story—in fact two of them—the romantically inclined; there are several real hard stabs in the emotions for those who insist on being serious; there is plenty of dramatic action and any quantity of comedy for everybody, to say nothing of a plentiful sprinkling of common sense. Truly "Brewster's Millions" smacks considerably of George M. Cohan. It goes at such a clip—clip, and deals with tremendous matters, such as money-mad men and the disposal of \$1,000,000 in about as many minutes. It sounds more like George M. than George Barr McCutcheon. At least, the plot is in Cohanese; the splendidly I-don't-care handling of the lines and situations and the million dollars is a musical comedy minus the music and the chorus. The Baker Stock Company does itself proud. Of course Harry Hilliard, as "Monty," is the particular pivot and bright point of interest about which facts, figures and fancies revolve themselves. Hilliard creates Monty as a very human, appealing and consistent young man—not merely a study in stage characterization or efforts at histrionism. Though he purposely eliminates anything that suggests the farcical, Mr. Hilliard is by no means destitute of comicallities, and is at times a real comedian. Or perhaps it appears so because in this particular play he so far

Taft Supporter in Idaho Says He Will Not Accept Instruction.

RATHDRUM, Idaho, May 20.—Charles R. Heitman, Republican state chairman of Idaho, in a statement declares that he has not promised to vote for a progressive at the Republican National convention, but that he will go as a free agent or not at all. It was charged, after the Republican convention at Lewiston, Idaho, last week, that Heitman had pledged himself to vote for Roosevelt or La Follette or any other progressive candidate the majority of the delegation decided to support, although the impression was created that he was a Taft man and would vote for the President.
