Lightweight Champion Has Eye Wide Open for Bouts Meaning Money.

PUGILIST DESPISES RIVERS

Ritchie to Go East for Further Honors-Grancy Boosting Mill Between Palzer and Wells-Big Bout in Disrepute.

BY HARRY B. SMITH.

SAN FRANCISCO, May 21.—(Special.)

—Ad Wolgast is making good his statement that he will put himself to some severs tests before tackling Joe Rivers in Los Angeles on the Fourth of July. The champion lightweight of the world has arranged an extended programme and declares that he will keep himself as busy as possible until it is absolutely necessary to go to Los Angeles to start his training.

The match with Willie Ritchte on Saturday was the opener on his programme. In addition is has signified his intention of boxing Leach Cross in New York, providing the promoters accept his terms. Coffroit also wants to have Wolgast take on another four

cept his terms. Coffroth also wants to have Wolgast take on another four or six-round bout, and it is possible that such an arrangement will be made for the early part of June. All this is not to the liking of Uncie Tom McCarey, who is fearful lest some minhap should put his man out or the running before the Independence day scrap but Wolgast is out for the colin.

Wolgast Is Confident.

I don't believe there was ever a ringster more supremely confident of beating an opponent than Ad Wolgast is of taking the measure of Joe Rivers. In fact, he is inclined to dismiss the Los Angeles boy with a shrug, of the

shoulders.

Jimmy Coffroit tells the story that when he was in Los Angeles dickering with Wolgast the Michigander said he was willing to fight but that he must have Rivers as the money looked so And Tom Jones doesn't heattate to

And Tom Jones doesn't hesitate to express himself.

"Honestly," he said the other day, "I have to pinch myself to see if I am awake I don't believe there was ever money more easily made than the way Wolgast will clean up on Rivers. It will hardly be a warm-up for him." Of course, there's many a slip twint the cup and the Hp, and before this confident champions have been beaten, but if Wolgast is anything like him-

confident champions have been beaten, but if Wolgast is anything like himself he ought to clean Rivers.

Hivers was in San Francisco for more than a week and the other night donned the gloves for a three-round bout that was purely an exhibition. He seems too small a chap to have much of a chance with the vigorous Wolgast, although for Rivers it must be said that he is a better boy than he looks.

Merrow to Have Chance.

Howard Morrow, the Chicago mid-Ryan, will have another chance to show on May 22. He has been matched with Sallor Februskey before the Oak-land Wheelmen for a ten-round bout at catchweights. Petroskey is the local who was sent to the slaughter not Frank Klaus and beaten from

gong to rong.

However, Morrow is coming along the bear than doesn't be the bear than doesn't bear doesn't bear the bear than the bear the bear than the bear the bea by easy stages. Tominy Ryan doesn't want his mun to tackle the hard boys of the ring until he has had more experience. I haven't seen Morrow in action, but there are a lot of flatic experts who predict a promising future

ATHLETES TO RUN IN AMERICA

Enter Toronto Games.

NEW TORK. May 21.—The National registration committee of the Amateur Athletic Union has refused permits to Lawson Robertson, trainer of the Irish-American Athletic Union, to take athletes to Toronto for the championship sames to be held in that city June 1. It is stared that this action was taken because the athletic officials believe athletes who are to try for places on the American Olympic team should stay in New York and compete in the games at Celtic Park, Long Island, June 2, the proceeds of which are to be used in defraying the expenses of the American team to Stockholm.

WASHINGTON SEES LOSS

OREGON WILL WIN ON TRACK IT IS PREDICTED.

Seattle Trainer Says Eugene Men Will Gather 12 Pirsts, Nine Seconds and Six Thirds.

UNIVERSITY OF WASHINGTON, Sewitte, May 21 .- (Special.) -- That the University of Oregon will take revenge upon Washington this year for her ignominous defeat in the 1910 tri-state track meet by winning from Washing-ton \$2 points to \$7 in the dual meet here May 25, is the prediction of Dr. D. C. Hall, track trainer.

Dr. Hall gives his own team only four firsts in the 15 events and two of these, the hummer and relay, are much in doubt. He prophesies that Oregon will take 12 firsts, 5 seconds and 6 thirds, and even at this he is giving his own team the estimated benefit of the third-rate positions. Courtrey will the third-rate positions. Courtney will win the 100 and 220-yard dashes unless something unforseen happens, Sherrick will take the hammer from Kellogg unless the Oregonian shows better form than he did with Corvalis, and the doctor has strained a point

its, and the doctor has strained a point to give his relay team the five units in that event.

Though McClure, of Oregon, did not run the mile: though Williams did nothing in the pole vault, and though Keliogs fell far below his standard in the meet with the Oregon "Asgles," the records are higher in seven contests than the figures in the Washington-Pullman meet. Of the six first places which Washington made against Pullman, the former will escape with just three against Oregon, it is beust three against Oregon, it is be-

Courtney, with the 100 and 220, is a courtney, with the tot and 150, to a safe goer for 10 points. Sherrick threw the hammar 141.7 feet in the Pullman meet, whereas Kellogg, of Idabo, could budge the ball and chain just 156 feet by inches at Eugene, and Trainer Hall, on the strength of this, annexes another first. The mile, which Hilton was the nursele and poid in 441 4-5. be said that he is a better boy than be looks.

Worgast has no definite plans for after the Fourth. A story came out of look Angeles last week that, win or look. Wolgast and Rivers were to fight a return match on Admission day. This story is desied absolutely by Jones, who says that Wolgast will be ready to fight but that he is open to consider bids.

Coffreth acknowledges that he will be in the field for Wolgast's services for that holiday, and would like to put him on with the lightweight who looks to have the best chance. And there are half a fouch who shape up as stronger opponents than Joe Eivers.

Willie Eitchie expects to go East very shortly, as he is well liked their and has several opportunities. The San Francisco lightweight remained over in the West because of this chance to show what he could do against Wolgast.

So far there hasn't been much stir in San Francisco because Jim Flynn and Jack Johnson are going through with their farce in Las Vegas, New Mesical Hemember two years ago with Jeffres and Johnson? Well the payers were publishing reams at this same training camps were in full motion.

So far there seems to be a question as to whether the bout will take place and no one apparently, is unduly starmed. There may be some who will travel that far to see the match, but not many. Wolgast and Rivers will fraw a few, and if Graney succeeds in tanding his heavyweights, the most of its will be contented to remain at home.

There was a rapid exchange of heavy blows, with Waish having all the advantage. In the 16th and 11th, Kilbane was aggrassive with body punches and short-arm jabs on the chin during the clinches and secured the two rounds, although Waish landed frequently on body and face with his right.

The last round saw both men mixing it up from the call to the final bell, with Walsh delivering effective and telling blows.
