BAN FRANCISCO, May 22 .- (Special.) -Portland broke the ice today with a win and the Beavers took it out on the noor unfortunate Seals who simply ould not hit when there were men on bases, and 2 to 1 against the San Franefsco team was the final score. Those two runs can be charged up to Claude

One of the Berry errors was a wild throw to first, and since Claude is noted for his throws all over the scenery anywhere but in the fielders glove, that passed without note.

The other boot was of the bonehead rather than the common or garden It was a beauty along these lines and Claude is entitled to another edestal in the ball of fame. Berry let Bancroft run all the way from second base to score on a bunt in the sixth inning and it happened to be the

### Fans Boar Out Protest.

Berry was standing with the ball is his hand as the Beaver rounded third and when Bancroft went by him like a flash, swerving out of the line the San Francisco catcher tagged his man with the gloved hand instead of one that held the ball. Umpire Hildebrand, right on top of the play, called Bancroft safe and there was a roar from the

Seat bench where it was contended that Bancroft had run out of the line. Aside from the closing rally when the Seals threatened to the up the score, the game was an exceedingly colorless one. McCredie introduced a new battery in Higginbotham, the twirier from Tolede, once with St. Louis, and Burch a backstop from San Antonio, Texas.

The Beavers were robbed of a run in the first because Eancroft who hit to left for 18% necks tried to stead third.

left for two sacks, tried to steal third. Rogers followed with a single to right that ought to have sent Bancroft home.

### Seals Score First Bun

The only Seal run came in the same inning. Mundorff rapped to left field and took second on McArdle's out. Haftery grounded to third and Bancroft tagged Mundorff who was racing for the bag. Then came Hartley's long smash against the center field fence and Raftery, who had stolen one have, came home. Bancroft made a pretty fielding play when he threw Jackson out at first and the inning was over.

It was tied by the Oregonians in the third when Higginbotham lined one to

center that was good for two sacks. Chadbourne tried to sacrifice, but Berry wouldn't have it and threw the ball away in the general direction of Jack-son. It was quite enough to tally the Portland pitcher, although Chadbourne was nabbed at second trying to stretch the error into an additional base.

Portland—Portland 2, Spokans 1. Victoria—Victoria 5, Tacoma 3. Scattle—Scattle-Vancouver game post-i; rain. BY JAMES H. CASSELL After pitching shutout ball for sever innings, Cochran, the convalescent Spo-kane moundman, blew up in the eighth inning of the Indian-Colt game yester day afternoon, and the combined mis cues of "Chief" Cadreau, his twirl-ing successor, and Backstop Devogt

gave the Colts a 2-1 victory.

By winning from the Indians, while Vancouver was idle at Seattle the Colts took undisputed possession of second place, and are one-half game from the top of the percentage column.

For seven innings the Vaughn-street Park affair was a spectacular pitching duel, between Bloomfield and Cochran duel, between Bloomfield and Cochran, with the sensational base-running of "Hap" Myers, Indian first-sacker, giving the visitors a 1-0 edge. The final hit count stood 3 to 3, but whereas Bloomfield plugged away at a pace impervious to anything but daring base-running of the Myers type, Cochran, but he was a pace of a polythop propine of a polyth perran, giving promises of a no-run per-formance, completely lost a doubtful control of the ball in the eighth period, and was yanked after passing one man, allowing one hit, and all but issued four balls to the third man who faced

Eighth Inning Frenkish.

"Chief" Cadreau had splendid con-trol on the workout section of the field, but when he faced the Colt batsmen he contracted the Cochran erratic at-tack. On his first pitched bail he added one man to the total of two left on the paths by Cochran. After placing two in the groove for Williams, he wasted a low one and Devogt let the hall get through him, scoring one run.

wasted a low one and Devogt let the ball get through him, scoring one run. A moment later the "Chtef" tossed one wide and the second and winning run filtered across the plate.

Eddie Mensor will not long be entitled to the honor of speed champ of the league if "Hap" Myers performs to yesterday's brilliancy. He electrified the fans and had the Colts "up in the air" by his dazzling speed and take-a chance tactics. Had Cochran delivered the winning brand of twirling, Myers' work would have spelled the superiority of the Indians over the Colts.

Myers' Speed Dazzles.

In the second inning Myers singled to left, stole second, and then stole third. He falled to reach home, but in the stole third he walked, went to third in anthird. He falled to reach home, but in the fifth he walked, went to third when Devogt hit one to Coltrin in answer to the hit-and-run sign. Harris was determined to hold the ex-Major leaguer at third, but his first peg to Kibble struck Myers on the head, the ball bounding to left field. Myers stopped for a second as though dazed and then flew for home, scoring with yards of space.

The Colts almost scored in the first inning, Mensor dying at the plate after

Mensor dying at the plate after walking, going to second on Cochran's balk and making third when Cochran balk and making that the self-of-the threw wide to second in an effort to nab the speedy Eddle. This was the nearest they came to registering until the eighth, and incidentally it was in this inning that the first of the three

this inning that the first of the three hits was scored.

The problem was solved in the eighth in this wise: Cruikshank walked. Speas singled to left. With three balls and one strike on Fries, Cochran was relieved by Cadreau, Fries walked, filling the bases. Cruikshank scored on a passed ball and Speas on a wild pitch. Williams filed out to Cartwright. Harris hit to Cartwright. Fries dying at the plate. Kibble walked and Coltrin filed out to Cartwright.

### Notes of the Game,

Either O'Loughlin or Nores will pitch for he Indians today, while Stelger will be the oil moundman. None of the three have orked in Northwestern League games this

season.

Myers is a long, lank, range tiddvidual who presents no appearance of spead. His fielding is of the Hai Chase order, the first sacker playing a short right field and on occasions going down to within three yards occasions going down to within three yards of the batter.
Coltrin made several spectacular stops and pega to first.
The indians only gleaned two clean hits off Bioamfield, one of Devogt's hits going to Coltrin, when Mysrs had the Colts up in the six.

in the air.

Devogt and Speas accounted for four of the six bits of the game, each scoring two. The count of walks charges five to Cochran, two to Cadresu and four to Bloomfield. Cochran had trouble in tossing to first to the satisfaction of Umpire Moran. Augue called two balks on the pitcher.

Johnson, the ex-Seal, failed to break into the hit column in his Northwestern League, debut, but the total for 19 men was only six, and the new indian centerfelder was not discouraged.

The new Colt played with "Hap" My-ers, Bobby Coltrin and other San Jose men, around his home town last Winter, and was the slugging sensation of the games played against the college teams of that section. Both Coltrin and Myers boost the new man as a .300 hit-ter for this league. Smith will alternate with Fries in right field, until Manager Nick finally

right field, until Manager Nick finally decides upon the regular man for the niche. "Hap" is a left-handed hitter, is about the size of Williams, and is fast on his feet.

One of the reasons why Williams decided to sign Smith is the feeling of insecurity regarding Ward McDowell, utility man McCredle has promised the Colts. Rumors are rife that McDowell, who has pienty of money, will go home rather than be switched to the Northwestern, and as Williams has heard nothing lately from McCredle on the deal, he decided to take no chances on passing up Smith. passing up Smith.

Spokane turned Southpaw Bridger and Infielder Davis over to Walla Walla yesterday, the arrival of Pitcher Noyes from San Francisco, Pitcher O'Loughlin from Oakland, Pitcher Leonard from

from Oakland, Pitcher Leonard from Walia Walia and Outfielder Johnson from San Francisco necessitating a cutting-down of the squad.

Manager Ostdlek put Johnson in at center field yesterday, switching Zimmerman to left field, and Cartwright to second base. Wuffil will be ready to play within a few days, and will fight it out with Cartwright for the contract of the contract of the cartwright of the cartwright of the cartwright of the cartwright for the cartwright fo out with Cartwright for the regular po-sition at second. He is hitting harder than the veteran at present, but it is unlikely that he will oust the consist-ent "Carty" from the infield. Either O'Loughlin, the former Spo-

satner O'Loughlin, the former Spo-kane heaver, or Noyes, the San Fran-ciscan, will be used in today's fame, while Eastley of the Colts, will oppose him. Williams figured on Steiger at first, but decided to fall back on his regular boxman in preference to the Beaver castoff.

Manager Ostdick is well satisfied with the present lineup of his squad and is ready to stand pat. He has expressed much concern at the condition of his pitching staff, but the addition of the trio of new ones this week has bolstered up the squad wonderfully and Johnson is expressed to prove a value. Johnson is expected to prove a valua-ble aid to victory in the outfield.

Fielder Jones, president of the Northwestern League, returned yester-day from Tacoma, satisfied that the team of that city will be in a sound team of that city will be in a sound financial condition within a few days.

"There is nothing to it," optimistically remarked the league head." A city of 90,000 population can surely support Class B bail. What the town needs is a man at the helm who understands both business and baseball, and I am sure they will have one soon."

Ed Watkins, the man whose name is Ed Watkins, the man whose name is linked with the plans for the reorgan-ization of the Tacoma club, is manager of an electrical supply company in the City of Destiny.

Bill Temple, the big right-hander

who has been with the Portland Coast League club since Spring, reached Portland yesterday from San Francisco en route back to Springfield, Mass., from whence he came with a great record of winning in Class B company. "We had him under an option expir-ing June 1, but he evidently didn't make good with Walt McCredle," said Presi-dent McCredle last night. "I have pur-chased his ticket for Springfield and he will probably leave today for the Con-nectiont League club."

Princeton comes here this season after an interesting contest with Columbia and Pennsylvania, which Columbia won, while Pennsylvania was a poor third. Neither Cornell nor Harvard has been tested this year in a rowing tryout.

What little betting prevailed tonight made Cornell the favorite, with Harvard second over Princeton by a slight margin.

Minneapolis freight clerks, as well as handlers, are expected to strike. Eleven rallroads and 890 men will be affected in case a walkout is ordered. It is believed by railway officials that the strike of freighthandlers which has been declared by the president of the Freighthandlers' Brotherhood will not affect the Harriman or Hill lines in Oregon. The employes on the Hærriman line have had an organization for several years, but it has ization for several years, but it has not been strong. At 3 o'clock those who had taken the automobile trip in the forencon were taken upon launches to Bay Ocean, where we saw the splendid hotel, the newly-paved streets, the many business buildings and the tent city of this famous resort. The site of the hotel is one of the finest on the coast, as is the beach.

At 6 o'clock we were landed at Bay City and were soon comfortably sit-uated at our hotels and at 7 o'clock we were all seated at the banquet table, with a large number of the Bay City people sitting down with us. We certainly had one of the finest dinners ever. We had all a great assortment of sea food served in the most taste ful manner, and all of the delicacies to be found in any of the cities. After doing full justice to the re-

past. J. O. Bozarth, president of the Bay City Commercial Club, called the guests to order and introduced Mr. Josselyn, who presided on behalf of the visitors, and then the fun began, fast and furious, the following speakers giving their views and sentiments pro and con on the questions of interest to Tillamook County and the guests-Fred Lockiey, Ben Selling, J. Fred Larson and others on behalf of the Portand contingent, and Dr. Hawk, Rev. J. H. Irvine, A. B. Wostell, President Bozarth and others for the Bay City people. At this hour, nearly midnight, the oratory promises to go on all night.

Fred Lockley gave a new version of "now I lay me down to sleep"; "Now I get me to work, I pray the Lord I may not shirk; and if I die before the light, I pray the Lord my work's all right.

We have learned much of this wonderful derful country during our two days stay and still have a part of another day to be shown around.
