## California Attorney - General Says He Intends to Get at Bottom of Case.

### GRAND JURY MAY BE USED

#### Police Pick up Crew of Whereabouts of Six Men Said to Have Threatened Assassination - Flap Insnared.

SAN DIEGO, May 24.—Attorney-General Webb and Raymond Benjamin, his chief deputy, reached San Diego today, in pursuance of Governor Johnson's orders for an investigation of the I. W. W. disturbance there. Mr. Webb is here to represent the whole state. The only instruction I received from Governor Johnson was a copy of his public statement concerning the situation in San Diego, which was embodied in a letter to me.

Webb Outlines Plans. After conferring with District Attorney Utley the Attorney-General gave out an interview which follows in part: "I am here to try to get at the bottom of the entire trouble. I have no such intention. I have not planned any form of investigation and cannot say whether I shall use the grand jury in my probe. I shall make no report as the result of my coming. I am here to act."

Police Obtain Clue. Other developments in the industrial workers of the World affair today included a statement from the Police Department that there was a possible clue to the whereabouts of the six industrial workers of the World who, according to an assertion made last night by Chief of Police Wilson, were in San Diego with the intention to assassinate him, Mayor Wadham, District Attorney Utley and Captain John L. Sehon, superintendent of police.

It was said that the worker who had informed the police of the alleged plot and who, it was feared, because he had failed to communicate with the authorities at a stipulated time, might have been "made away with" by his companions. The officers said they thought they might be able, through the informer, to place the six alleged plotters in jail.

Flag Insult Reported. Two alleged industrial workers of the World received a letter today offering to assist in the purchase of a flag for the American flag. One was chased through the streets for two blocks, and then hurried out of San Diego in an automobile. The other was "daylight" vigilantes. The other was taken to the police station, where he gave his name as "John Doe," and was locked up on the charge of drunkenness.

Both disturbances occurred as the result of a campaign of citizens who were engaged in pinning small American flags upon the coat lapels of men who were not already decorated in that manner. The two men in question objected to having flags pinned to their coats.

Knowledge of Vigilantes Admitted. The contempt hearing of J. M. Porter, alleged "vigilante" leader, was continued today. F. C. Spalding, president of the San Diego Chamber of Commerce, admitted on the witness stand that he had knowledge of the citizens' committee or so-called "vigilantes."

Marcus W. Robbins, law partner of Fred H. Moore, attorney, who brought the charges against Porter on the allegation that the alleged "vigilante" leader had hindered his court work by having threatened him, also was placed on the stand. Robbins told of the threats Porter was alleged to have made to Moore.

### HISTORIC SHIP DRESSES UP

#### Cruiser Boston to Take on Gay Garb for Rose Festival.

At a meeting of the naval board of the Oregon National Guard arrangements were made for the decoration of the cruiser Boston for the water pageants of the Rose Festival. The ship will be provided with strings of colored electric bulbs on the masts and around the edge of the hull for night display and will be lavishly decorated with flags and streamers for daylight show. A number of militiamen are at work and expect to have the boat in shape to make a good showing during the festival.

Investigation by the board of the naval militia situation in Oregon has revealed the fact that conditions are favorable. Many recent improvements in the service have raised the standard materially and still other betterments are now under way.

### MEDIATION IS CONSIDERED

#### Interparliamentary Union May Urge Taft to Act in Mediterranean.

WASHINGTON, May 24.—Representative Richard Bartholdt, of Louisiana, was elected for the ninth time president of the American group of the Inter-Parliamentary Union today.

A committee was organized to consider the propriety of suggesting to President Taft that he offer his friendly aid as a mediator between Italy and Turkey.

### Attorney Is Indicted

TACOMA, May 24.—Attorney R. L. Sherrill, who obtained \$500 from Mrs. Elizabeth Craschule, of Wilkeson, a year ago on the representation, it is said, that it was for bail to secure her release from jail, was today indicted by the grand jury on the charge of grand larceny. Sherrill was located today at Wilkeson. In connection with Sherrill's dealings with Mrs. Craschule were rumors that he had to divide with the prosecuting attorney's office. This brought a prompt demand from Assistant Prosecuting Attorney Burnette for a public hearing of the matter. Nine other indictments were returned, but the names were not made public.

### MOB AND OFFICERS GLASH IN BUDAPEST

#### Rioters Destroy Property and Troops Come to Aid of Police.

### CASUALTY LIST IS HEAVY

#### Volleys of Revolver Shots and Stones Exchanged When Workers Make Demonstration Against Count Tizza.

#### BUDAPEST, May 24.—Fierce fighting broke out again in the streets of this city today between the strikers and the police, who are aided by a large force of troops.

A big mob of men disobeyed their leaders' orders to return to work and began again the wrecking tactics employed yesterday. The infuriated men first overturned a number of streetcars, then demolished display windows of stores on the principal streets. They then made an attack on the Calvary Church, afterward proceeding to Nauschles, where they set fire to a factory, feeding the flames with petroleum. The rioters beat off the firemen.

Troops put in an appearance and this was the signal for several volleys of revolver shots and stones to which the soldiers replied with volleys from their rifles. Rioters and troops suffered heavily.

At one factory a lively battle took place between the strikers and non-strikers. Revolvers were used freely and many were wounded. A column of 500 strikers today stormed the offices of the electric works, but were beaten back by the troops.

The rioters, most of whom are trained soldiers and adepts at taking cover, fired from behind barricades. The strike, which was called as a protest against the election of Count Tizza as speaker of the lower House of Parliament, was at first intended merely as a demonstration in favor of universal suffrage, of which Count Tizza is a determined opponent.

A demand for the extension of the suffrage has been forwarded to Emperor Francis Joseph.

About 50,000 men, representing half of the factory hands of the city, took part in the disturbances, marching through the streets and attacking men at work. When they were refused permission to hold a meeting outside the Parliament building, they came violent, destroying property of all kinds.

The amended list of casualties during yesterday's fighting shows that six were killed and 150 wounded, 100 of them seriously.

Peace was restored this evening through the intervention of the government. The strikers agreed to return to work tomorrow.

### Ex-President Visits Atlantic City and Camden, Where He Takes Another Fling at Taft.

#### CAMDEN, N. J., May 24.—"We are going to beat the politicians in New Jersey next Tuesday," said Colonel Roosevelt at the close of his second day's campaign in this state. "When we go through with them in Pennsylvania, there won't be enough left of them to put into a coal scuttle. It will be about the same thing here."

Colonel Roosevelt made a swing through New Jersey today, traveling to Atlantic City and thence to Camden. From here he went to Trenton for his final speech. The crowds were large and enthusiastic, where he spoke tonight. In Camden, where he spoke tonight, he replied to a statement which Mr. Taft was reported to have made.

"Mr. Taft says that if my proposal for a referendum on judicial decisions were adopted," said the Colonel, "there would be nothing to prevent a Legislature from repealing the thirteenth, fourteenth and fifteenth amendments to the Constitution and disfranchising the negroes. It is impossible to treat such statements as either sincere or serious. It is sheer nonsense. You might just as well speak of recalling the vote by which the thirteen original states adopted the Constitution."

### II CAN PREVENT AND RULE

#### Wilson's Delegates From Virginia to Retain Independence.

NORFOLK, Va., May 24.—Under final action by the Virginia Democratic state convention, the state's 24 votes at Baltimore are to be cast by 16 delegates, 14 having half a vote each. The unit rule can be applied only by a two-thirds vote after the first ballot.

If the contention that 11 out of the 24 votes are for Woodrow Wilson is true, it is said that these 11 can prevent the enforcement of the unit rule.

### CHINESE OPPOSE BILL

#### DILLINGHAM MEASURE IS TOO DRACONIC, SAY RESIDENTS.

#### Provision Forbidding Change of Occupation Regarded as Bar to Future Progress.

#### LOS ANGELES, May 24.—Chinese of Southern California, through their Chamber of Commerce in this city, issued an appeal to the people of the Coast today, asking them to join in a protest against the Dillingham exclusion bill, which has already passed the United States Senate and is now pending in the House of Representatives.

The national consciousness of China is awakening," said Henry Yip, secretary of the Chinese Chamber of Commerce today, "and the Dillingham bill is regarded as far too drastic. It gives immigration officials power to exclude any Chinese to whom they may object personally and according to its provisions a Chinese must continue to follow the occupation he declared on entering this country. This forbids all progress to the Chinese in the United States.

"We believe that the American people will have this bill killed as soon as they become aware of its purport."

### HOUSE HOLDING TO PLAN

#### Underwood Says Adjournment Must Come June 15—Senate Doubtful.

#### WASHINGTON, May 24.—The House is holding to its programme for adjournment about June 15, although no understanding has been reached with the Senate leaders, who are not optimistic.

Representative Underwood, Democratic leader of the House, announced today that "the programme for adjournment June 15 must be carried out so far as the House is concerned."

He said he would insist on sidetracking all legislation there in favor of the appropriation bills and few measures of imperative importance.

### 3-YEAR BILL AGREED ON

#### HOMESTEAD MEASURE TO BE REPORTED TO CONGRESS.

#### Main Features Retained—Entrymen Permitted to Leave for Five Months of Every Twelve.

#### OREGONIAN NEWS BUREAU, Washington, May 24.—The conference committee in charge of the Borch-Jones three-year homestead bill today reported what is declared to be a final agreement and the measure will be reported back to both houses in a day or two. The main features of the original bill are retained and all objectionable proposed amendments rejected.

As the bill is agreed upon, the homestead period is reduced from five to three years and entrymen are permitted leave of absence of not to exceed five consecutive months each year, they being required to notify the local Land Office when they leave the land and of the date of their return.

A cultivation clause is incorporated which requires the entryman to cultivate not less than one-sixteenth of the area of his entry the second year and one-eighth the third year, before receiving a patent. The bill will apply to all entries, including enlarged homestead entries and all pending entries.

Entrymen who have not yet received a patent will have the privilege of completing their proof under the three-year bill or continuing under the old law as they may prefer.

Senator Borch is much pleased over the agreement of the conference committee and is now hopeful that the bill will finally pass and become a law in the form in which it was reported to the conference committee. Senator Newlands did not attend the meeting of the conference today, but other committee members feel satisfied that he will approve the bill and join in the report.

### HAY'S SUCCESSOR NAMED

#### Edson Joseph Chamberlain to Be Grand Trunk Pacific President.

#### LONDON, May 24.—The announcement was made today that Edson Joseph Chamberlain, vice-president of the Grand Trunk Pacific Railway, has been appointed to succeed Charles M. Hays, who lost his life in the Titanic disaster, as president of the Grand Trunk Railway Company, of Canada.

MONTREAL, Que., May 24.—William Walworth, who has been acting president of the Grand Trunk Pacific, became first vice-president of the Grand Trunk Pacific to succeed Mr. Chamberlain.

M. G. Reynolds, of Montreal, a vice-president of the Grand Trunk, is made director and second vice-president of the Grand Trunk Pacific.
