The shot put was his weakest effort. He did only 32 feet % inch. But in the 160-meter dash he let out another link and did 11 1-5 seconds, the equivalent of 10 3-5 seconds for 100 yards, which is only 1-5 of a second slower than the best done by any all-around champion.

The remainder of the full decathlon—the 100-meters hurdles, the discusthrow, javelin throw, pole vault and 1500 meters—will be fulfilled tomorrow. Donahue will be at his worst in the 1500 meters and the discus.
