BEVERIDGE SEEKS TO DETHRONE NEW

Seats of Indiana Regular Delegates-at-Large to Convention Contested.

STATE CONTROL AT STAKE

Quartet Elected at "Rump" Convention Put Forward by ex-Senator. Old Political Warhorse Faces Greatest Battle of Life.

CHICAGO, May 17.—(Special.)—The factional troubles of the Indiana Republicans came into the limelight today when ex-Senator Albert J. Beveridge and his friends contested the seats of the "regular" delegates-atlarge to the National convention.

The contest of the seats of the delegates, which, if successful, would deturone Colonel Harry S. New, National committeeman and chairman of the subcommittee on arrangements—the

committee on arrangements—the important subcommittee of the consubcommittee on afrangoments—the all-important subcommittee of the con-vention—is an aftermath of the state convention held at Indianapolis on March 27. It would mean the forced retirement of Colonel New from his Four "Stegulars" Contested.

The "regular" delegates-at-large,

whose seats have been contested are Colonel Harry S. New, Charles W. Fairbanks, ex-Vice-President; Joseph D. Oliver, South Bend plow manufacturer; James E. Watson, former whip of the House of Representatives in Congress. House of Representatives in Congress. The contesting delegation of Roomeral followers who were elected in a rump' convention, is composed of Albert J. Heveridge, ex-Senator: Fred K. Landis, of Logansport, ex-Representative in Congress and brother of United States Judge Kenesaw M. Landis: Edwin M. Lee, former state chairman of Indiana, who was ousted by the Taft forces; Charles H. Campbell, Shelby-ville.

The contest is the first real attempt The contest in the first real attempt to "get" Colonel New by the Roose-vell forces. It means that the old indiana warforne will have to battle for his political life. It is even a more strenuous battle than the one he had four years ago, when he and Frank littebrock. Pestmanter-General, "went to the mat" and in which Colonel New came out with a whole skin.

Selection of Root Autogorders. The Rooserest forces are particularly bitter against Colones New because of his selection of Elihu Root as temporary chairman. With Colonel New out of the way in Indiana, Mr. Beveridge and his "progressive" conferes would have full sway. As matters now stang Colonel New is one of the few Sational committeemen who were able to hold the rains in their states and deliver to Fresident Taft.

To make the issue one of importance the Roosevelt forces have also contested the seats of delegates from the

the Rossevell forces have also contested tile seats of delegates from the
First and Third Indiana districts, the
first in the Evansville district—the old
Hemenway territory—and the latter
the New Albany district. With these
four delegates and four delegates—atlarge, should they win, the Rossevelt
adherents would have practical control of the Indiana delegation.

Dradlock is Expected.

Samples of the tickets for the Republican National convention bear mute testimany to the belief of the managers that there wil be a deadlock and a long fight. Tickets are being issued for Tuesday, June 18, 18, 20, 21, 21 and the latter tickets read: "Good for Saturday, June 22, and all days thereafter that the convention may continue."

The convention four years ago inst-ed four days, closing on Fxiday. An extra day's supply of tickets has been provided this year. Politicians are in-clised to take this ticket arrangement as a frank admission by the National committee that a deadlock over the Presidency may be on the bills.

Another precaution which this arrangement provides for is against the admission of miscellaneous camp followers in the event of a deadlock. If the regular greats used up their ticks privileges, it would be possible for willy compaign managers to pack the concention hall and create a display of ntiment that might turn the tide of

Many difficulties confront the betterment of our mutual relations and among them not the least is the inadequacy of press facilities between our various countries. Apparently persons who, through the misunderstanding of the different countries concerned are best able to satisfy their own sinister and selfish designs and purposes and reap gain therefrom have up to the present contrived that practically only the so-called news least likely to draw us close together has been given wide circulation. False interpretations have wickedly been placed on our Government's acts and designs and likewise a sentiment hostile to the United States has been cre-

"Under the terms of this bill practi-cally every fraternal and labor organi-zation banner ordinarily used in their processions would be unlawful under the four-inch block-letter requirement. Albert S. Bigelow, of Boston, Promoter of Old Dominion Copper Company, Loses Decision in Supreme Court.

WASHINGTON, May 27 .- One of the largest judgments against an individual ever decreed by the Supreme Court of the United States was announced today against Albert S. Bigelow, of Boston. He will be called upon to pay a judgment of \$2,100,000, together with interest, which probably will bring the total to \$2,500,000. The victor in the suit is the Old Dominion Copper Mining and Smelting Company. Bigelow and Leonard Lewisohn, of New York, promoted the company and while owning its stock, sold to it property at an enormous profit. They sold their stock to "the innocent public."

With the company under control of the "innocent stockholders," it sued Lewisohn in New York for the profits. The company lost.

The Massachusetts courts will be called upon to enforce the judgment.
