

WIFE, 29, FACING CHARGE OF MURDER

Spokane Spouse of Physician Says He Accused Her of Infidelity.

WOMAN NOW IN JAIL CELL

Mrs. Olds Repeats Her Confession Made After Shooting of Husband Who Had Been Drinking. Plea Will Be Self-Defense.

Spokane, Wash., May 29.—Nervous and suffering from periodical fits of hysteria, Mrs. Della Olds, aged 29, who shot and killed her husband, Dr. W. H. Olds, aged 60, last night, occupies a cell in the county jail. The authorities decided that no arrest was necessary and an information charging murder was filed against the woman.

Mrs. Olds repeated today the confession she made after the shooting. She declares that her husband, who had been drinking, accused her of infidelity and beat her. Then, she says, she seized a rifle and shot him to death.

After the shooting she called the police on the telephone and submitted to arrest. The prosecution hinted that it would be a difficult matter to secure sufficient evidence to convict her.

"Oh, God, Roy! I'm sorry now I did it!"

This was the passionate cry of Mrs. Olds when Roy Knox, Deputy County Clerk, and a close friend of the Olds family, entered her cell. Knox was accompanied by Mr. C. H. Steiner, her attorney, and Mrs. Yoon, who was present at the Olds home at the time of the shooting.

Mrs. Yoon was the only other person to talk to the prisoner. "Mrs. Yoon came to our house late last night," said Mr. Knox. "She was only partially dressed and frightened nearly into hysterics. She told us that she had a room next to where Mrs. Olds was sleeping when her husband came home. Mrs. Yoon was awakened by the noise of quarreling, she declared, and finally rose to go in and see if she could not quiet it. She told us almost immediately when she entered, she saw Dr. Olds grab her. He threw both herself and her sister on the bed, she stated, beating them. She was frightened, hurt and nearly unconscious, she told us, before she could get away."

MANY TO ENTER STATE "U"

Washington High Graduates to Continue Work at Eugene.

UNIVERSITY OF OREGON, Eugene, May 29.—(Special.)—Word has been received from an official source at the Washington High School in Portland that 25 members of the present graduating class at that institution have signified their intention to enter the University of Oregon as freshmen next September. Among the number are Vere Windnagle and Ted Edwards, of the championship Washington track and field team.

The list of the college-bound to-be is as follows: R. Becker, Miss Ada Marvin, James Cellars, Jay Davis, Miss Marguerite Deering, Aiden Doty, Theodore Edwards, Mead Gilman, Clyde Hedger, J. Dale Jewell, Don McLean, M. Lennan, Miss Lura Miller, Allen W. O'Connell, Kenneth Robinson, Arthur Runquist, Leon Sax, Miss Sarah Steele, Miss Florence Strick, Vere Windnagle.

Several years ago the students who had hailed from the Washington High School formed an alumni club at the university. This organization now has 49 members, who meet occasionally during the year in a social way.

FRANKLIN IS FORGETFUL

(Continued from First Page.) ter," as he pointed to two names on the list. I said, "Yes, that looks better than the others."

"What were the names?" asked Ford. "One of them was Lockwood," was the reply.

Darrow's Deposit Slip Shows. The deposit slip for \$1000 which Franklin said was given him by Darrow, the bank book of the witness and a check for \$500 drawn by him, were identified by Franklin and admitted into evidence, over the objections of the defense.

Continuing his story of the alleged bribery of Juror Bain, Franklin said he called upon Bain and repeated the proposition he had previously made to Mrs. Bain.

"Bain told me," said Franklin, "that he had but little money. He finally agreed to the deal, and I paid him \$400 cash."

"I told him not under any circumstances to use the money until two months after the McNamara case had ended. I advised Bain to run a grocery bill through the grocer that he had no money. I also advised him to have his wife go to the District Attorney as often as possible and draw his jury fees."

Success Reported to Darrow. The next day Franklin reported his success to Darrow, he said.

Franklin, toward his first visit to Lockwood's camp in an automobile. Lockwood was in bed and could not see him, so an appointment was made to meet at Franklin's office.

The meeting at the detective's office, several days later, was related in detail by the witness. He said that he asked Lockwood if he could talk to him confidentially on a proposition which, if he did not care to enter, would be regarded as inviolate. Lockwood replied, he said, "Yes, Bert, you and I can always talk confidentially."

"I told him that I was employed by the McNamara defense," continued Franklin, "and that I would like to have him as a juror in that case; that

I would give him \$500 cash and \$2000 more after he had voted not guilty."

Lockwood Pears Result. "Lockwood said that he did not like the proposition. He thought there was too much danger in that kind of deal. I asked him if he wished to consider it further, he said he did."

When he next visited Lockwood, Franklin said that after inquiring into the details of his offer, Lockwood wanted something stronger than verbal assurance that the remainder of the money would be paid him.

"I told him," said the witness, "that the very nature of things made his position better than ours. I said we would be compelled to settle with him. He promised to see me the next afternoon."

Asked whether he had discussed the matter with Darrow the witness said Mr. Darrow had merely asked him if Lockwood could be trusted and he assured the attorney that he could.

Franklin's direct examination will be concluded shortly after the resumption of the trial Friday morning, according to District Attorney Fredericks.

Other Bribery Attempts Charged. Taking advantage of the ruling of Judge Lutens Monday, the state, it was said today, would introduce evidence to support its charge that Darrow had endeavored to corrupt witnesses summoned by the prosecution in the McNamara trial.

Detectives Guy Biddinger, of the Chicago police, and George R. Behm, an uncle of the McNamara accused here today, and it is expected that they will be among the witnesses placed on the stand to prove allegations of wholesale corruption of witnesses by those engaged in the McNamara defense.

Under the ruling of the court, all evidence purporting to prove any charge made against Darrow in connection with the trial of James H. McNamara will be admitted.

Biddinger is said to be prepared to testify that an effort was made to bribe him in Chicago. He took part in the bringing of the McNamara and McNamangi to the coast from his last witness was made as body-guard to W. J. Burns.

GLANDERS CAUSE ACTION

OREGON WILL DECLARE QUARANTINE ON SEVERAL STATES.

Plan Broached to Prohibit Importation of Horses Except Under Severe Restrictions.

SALEM, Or., May 29.—(Special.)—Complying with a request of Dr. Julius F. Morel, State Veterinarian, the Governor's office is considering the question of declaring a quarantine against several states prohibiting the importation of horses into Oregon except under severe restrictions.

In a communication to Governor Morel, Dr. Morel says the veterinarian's office has been notified at different times that shipments of horses from California, Washington, Idaho and Utah have entered Oregon without being properly submitted to the examination as required by law. An outbreak of glanders exists in Malheur County among horses belonging to some contractors engaged in railroad work.

Another shipment of horses employed in railroad construction has been shipped from California without being submitted to the test for glanders, the veterinarian says, and while it has been his intention to prosecute these cases after reading the statutes and giving the matter careful consideration, he declares he could not see any way to best proceed.

"Unfortunately, the law covering the interstate shipment of animals is very weak and does not hold together," Dr. Morel says in his communication. "It is a pity that since I have been in office I have found a considerable number of cases of glanders existing among horses in Eastern Oregon and some down the valley, and considering the fact that we cannot afford to increase the number of cases of this very dread disease, immediate action must be taken in order to avoid any further trouble."

The question will be taken up with Dr. Charles Keane, State Veterinarian of California, to try to reach an agreement so that all shipments may be given a thorough examination before entering Oregon. In case satisfactory arrangements cannot be made with California, and also with Idaho, Dr. Morel will call upon the Governor to issue a proclamation in which shipments from these two states and the others named will be prohibited.

HILLSBORO MAN IS SUICIDE

Native of Denmark Takes Carbolic Acid—Body Found on Bed.

HILLSBORO, Or., May 29.—(Special.)—Christian Larson, a native of Denmark, aged about 43 years, was found dead in his home on East Main street today, death having resulted from suicide with carbolic acid.

The body was lying in a bed in the upper story and on a stand at the head of the bed was a four-ounce bottle of carbolic acid, a large quantity of which had been swallowed. Larson was a widower, his wife passing away in August, 1910. Since that time, while not dependent, he has been reticent and lived more or less an isolated life, declining to reside with a son, except at intervals. He was a carpenter by trade and was highly esteemed. He passed his early life in New Zealand, going there from Denmark when a young man. He came to Oregon in 1884, settling at Cornucopia, and moved to this city in 1884.

Two sons, Axel and Ed, reside in California, and Carl, the youngest, resides here. Peter, the eldest, lives in New Zealand.

Marshfield Graduates Seven.

MARSHFIELD, Or., May 29.—(Special.)—A class of seven students graduated this year from the Marshfield High School. Various class-day exercises and entertainments are being held, and the baccalaureate sermon was delivered by Rev. H. I. Rutledge, of the Methodist Church. The graduates are: Ernest Harrington, Mary Price, May Pruss, Nora Tower, Bartlett Flanagan, Milton O. Carlson and Chauncey Clark.

Graduating exercises at the North Bend High School will take place May 30. The six graduates are Harry G. Conroy, Harold Hunt, Clyde Smith, Charles Van Zile, Miss Faith Hines and Miss Nellie A. Knorr. Rev. Albert Hisey will deliver the class sermon at the North Bend Methodist Church.

Dallas Sewer Is Started.

DALLAS, Or., May 29.—(Special.)—Work has begun on the \$28,000 Ash-street sanitary sewer system by Dennis & Christensen, contractors, of McMinnville. This system when completed will serve all of the city not heretofore provided for.

Besides work on the sewer system, work is being carried on of macadamizing about 10 blocks at an approximate cost of \$30,000.

Irish tobacco and Irish cigars and cigarettes are sought in Dallas, with barrettes and "smoked with enjoyment, and it may be the only matter of time when Irish cigarettes will be known the smoking world over.

PENDER TRIAL IS ON

Accused Wehrman Slayer's Case Starts at St. Helens.

SPECIAL VENIRE CALLED

Much Opposition Seen to Bringing in Verdict on Circumstantial Evidence—Many Excused. Courtroom Crowded.

ST. HELENS, Or., May 29.—(Special.)—John A. Pender was placed on trial in the Circuit Court here today before Judge Campbell for the alleged murder of Daisy Wehrman and the task of securing a jury was begun. At 2 o'clock the regular panel of jurymen was exhausted and the Sheriff was ordered to summon a special venire of 24 to report Friday.

When court took a recess there were six jurymen who had been passed for cause, as follows: J. P. Archibald, farmer of Goble; G. R. Hyde, farmer of Yankeet; James Waiters, timberman of Deer Island; Andrew Erickson, farmer of Clatskanie; H. M. Olson, farmer of Marshland; and William Anderson, retired, of Scappoose.

The principal reason for the excusing of so many of the prospective jurymen was their opposition to bringing in a verdict on circumstantial evidence, although a few were excused on account of their conscientious scruples against capital punishment.

From the questions asked of the jurors, it is evident that the state will rely entirely upon circumstantial evidence to convict Pender, while the defense will rely upon the failure of the state to make a case and also endeavor to prove an alibi. There are about 10 witnesses in attendance and the case, probably, will reach well into next week, before it is concluded.

The courtroom was filled with spectators and witnesses at large sessions of the court today. E. H. Tongue, District Attorney of Hillsboro, and M. E. Miller, Deputy for Columbia County, appeared for the state, and John P. Logan and John H. Stevenson, of Portland, for the defense.

PRESBYTERIANS MAY UNITE

United Body of Church Adjourns Seattle Session.

SEATTLE, Wash., May 29.—The 54th general assembly of the United Presbyterian Church was dissolved today by Moderator Bell, of San Francisco. The next general assembly will meet at Atlanta, Ga., at the same time as the general assembly of the Southern Presbyterian Church and the general assembly of the Presbyterian Church of North America, and it is probable that a union of the three divisions will be effected at that time.

The closing session today was devoted to the consideration of minor reports and in clearing up of routine business.

The following were elected to positions on the church boards: Trustees of the general assembly, Dr. R. J. Miller, Dr. J. Brown and Dr. James D. Sands, all of Pittsburg; general secretary of Young People's Work, Rev. H. A. Kelsey, East Liverpool, O.; moderator, Dr. J. K. Montgomery, New Concord, O.; chairman of the committee on church unity, Dr. J. K. McClurkin, Philadelphia.

STUDENTS HONOR STANARD

Portland Boy Is Elected President of Junior Class.

UNIVERSITY OF OREGON, Eugene, May 29.—(Special.)—Delbert C. Stanard, of Portland, was today elected president of next year's junior class by the present sophomore class. Stanard graduated from Washington High School in June, 1910. Junior presidency is one of the most coveted honors in college. Four candidates were nominated, Stanard winning on the second ballot, after the two low men had been eliminated. Election of officers in the Spring for the following year is an innovation introduced by the university by the present sophomore class.

Portland students also secured a majority of the remaining offices. Successful candidates were: Vice-president, Miss Lucia Macklin, of Portland; secretary, Miss Maude Mastick, of Portland; treasurer, Colton Meek, of Portland; and recording secretary, Robert Bradshaw, of The Dalles; sergeant-at-arms, Woo Sun, of Salem.

UNIFORM MILEAGE IS TOPIC

State Railroad Commission Arranges Meeting of Passenger Agents.

SALEM, Or., May 29.—(Special.)—The Railroad Commission has two important matters to be taken up in June. One is the question of a uniform mileage system. A conference will be held June 4 with the passenger agents of all the railroads in the state, at the State House, and a system of interchangeable mileage books will be discussed.

Another matter relates to log rates and is of much importance to the state at large. A hearing is scheduled to be held at Baker on June 13. The log rate case of the Sumpter Valley Railroad will be taken up. The intention is to include in this the general service and practice of the road. The question of log rates takes in log-grade traffic, which all railroads handle in greater or less degree, and for that reason the hearing will be of much concern, not only to the logging interests in Oregon, but in adjoining states as well.

WEST HITS DUPLICATION

Governor Opposes Same Courses of Study in Two Institutions.

SALEM, Or., May 29.—(Special.)—"Duplication of courses should be eliminated as far as possible in the University of Oregon and the Oregon Agricultural College," Governor West said today. "I understand it is an established fact that certain persons who have given the subject careful study will likely submit a plan at the joint meeting of regents to be held here Friday."

The Governor said that personally he had not given the subject close study and would be at a loss to outline any plan himself, whereby duplication of courses could be eliminated. He said that he was in thorough accord with any plan which would provide distinct and separate courses in each school. But he had no suggestions to make as to how this should be done.

"So long as it is done, I think it

Store Open Today Until Noon

(Decoration Day, May 30th.) "Patriotism is the vital condition of National permanence."—George William Curtis.

Here's a special line of true blue serge suits at \$14, warranted not to change color or to run.

all that I care to offer as a suggestion. Whether a bill defining what the course of study are to be initiated along with the mileage plan, or whether the joint board or the special committee, define the courses, is immaterial. The main thing is that such a plan outlined and carried out near as possible for no duplication in the several studies. Each school should be in a distinct sphere of its own."

COTTERILL CASE TRIAL SET

Judge Overrules Demurrer in Gill's Action for Reaccount.

SEATTLE, Wash., May 29.—(Special.)—Demurrer entered by attorneys for Mayor Cotterill to the suit brought by attorneys for Hiram C. Gill to force a recount of the ballots cast in the last Mayorality was today overruled by Judge Albertson, in the King County Supreme Court, and the case set for trial June 1.

In making his ruling Judge Albertson declared that he had found it difficult to reconcile the two A. V. Fawcett cases tested in the Supreme Court in 1906, in one of which the Supreme Court ruled it had no jurisdiction, as it was an election contest only; whereas in the other a quo warranto proceeding had been filed, and the case was under consideration, the court ruled it had jurisdiction and entered judgment ousting Fawcett from office.

GEBHARDT HEARING SET

Stafford Farmer Will Plead Not Guilty to Murder Charge.

OREGON CITY, Or., May 29.—(Special.)—August Gebhardt, of the Stafford district, will be given a hearing Saturday on a charge of killing Robert Lindley, a farm hand. The prisoner will plead not guilty. He declares that he shot in self-defense and an antimatter statement of Lindley is said to have been shot Sunday night at the Gebhardt home, following a party at which beer was served. Although the bullet piercing the heart of Lindley was fired from a .38 Smith & Wesson, the coroner's jury returned a noncommittal verdict to the effect that Lindley died from a gunshot wound. The gun having been fired by Gebhardt.

CASTLE ROCK GRADUATES YOUNG.

CASTLE ROCK, Wash., May 29.—(Special.)—The Castle Rock High School graduated the largest and youngest class in its history last Friday night. Several have already secured schools for the coming year, while a portion will enter college this Fall. The following are the graduates and their ages: Helen Argyle, 18;

WE NEVER FORGE SKIN-SUFFERING WHEN A CHILD

Almost Went Crazy, Burned and Itched, Could Not Sleep. Used Cuticura Soap and Ointment. In 3 Months Sores Disappeared.

Davenport, Wash.—"When I was a child I had some little round sores on my neck and under my arms. I never shall forget how I suffered with those sores. In the winter they were not so bad but in the summer I would almost go crazy. When I was warm they would start to burn and itch, and it was all I could do not to scratch them. I could not sleep and sometimes I could not eat, because it itched so bad that I had to get out of bed."

"Then I heard of the Cuticura Soap and Ointment so I thought I would give them a trial. I got me a cake of Cuticura Soap and a box of Cuticura Ointment. At night I would bathe with hot water and Cuticura Soap and then put on some Cuticura Ointment, and in the morning I would do the same thing. I did that every night and morning for three months, then I found that the sores had disappeared. Just as soon as I started to use Cuticura Soap and Ointment the itching and burning stopped and I could sleep at night. I never use any other soap for my children, and I think that no mother should be without Mrs. C. D. Marriott, June 29, 1911.

For treating poor complexions, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. Sold everywhere. Sample of each mailed free, with 22-page book. Address: Cuticura, Dept. 7, Boston. Tender-faced men should shave with Cuticura Soap Shaving Stick.
