

2
TYPHOID IS FATAL
TO WILBUR WRIGHT

Pioneer Aviator Loses Long
Battle on Brink of
Grave.

HE INVENTED AEROPLANE

Family at Bedside When Death
Comes to Darling Airman and
Close Student of Principles
of Flight in Air.

DAYTON, O., May 30.—Following a
stinking spell that developed soon after
midnight, Wilbur Wright, the well-
known aviator, died at 3:15 A. M. to-
day, of typhoid fever. He had been
near death for many days, and though
his condition from time to time gave
some hope to members of his family,
the attending physicians, Dr. D. B. Con-
kling and Levi Spitzer, always pre-
sented the latter part of his sick-
ness that he could not recover.

When the patient succumbed, he was
surrounded by the members of his fam-
ily, which included his aged father,
Bishop Milton Wright, Miss Catherine
Wright, Orville, the co-inventor of the
aeroplane, Reuchlin Wright and Lavinia
Wright. All of the family live in this
city except Reuchlin, who lives in Kan-
sas.

Chill Accompanies Fever.

The most alarming symptoms in
Wright's sickness developed yesterday
shortly before noon, when his fever
suddenly mounted from 104 to 105 and
then quickly subsided to its former
stage. At this juncture the patient
was seized with chills, and the attend-
ing physicians were baffled by the
turn of events. Chills were unusual in
a patient suffering from so high a
fever, and the doctors at Wright's bed-
side were puzzled.

The condition of the aviator was un-
changed through the remainder of the
day, and there was no improvement un-
til midnight.

Diagnosis Is Delayed.

Wright was seized with typhoid May
4, while on a business trip in the East.
On that day he returned to Dayton
from Boston and consulted with Dr.
Conkling. He went to bed immediately
and it was several days before his case
was definitely diagnosed as typhoid
fever.

Arrangements for the funeral had not
been completed early today.

Wilbur Wright was born in Henry
County, Ind., April 16, 1867. Orville,
the sixth child, was born August 19, 1868.
Wilbur and Orville attended the local
high school, and stood high in their
studies. Hampered by heart trouble,
ceased, it is thought, by accidentally
being struck by a pole stick, Wilbur
was compelled to abandon his purpose
of attending college. Their father,
Bishop Milton Wright, being away from
home much of the time, the two broth-
ers helped to maintain their home. The
two first started a job printing office,
and for a while published a small paper
that had a suburban circulation. They
then entered the bicycle business and
opened a repair shop, at the same time
manufacturing bicycles.

Game of Flying Studied.

In the meantime they began studying
the flying machine while carrying on
the bicycle business and in pursuit of
this subject they acquired a knowledge
of underlying principles, further adding
to their knowledge by an acquaintance
with different inventors.

The ancestry of Wilbur Wright can
be traced through a number of genera-
tions in England. Samuel Wright,
through whom the name came to America,
came in 1728. His descendants partici-
pated in the Revolutionary War.

FIRE RAGING IN TUNNEL

Stranger Seen to Have Come Into
Railway Tube Before Flames Rose.

FORTOLA, Cal., May 30.—The fire in
the 800-foot Chikiloot tunnel of the
Western Pacific Railroad, 15 miles east
of here, is still raging and all efforts
so far made to extinguish it have been
fruitless. The air that issues from a
blaze in the east end of the tunnel more
than a mile from the fire, is so hot
on the surface of the tunnel that it
burns one's hand when touched. The
timbers are burned out for a distance
of 400 feet.

Two Drown in Pistol Row

GOLD BEACH, Or., May 30.—George
Sawley and Walter Hatfield, of Clatsop
were drowned in the breakers at the
mouth of the Pistol River this morning
when the engine refused to work
in their shallow launch. They were
carried to sea by the ebbing tide and
their boat capsized in the breakers
with fatal results to both. The bodies
have not yet been recovered. They
were both young men and unmarried.

Victor Preference Avoided.

Chairman Upham decided today that
neither the likeness of President Taft
nor a picture of Colonel Roosevelt
should be used in the convention hall.
The Roosevelt leaders yesterday asked
that if a picture of President Taft was
to be displayed, equal prominence be
given to a likeness of Colonel Roosevelt.

Contradictory reports that Colonel
Roosevelt would or would not attend
the contest hearings and the conven-
tion itself were heard. The Taft lead-
ers expect that Colonel
Roosevelt will be here to take charge
of the contests brought by his followers
and also remain in Chicago during the
convention.

Colonel May Not Attend.

Mr. Knox declared that he talked to
Colonel Roosevelt less than a week ago
and was positive Colonel Roosevelt had
the slightest idea of coming to Chi-
cago.

CLARK GETS 90 PER CENT

Only Few Hundred Votes Are Cast
for Wilson in Arizona.

PHOENIX ARIZ., May 30.—About 6000
votes were cast in the Democratic state
presidential preferential primary yester-
day and, according to returns labored
today, Clark obtained 90 per cent
of the total. Wilson polled only a few
hundred.

Eugene Brady O'Neil, candidate for
National committeeman, carried Maricopa
and Yuma Counties but was de-
feated by the overwhelming vote of the
North, which went almost unanimously
for Reese W. Ling.

TAFT WILL STAND FIRM

"NO COMPROMISE" ORDER SENT
TO VORYS IN OHIO.

President Says Issues Are Too Im-
portant to Country to Permit
Voluntary Concession.

WASHINGTON, May 30.—President
Taft sent a telegram to Arthur I. Vorys,
Republican National Committeeman
for Ohio, declaring that while he does
not need that state's six delegates at
large to secure the Presidential nomi-
nation, he will not consider a compro-
mise in the Ohio state convention. The
telegram follows:

"I hope my friends will not consider
for a moment the suggestion of compro-
mise in the state convention. The
votes involved are not necessary to my
nomination, I can stand their loss
and am content to be beaten in Ohio,
but I cannot yield any votes by agree-
ment. The principles that were pre-
sented are too important to the coun-
try to lose anything by our voluntary
concession. I hope, therefore, that
you and my friends will press the con-
test to the end in the state conven-
tion."

With President Taft's influence and
that of all the Taft political advisers
back of him, Senator Burton will leave
Washington Saturday to take up the
fight for control by the Taft forces of
the Ohio convention, scheduled for
early next week.

Although Colonel Roosevelt won a
victory over the President in Ohio's
primary, the Taft managers are con-
fident they can dominate the state con-
vention and add Ohio's six delegates
at-large to the Taft column.

pected by Agreement.

DENVER, May 30.—The Denver,
Northwestern & Pacific Railroad (Nort-
west), for which receivers recently
were appointed, will be restored to the
owners in 90 days, if negotiations now
pending are successful.

Advice received in Denver today that
representatives of the receivers, the
owners and the holders of \$2,500,-
000 notes, whose non-payment caused
the receivership, will meet in New
York Monday to consider a settlement.
It is understood that an adjudication of
the difficulties may be reached, the
note holders agreeing to an extension
of these obligations.

CALEM, Or., May 30.—(Special.)—
Harver Dart, of Scotts Mills, who was
injured in a runaway accident, is still
unconscious in a hospital here and
physicians have given up hope of his
recovery. The man has been uncon-
scious for two weeks, with the excep-
tion of a few hours. The man's skull

Of this number, 91 were men, 28 wo-

everything of value behind. They were
met upon arrival by representatives of
the Associated Charities, the Y. M. C. A.
