

T. R. A. GETTYSBURG SAYS RING IS IN HAT

Colonel Declares "Talk of Imperialism" Is as Foolish Now as Just After War.

TYRANNY NOT IMMINENT

Address Dwells on Necessity for Mingling of Common Sense With Lofly Idealism—"Ranking Hatred" Depreciated.

GETTYSBURG, Pa., May 29.—On a mound from which Union batteries hurled their shells half a century ago, Colonel Roosevelt today spoke in commemoration of the soldiers who gave their lives at Gettysburg and urged the men of today to meet the Nation's problems with the spirit of the men of '61.

Before Colonel Roosevelt made his address, which was delivered in the National cemetery, he watched veterans of the war, marching haltingly behind their own flags, scatter flowers over the graves of the dead here. Their task was lightened by scores of children.

"In these days just after the war there were foolish people who talked of imperialism and of a dictatorship," said Colonel Roosevelt.

"They said the soldiers would tyrannize our country. During the great lesson taught was that within six months after the war soldiers could go back to the farm and shop and be absorbed in common life with the people."

Talk of "Imperialism" Depreciated. "The talk of imperialism was no more foolish than it is now. I have too much respect for you to tell you that you are in no danger of a dictatorship. When any man tells you that get a horse and a paramecium, for if he really believed it he isn't fit to be at large."

Before going to the cemetery Colonel Roosevelt ate luncheon with the aid of a tin cup and a paper plate, in a tent in company with the delegates to the convention of the Brotherhood of Locomotive Engineers, who have been meeting at Harrisburg, Pa., and came to Gettysburg for the day. It was the intention of the engineers that brought Colonel Roosevelt to Gettysburg.

As he rose to speak after the luncheon, a man stepped out. "Is your hat still in the ring?" "I think the ring is in the hat now," the Colonel responded.

Ideals and Common Sense Combined. "The veterans of the Civil War," said Colonel Roosevelt, "had a vision of a country united forever and not only the priceless heritage of the memories of valorous self-sacrifice shown in the Civil War, but also by their careers and their whole attitude in the war and after the war, have taught us lessons which we should apply to ourselves in our lives. During the war they showed that mixture of intense and lofty idealism with sound, practical common sense which is as essential to a nation's success in peace as in war."

Every man in the Army would have recognized, so every man in civil life ought to recognize, that equality of reward, where there is an after inequality of service, is itself a very gross form of injustice. But a soldier bears patiently the slight of reward coming to a general, not because of inferiority, but because of political or financial intrigue, and no soldier was patient with the giving of reward where a service had not been rendered.

In just the same way, in civil life, no good citizen should withhold his hearty praise from those who succeeded in business or in other ways, unless the result of honest exercise of superior ability. Our protest must be merely against utter inequality of reward, against reward that comes to a man because of political or financial intrigue, and especially against all reward that comes to any man because of conduct that amounts to wrongdoing in violation of the eternal laws that underlie right from wrong.

Evils Must Be Recognized. "If we refuse to face the fact that there are great existing evils and that we must work with all our heart and mind to solve them, then we shall prepare disaster to ourselves in the future. We shall no less prepare disaster for ourselves if we fail to work with Lincoln's broad kindness of spirit toward all our fellow citizens with malice toward none, with charity to all, striving resolutely to accomplish our end but forgiving on all weaknesses and doing everything in our power to prevent 'a ranking snarl, whether shown in the form of envy or of arrogance and the disregard for the rights of others which have so often in the past turned movements for the betterment and uplift of mankind aside from the goal at which they were aimed and have incalculably marred what would otherwise have been achievements of the most far-reaching good for all humanity."

BOY SCOUTS PARADE FEATURE Delegation of 1500 Takes Part in Chicago Exercises.

CHICAGO, May 29.—Under bright skies Chicago paid tribute to the heroes of the Civil War. Thousands of persons stood along Michigan avenue and Jackson boulevard, and witnessed an unusually long parade in honor of the Nation's dead. While thousands of others visited cemeteries and placed flowers on the graves, the parade made pilgrimages to the Lincoln monument in Lincoln Park and by night at Goddess' memorial to the martyred President was backed high with floral tributes and American flags.

A feature of the parade was the delegation of 1500 Boy Scouts.

Brownsville Has Small Fire. BROWNVILLE, Or., May 29.—(Special.)—The Brownsville Woolen Mills caught fire here at 2 o'clock this afternoon. As there was plenty of water at hand the fire was soon extinguished. The loss will be between \$1000 and \$1500, which is fully covered by insurance. The fire started in the drug store.

HUGE SAFE, INSTALLED IN SALEM BANKING-HOUSE. WEIGHS 55 TONS, COST \$25,000.

HIG STRONG BOX AWAITING REMOVAL TO BANK. SALEM, Or., May 29.—(Special.)—One of the biggest safes ever brought to the Pacific Coast arrived in the Ladd & Bush banking-house. This safe is 9x10 1/2 feet and weighs 55 tons. It is valued at \$25,000. The freight charges amounted to \$2131, the largest charge on a single carload which has ever come to the Coast. The safe is a 24-inch manganese steel safe, made over the lines of the Oregon Electric Company from Portland. The safe, on its big truck, was switched to the streetcar lines and to the bank building in State street.

STRAY BULLET HITS

Young Athlete of Oregon City Seriously Wounded.

ACCIDENT MAY BE FATAL

Shot From .42-Caliber Rifle, Fired at Snag in River, Ricochets, Strikes Lad in Breast—Physicians Say Youth May Live.

OREGON CITY, Or., May 29.—(Special.)—Robert Green, son of S. R. Green, was accidentally shot and seriously wounded today by E. T. Fields, agent for the Southern Pacific Railway, in the shooting of a snag which occurred on the river in the rear of Frank Bush's store, at Twelfth and Main streets. Mr. Fields, who was rowing on the opposite side of the river, fired at a snag with a .22 caliber rifle, the ball ricocheting on the water and striking the lad, who had landed from a boat only a few minutes before.

Several workmen employed at a sand bank saw the boy fall and went to his assistance. Sheriff Mass was notified and Drs. H. E. and Guy Mount were summoned. It was at first thought the lad had been shot through the heart, but an investigation made at the Oregon City Hospital showed that the bullet entered below the heart and the physicians think the lad may live. Dr. E. A. Sommer, of Portland, tonight probed for the ball.

SOLDIER IS BOATBUILDER

Non-Commissioned Officer at Fort Stevens Launches Second Craft.

FORT STEVENS, Or., May 29.—(Special.)—Sergeant Olson, of Fort Stevens, has completed and launched his 25-foot gasoline launch. This is his second effort in this direction. His first craft measured 25 feet in length and equipped with a 25-horsepower engine was capable of making 18 miles an hour. The second boat has not been tried out for speed.

WEST URGES CLEAN FIGHT

Governor Advises Would-Be Lawyers to Enter Politics.

SALEM, Or., May 29.—(Special.)—In a short talk today to the law students who are taking the state bar examinations, Governor West urged the young men to take an interest in the political and civic life of the state.

LEBANON SEWER FOUGHT

State Health Board Objects to Waste Entering Branch of River.

LEBANON, Or., May 29.—(Special.)—The construction of the Lebanon sewer system seems to be attended with an unusual amount of obstacles. After several hitches and delays in the sale of the \$50,000 sewer bonds, and the pro-

curing of rights of way to cross under the Libany-Santiam Canal, which is the source of the water supply for Albany, and a great deal of precaution to protect his water source, now comes a threat from the secretary of the State Board of Health to take the matter into the courts if the city attempts to discharge the sewer waste into Marks Slough, which is a branch of the South Santiam River.

There is no one living on this slough from the point of discharge to where it again enters the river proper, and no one lives on the river from Lebanon for several miles below town. There is no town on the South Santiam River from Lebanon to the mouth of the North Santiam, 15 miles below here, and the only town on the North Santiam below Lebanon is Jefferson and it does not take its water supply from the river.

These being the facts, the people here fall to see any merit in the complaint and threat to the sewer proper, and will proceed to build the sewer, upon which work was started this week.

The plans for the sewer system provided, however, that when it becomes necessary to establish a sewage purification plant, it may be done. This would cost the city from \$10,000 to \$15,000 additional to the original cost of the sewer. The city has acquired considerable expert information on the subject. The conditions here are no different from all the Willamette Valley and other cities using streams for sewage disposal.

PARTY TRAVELS FAST

RAILWAY MEN GO 600 MILES IN FOUR DAYS.

Great Northern Officers Tour Central Oregon and Chase Horse-Thieves as Diversion.

BEND, Or., May 29.—(Special.)—The party of Great Northern Railroad officials, who have been touring Oregon since Sunday under the guidance of W. P. Davidson, president of the Oregon & Western Consolidation Company, today completed the last leg of one of the most remarkable automobile trips ever attempted even in this country of vast distances. Despite adverse weather conditions they made nearly 600 miles in four days.

A diversion of the strenuous trip was an attempted pursuit of horse thieves today. The party encountered a ranchman named G. A. Johnson in the homestead district, 70 miles southeast of here, and finding that two valuable horses had been stolen from him last night, arrested them. They followed up clues which they thought would lead them to the hiding place of the thieves. No capture resulted from their strenuous efforts.

The purpose of the trip, say the officials, simply is to give the railroad Eastern immigration workers a first-hand knowledge of the country for which they are working. They say Montana is filled and that now they will devote their full attention to Oregon. Leaving here Sunday the party made breakfast in Harney County, in two days, via La Pine, Silver Lake and Brookings. Thence they went to Burns, where William Hanley entertained them. They came to Bend, going from here after supper to Prineville. Tomorrow morning all will board the train at Metolite. Mr. Davidson will return to St. Paul and the other in will go to Willamette Valley points. The party includes E. C. Leedy, general immigration agent, and F. W. Graham, Western industrial agent. Mr. Davidson drove one of the five automobiles for the entire 600 miles.

OLCOTT ASKS STRONG LAW

Secretary Won't Stand Sponsor for Weak Blue Sky Measure.

SALEM, Or., May 29.—(Special.)—Secretary of State Olcott gave out a statement tonight in which he takes the position that rather than stand sponsor for a weak and ineffective blue sky law his office will drop the plan of submitting the bill under the initiative and put the whole matter up to the Legislature. He said the corporation department, has just returned from Portland after a two days' conference with representatives of the Realty Board and others. Some changes have been made in the bill as originally drafted in this office. Whether they are good or bad I am not prepared to say. I understand that certain Portland realty dealers want further amendments that will make the law still more flexible. They appear to take the position that it is a fine thing to regulate the other fellows' scheme so long as the law does not restrict their operations. The bill as originally drafted was closely modeled after the Kansas act, which has given excellent satisfaction in that

Very novel Patterns for Young Men

Portland Firms Incorporated.

SALEM, Or., May 29.—(Special.)—The Pacific Coast Resilient Wheel Company and the Shide Resilient Wheel Company, both of Portland, yesterday filed articles of incorporation in the Secretary of State's office. Each company has the same incorporators. The former is capitalized at \$600,000, and the latter at \$1000. The objects of each company will be to buy, manufacture and sell iron, steel, manganese, coke, copper, rubber, wood, lumber and logs. Each company also will manufacture and design models and metal patterns and repair and remodel all kinds of machinery, and do a general machine and jobbing business. The incorporators are Theodore Shide, Edward Nimmo and A. R. McWilliam, all of Portland.

Fire-Fighting Plans Progress.

SALEM, Or., May 29.—(Special.)—State Forester Elliott, who returned from Portland today, said that the plan of organizing county fire associations among timber owners was meeting with remarkable success. Two new associations have been organized, one in Columbia County and the other in the western part of Lane County. The agreement with the Government for the appropriation of \$10,000 was received today by Mr. Elliott and will be signed and returned at once.

Mosler's New Sawmill Starts.

MOSLER, E. L. Root and B. W. Veatch have just installed a new commercial industry in Mosier, in the form of a new sawmill, which started operating today. The new mill has a capacity of 20,000 feet per day, and they expect to work it to the limit in order to fill the large number of orders on hand; in addition to the sawmill they will operate a new planer which is being set up, and will manufacture a finished product. Such an industry is quite an acquisition to the town, as it will increase the payroll to a marked extent, and the owners are assured of every support of the district.

Don't Worry About Your Heart

Most people who have heart disease do not know it. Most people who think they have heart disease, haven't. They only think so. Pain in the region of the heart is mistakenly supposed to be a symptom of heart disease. Just as pain in the back seldom or never indicates kidney trouble, so pain near the heart is scarcely ever present in organic heart disease. This pain is nearly always from the stomach which is connected with the heart by many nerves.

When Your Digestion Is Out of Order

if often affects the heart and even causes an irregularity in its beat. The gas produced by undigested and fermenting food may cause pressure that affects the heart unpleasantly. But these pains do not mean that you have heart disease or need fear sudden death. Try toning up the stomach and learn how quickly and surely you lose the fear of heart disease.

Tone Up the Stomach

Correct any errors of diet. Eat the right things and not too much of them. If you do not know what the right things are, send for our diet book. It is free. Don't starve yourself and don't pamper your stomach with predigested food and artificial aids to digestion. Tone up your stomach so that it will do its own proper work, don't worry about your heart or anything else (worry causes and aggravates indigestion) and you will be well and happy.

With Dr. Williams' Pink Pills

improvement begins with the first dose. First you notice an increase in your appetite. Then you see that the food does not distress you, that you are no longer troubled with gas, sour risings in the throat and those misleading pains around the heart. Strength and energy return and the rich red blood, bearing the full amount of nourishment yielded by food, carries renewed vitality to every organ of the body. Dr. Williams' Pink Pills sold by all druggists, or direct by mail, postpaid, 25 cents per box; six boxes, \$2.50. For the diet book write to The Dr. Williams' Medicine Co., Schenectady, N. Y.

Here's the remedy for "House-Maid's Grouch"

One dozen assorted Campbell "kinds". Keep handy, on the pantry shelf. Have say 3 of the "Vegetable" fresh with spring-time flavor, 2 of the Clam Chowder, 1 of the hearty Beef Soup, 2 each of the "Chicken", the "Ox Tail" and the "Mock Turtle"—all so savory and satisfying; and ready in three minutes, with no trouble for anybody. Take regularly, "as prescribed",—specially Mondays and holidays. May cure your own grouch too. Try it today.
