LABOR TAKES UP PORT LAW Central Council Would Draft Initiative Amendment Measure.

By unanimous vote, Central Labor Council last night instructed its legislative committee to draft an initiative measure for the extensive amending of the Port of Portland law. The purpose of the proposed bill, which will be submitted to the voters in the November election, is to give the people

enlarged powers not only in electing the members of the Port, but in direct-ing the general administration of the incorporation.

Organized labor has two objections to the measure that has been drafted by the Civic Council and proposing a general revision of the school laws as they apply to School District No. I. Exception is taken to that section which provides a property qualification in order to participate in the annual election of members of the Board of Education. The laboring people also want the law amended so that the polis on election day may be kept open until probably 8 o'clock F. M. Undar the present law the polis are closed at 6 o'clock, with the result, complains the Central Labor Council, that a great many working people do not have an opportunity to vote. If these concessions are made by the Civic Council, organized labor will support the bill proposed by that body, otherwise they will formulate one of their own for presentation to the Legislature.
