

CONVENTION TO TAKE MORE PERSISTENT

Many in Both Taft and Roosevelt Camps Would Welcome Third Candidate.

COLONEL MAY NAME MAN

Pollicians Believe Proposal Coming From T. R. Himself Would Be Supported, Especially if Hughes Were Choice.

OREGONIAN NEWS BUREAU, Washington, June 2.—With the Republican National convention only two weeks away, neither President Taft nor Colonel Roosevelt can safely claim a majority of the delegates, and the prospects are that this situation will continue up to the time the convention organizes. Both leading candidates profess confidence in their ability to win the nomination, but neither feels absolutely safe about some of the delegates whose loyalty is in question and whose stability is yet to be determined. And as usual, the wavering is principally among the Southern delegates.

It is a well-recognized fact that Republicans, and especially politicians, are not as sharply divided as between Taft and Roosevelt as would appear on the surface. There are many Republicans who have been voting for Taft men who primarily are anti-Roosevelt men, and on the other hand, there are many politicians who have been following the Roosevelt banner thus far not because of any admiration for the Colonel, but because they will not support Taft. How large this element actually is, no one is in position to say, but the indications are that the anti-Roosevelt element is quite numerous. These anti-Roosevelt men, therefore, at heart favor the nomination of a compromise candidate.

ANOTHER MUNYON RHEUMATISM CURE

Mrs. G. Wiles Relates Experience with New Munyon Treatment.

Crowds Visit Expert's Offices to Try His Methods for Themselves.

Another remarkable rheumatism cure was recorded yesterday for the new Munyon method of medical treatment. Mrs. G. Wiles, who lives at 721 Baker street, San Francisco, came into Munyon's offices and declared: "I feel compelled, out of consideration for other persons who may be suffering as I did, to give this statement. I was a victim of rheumatism for years and never expected to get cured. I had sharp, shooting pains all over my body and in every joint and muscle—so it seemed—and at times my agony was so great that I would be awake all night. It was terrible. It was impossible for me to bend my fingers. I simply cannot describe the suffering that I endured."

Munyon's Pacific Coast offices are crowded at the time with patients eager to take his treatment. A continuous stream of humanity keeps his physicians busy in the office. Offices are located at 1000 Washington street, opposite Star Theater. Hours—9 A. M. to 5 P. M. Sundays 10 A. M. to 1 P. M.

ANNOUNCEMENT

A New Piano Store

In making our bow to the public, we wish to call attention to the fact that we have opened one of the finest stores with one of the best-selected lines of Pianos and Player Pianos ever shown in this city. We are affiliated with the Hallett & Davis Piano Co., of Boston, one of the oldest and best-known piano manufacturers in this country, and selling direct from factory to home, together with our small expense of doing business, we are in a position to save you quite a good deal on your purchase. In my twelve years' experience in the piano business in connection with other houses in this city, in which I have sold hundreds of pianos, I have never had a single person to say I had misrepresented a piano in any particular. Now that I am assuming large responsibilities in connection with this new enterprise, the "Square Deal" has been adopted as our motto, and all business shall have the most careful and courteous consideration. We shall deal only in pianos of an established reputation, and shall never engage in cheap, clapnet advertising to attract people to our store. However, you cannot afford to invest in a piano or player till you have seen us. Extending a kind invitation to all to visit our beautiful store, and soliciting your valued trade, we remain, yours to serve.

Appeal Made to Politicians. Thus far Colonel Roosevelt has been making his appeal largely to the voters, and his success in states having the Presidential primary attests his skill in that kind of political game. During the next two weeks Colonel Roosevelt will play politics exclusively with politicians, and it remains to be seen whether he will be as successful in them as he has been in the past. He has begun his campaign to get control of the Republican National committee, and it will be known in a few days whether he has won or lost this preliminary skirmish. If he wins, he figures he will have easy sailing in the convention; if he loses, he will appeal from the committee to the convention and undertake to stampede that body to his standard. But everywhere from this time forward, he will deal with politicians exclusively. The time for appealing to the voters has passed in the South Dakota primaries on Tuesday.

Hitchcock Methods Recalled. Four years ago, the Southern delegate was allowed to sit and vote in the convention until he had been taken on the carpet before Mr. Hitchcock and had given satisfactory assurance that he would stand for Taft, first, last and all the time, and resist every effort to bring about a stampede. Hitchcock was able to hold the Southern delegates in line in 1908, and it is possible the Taft managers may be able to follow the same tactics this year with equal success. This is not certain, but it is possible.

Stampede to Be Attempted. Thus far, however, there has been nothing to indicate that the Colonel will give up his own fight. More likely he will undertake to carry the convention by storm in the event he fails to control the National committee. He has declared that he will appeal to the committee if the committee rules against him, and will not only appeal on contests, but on the committee's selection of a temporary chairman. The Colonel objects to Senator Root for this position, and wants an out-and-out Roosevelt man in making this demand, he assumes the convention will be with him.

T. R.'S. RETREAT SEEN

McKinley Says Colonel Has Abandoned Position.

WASHINGTON, June 2.—(Special.) "The withdrawal of Colonel Roosevelt in this fight against the election of Senator Root for temporary chairman of the convention is an admission of defeat all along the line," said Representative McKinley today. "A week ago Mr. Roosevelt was sounding from the housetops his opposition to Senator Root as temporary chairman. He opposed his selection on the ground that no man should sound the keynote at the Republican National convention at Chicago who did not support the Roosevelt political programme, including the recall of judges and of judicial decisions, involving a revolutionary change in the present form of established government in this country. Governor Hadley, of Missouri, was named as Mr. Roosevelt's choice for temporary chairman."

CHURCH PROGRESS TOPIC

Rev. F. W. Reagor Deplores Avoidance of Personal Responsibility. In the course of a sermon on "Individual Excellence, the Secret of Church Progress," delivered at the First Christian Church yesterday morning, Rev. F. W. Reagor showed the growing tendency of the church to avoid personal responsibility, thereby forgetting the word of God, that every man must give an account of himself. The growth of egotism was one reason, the growth of socialism a still greater, he declared.

CHERRY KING IN LEWISTON

LEWISTON, Idaho, June 2.—(Special.)—Shipment of the largest crop of cherries ever produced in Lewiston-Clarkston and the Snake River Valley commences here this week with plenty of help and with well-remodeled packing houses and enlarged canneries, everything is in readiness for the rush. Fruitgrowers say that the crop in this immediate locality will be more than doubled.

NEW METAL RINGS LONG

NEW YORK, June 2.—(Special.)—Argental, a new metal compounded by William A. McAdam, of Bay Shore, the inventor of the metal, McAdamite, is being placed on the market. The new metal is a neutral, being an alloy of silver and aluminum. The combination is such that it is not affected by acids or alkalis, and thus has a double advantage over the two metals of which it is composed. Another advantage that it has over aluminum is that it is possible to put a screw thread on the new metal. Owing to the absence of magnesium it will withstand the heat from the ordinary fire. It will be an excellent material for bell metal as it is sonorous for 60 seconds after being struck, as against five seconds for ordinary bell metals.

BOYCOTT IS PROPOSED

Trade Retaliation Undertaken by Sympathizers With Mrs. Pankhurst in America.

NEW YORK, June 2.—(Special.)—Through an organization to be known as the Daughters of Liberty, women in New York who sympathize with the efforts of the militant Mrs. Pankhurst in England plan to retaliate upon England for its treatment of Mrs. Pankhurst and the suffrage question. They propose to boycott English goods. They argue that the merchants of England have been the chief opponents of the suffragettes and that by striking a blow at the mercantile pocketbook they will be doing effective work for their cause.
