PARENTS ASKED TO USE BRANCH LIBRARIES.—An effort is being made to induce the parents to patronize the Brooklyn Branch Library, Milwaukie and Powell streets. So far this library has been used mainly by children and in that line the result has been very satisfactory, but it is desired the parents as well use the library. The list of books kept there is quite large, but when books cailed for are not on hand they will be sent for to the main library. Miss Mary F. Isom, librarian, says that it is desired to get people generally to go to the branch libraries in order to avoid the congestion at the main building, which she says is too small to take care of all who come. The branches afford practically the same facilities as the main building.

SUNDAY SCHOOL CLASS TO GIVE CARNIVAL.—M. E. Thompson's Sunday class of 25 young women, of the Pilgrim Congregational Church. Shaver street and Missouri avenue, is preparing to hold a carnival on the vacant lot on the north side of the church June 24-29. The grounds have been inclosed with a high board fence and a platiform erected at the west end for the performers. The lumber and labor have been donated. Thore will be drills, a cantata, concerts and athietic exercises. Clarence Sprague, of the Portland V. M. C. A., will have charge of the athletic programme. The class has undertaken to pay off a debt of \$675 on the church property.

Can Patrons to Vota.—Patrons of the Oregon City line of the Portland Rallway, Light & Power Company will be called upon Wednesday to decide by balloting whether the cars shall make three stops in the town of Gladstone or limit the stops to two as at present. in between Gold Junction and Canemah will be given a ballot upon which to vote. Each ballot must be signed before it is deposited in the ballot box provided on each car. The fuss has been caused by complaints of residents of the district beyond Gladstone that the Oregon City cars make too many stops. The present schedule provides for 43 stops.

Saloon Evit Discusser.—A lecture on "Christianity in Government," by J. M. Glass, of Pasadena, Cal, in the Y. M. C. A. yesterday, attracted a big audience. Mr. Glass dwelt on the difficulties of dealing with the drink question and the abolishment of saloons. "There is but one way to bring about the closing of saloons," continued the speaker, "and that is to give women the right to vote. In every state where there is equal suffrage, saloons are being driven out. In California since the introduction of women into the political field, 200 saloons have been knocked out in the last two months."

COMPLETING WESTON SCHOOLHOUSE.—
The Weston schoolhouse, at Woodmere, in the Mount Scott district, is being completed. A four-room addition is being built to the former four rooms, making it an eight-room modern schoolhouse. An assembly hall is provided. Residents wonder why the name should have been given this schoolhouse, as it has no reference whatever to the neighborhood. They want the name changed to Woodmere achoolhouse.

CONCRETE TANKS ARE WANTED,-Residents on the high service water sys-tem at Mount Tabor have asked the Water Board to replace the wooden water tanks on the summit of Mount Tabor with concrete, as it is feared that the wooden tanks are decayed. They have been in use for a number of years to supply the people who cannot be supplied from the high reservoirs. The old tanks will probably be

removed.

## BIG CROWDS VISIT OAKS More Than 20,000 Persons Pass Through Gates at Park.

From the standpoint of the spec-tators, the Oaks amusement park had its official opening yesterday, and early last night more than 20,000 per-sons had pussed through the turnstiles.

Plenic parties were much in favor, every one of the rustic nocks and tables being occupied. The two concerts given by the Boston Symphony Orchestra were unusually successful, as were the grand opera selections given by Signora Rachael Rules and Signor I. Lucci.

"The George From Geck" was the of-fering of the Frank Rich Musical Com-edy Company in the auditorium, each of the three performances being at-tended by capacity audiences. Miss Marjorie Mandeville made her first ap-persone in a leading role and received pearance in a leading role and received

a capital reception.

Power Company Unable to Help Big Feature of Festival-Display to Be Best Ever, Declares President Ralph Hoyt.

J. H. Nolta will make a second application this morning to the Portland Rallway, Light & Power Company for five or six flatcars to be used in the Peninsula Rose Shower Friday, and upon the answer from the company will depend largely whether this feature of the Rose Festival is to be held or to be called off. Mr. Nolta made applica-tion last week for the flatcars, saying that they would be absolutely neces-sary to produce the decorative effect in the distribution of roses which he was planning, but be was informed by

was planning, but he was informed by the company that it would be impossible for him to secure the cars.

Mr. Nolta's plan was to have the cars run through the principal streets of Portland loaded with hundreds of thousands of roses, which were to be showered upon the bystanders on all sides. He said yesterday that he could think of no substitute that would enable him to arrange the display on the comprehensive lines on which he had planned "I informed the car company." he said, "that I would rather call the whole thing off than put it on incomplete with some makeshift device; and that unless I were able to secure the cars the rose shower would probably not take place. The rose gardens are all in excellent condition and give promise of more than enough beautiful blossoms to supply all the demands of the festival. If the weather during the festival week is satisfactory it should be the greatest display of roses Portland ever has seen."

"The sunny weather of the last few days has forced some of the roses into early bloom," said Alfred Tucker, secretary of the Rose Society, "but looking over my own and my neighbors' gardens I find ample promise of more roses than we can use during the festival week. The rose season possibly will reach its height during the latter part of the present week, and the festival will open with all of the rose gardens in their fullest bloom."

## INDIANS SEE FILM SHOWS

"Lady of the Lake" Reeled Off for Redmen on First Trip to Theater.

The entire tribe of Indians connected with "The Bridge of the Gods" production attended the People's and Star theaters last night. Scott's "Lady of the Lake" was the first, film shown to the Indians who never have visited a theater. These sons of savages apparently enjoyed the performance, seemingly understanding the action.

"The Lady of the Lake" is a special "The Lady of the Lake" is a special release of the Vitagraph company, which first put out "A Tale of Two Cities" and in all respects it is the equal of that classic photo-play. "The Honeymooners" a comedy, was added and it completed one of the best pictorial shows of the season. The Prin-cess Indietta, a real Indian singer, and a duo of Hawalians render acceptable music accompanied by their own na-tive instruments.

"An Outcast Among Outcasts," a Biograph, was at the Star Theater and it was filled from beginning to end with startling situations and thrilling climaxes. It told the story of a tramp, who, though an outcast, had some salient manhood in him and saved a trying situation. "An Eventful Elopement" by the Vitagraph company, was a comby the Vitagraph company, was a com-

vocal and the other instrumental, completed a programme of merit.

The Arcade introduced for the first time the Rose City Duo, two good singers as well as pretty girls, whose act was a complete success. Four thousand feet of first-run pictures were received favorably by large crowds. "A Reconstructed Rebel" portrayed Southern patriotism. The Pathe weekly published half a hundred news items in pictorial form, dealing with events of wide international importance. "Into the Jungle" provided a thrill, and "The Picture Idol" gave Costello, the matines idol of the picture fans, a chance to discourage a young maiden who was violently in love with him in the films, a very novel and original treatment of a subject neatly handled in the old play of David Garrick. All the shows were classy and thoroughly up-to-date.

## SPRAY KILLS CATERPILLARS

Arsenate of Lead Recommended by Fruit Inspector.

To rid trees and shrubbery from the caterpillar pest which prevails throughout Multnomah County, J. E. Stansberry, fruit inspector, yesterday recommended a spray composed of one pound of arsenate of lead dissolved in 16 gallons of water. Mr. Stansberry advises the use of a pump sprayer, which he says can be purchased for \$1.75 and is adapted for both Summer and Winter spraying.

In preparing the mixture the lead should be softened with hot water. This spraying should be done in the late afternoon. Where it is desired to kill the worms while they are bunched together on the tree in the daytime, Mr. Stansberry suggests the use of gasoline. This, he says, will kill the caterpillars instantly and does no damage to the tree. It should not however, be sprayed too heavily. In
