May 7. Senator Taft made chairman of the subcommittee to investigate the Civil Service, the Commerce Committee, the Post Office and Telegraph, and Finance and Revenue, at the opening of the session of the Senate this morning.

But the Senate leaders would not allow the action to be carried to a vote, and President Roosevelt did not seem to have the power to carry the nomination to a vote.

The subcommittee was appointed by Mr. Taft, and the Senate leaders were not prepared to name members of the subcommittee.
