

GOVERNOR WEST TOURS ROADHOUSES

Executive and Adjutant-General Serve Notice on Tavern Managers.

EVIL APPLIANCES MUST GO

Overhead Attachments to Highway Inns Ordered Relegated or Bonfires Will Result—County Aid Is Ignored.

"I don't want to see where you raise chickens," said Governor West to a roadhouse proprietor yesterday. "I want to see where you raise hell."

The roadhouse proprietor had invited the Governor and his party to see his plant where he raised chickens and squabs.

In company with General Finzer, Major Knapp, Captain Welch and Mrs. Louis B. Baldwin, superintendent of the department of public safety for women, Governor West made a tour of the roadhouses in the vicinity of Portland yesterday afternoon.

The Lakeview roadhouse, the Hut, the Cliff Inn, the Claremont and the Milwaukee tavern were visited and at each place the Governor saw either the proprietor or the person in charge and gave notice of his purpose.

Evil Appliances Doomed.
"All of the appliances that the roadhouses that conduct to the violation of the law are going to come out this week," said the Governor last night. "If they don't come out the places will be gutted."

"Perhaps the proprietors may think that if they pay them to put them back but if they do so, and thus show that they have no intention of abiding by the law, their houses will be boarded up."

"If they want to conduct a saloon and do it in a lawful manner, they will not be disturbed, but those overhead apartments, which offer themselves for the ruination of drunken girls and women, have got to go."

"There are likely to be some of the prettiest confires that were ever seen in the county within the next two weeks unless the roadhouse proprietors show a disposition to rid their places of all of their appliances that are necessarily used for unlawful purposes."

"This does not necessarily apply to the places outside of the city limits," he continued. "We can carry the work right into the city—and we will do it, unless things are cleaned up."

"Nor does this apply to this county alone. There are places all over the state that need cleaning up; the constitution places upon me the duty of seeing that the law is executed and there is no question as to my right to use the lawful methods I have found to execute them."

Governor West said that he would not rely upon the county officials to secure evidence of the violation of the law.

"I am not tying up to any grand jury or District Attorney," he said. "I have heard this talk about the inability of the authorities to enforce the law until I am sick of it."

"The relying upon the authority of one man to determine when the law is being violated, and that is myself. I am able to tell when there is gambling and debauchery going on, and now we are going to see that they put a stop to it."

General Finzer, who accompanied the Governor yesterday afternoon, said that, while no positive proof of law violation was found, there were many indications of a bad condition.

"We will probably not station officers in the roadhouses unless a liability to violations of the law becomes very apparent. I do not know what method of securing evidence the Governor has, but it is certain that he has worked out a scheme for securing reliable information, so that no move will be made without thorough reason."

"Special men, selected from the militia, will be used to conduct the work of putting into execution the campaign against violation of the law in the roadhouses of the state."

"The Hut" Is Target.
"The Hut," on the Linnton road, appears likely to be one of the first to figure prominently in Governor West's campaign. It was this roadhouse which figured in the case of A. F. Brockman, the youth who gained notoriety in the Police Court recently as the purchaser of kisses at \$2 apiece.

W. S. Swaggett, the proprietor, and his assistants, H. F. McDonald and F. J. De Grouche, were fined \$250 apiece in Justice Bell's court and an indictment also stands against Swaggett.

Dan E. Powers, the attorney for Mr. Swaggett, said yesterday that Governor West has demanded that the appeal which he had placed be withdrawn before Monday and that Swaggett plead guilty.

"In this event," said Mr. Powers, "he said that he would recommend that the charges against the two assistants be withdrawn and that the minimum fine be imposed upon Swaggett. Otherwise he threatened to have the house boarded up."

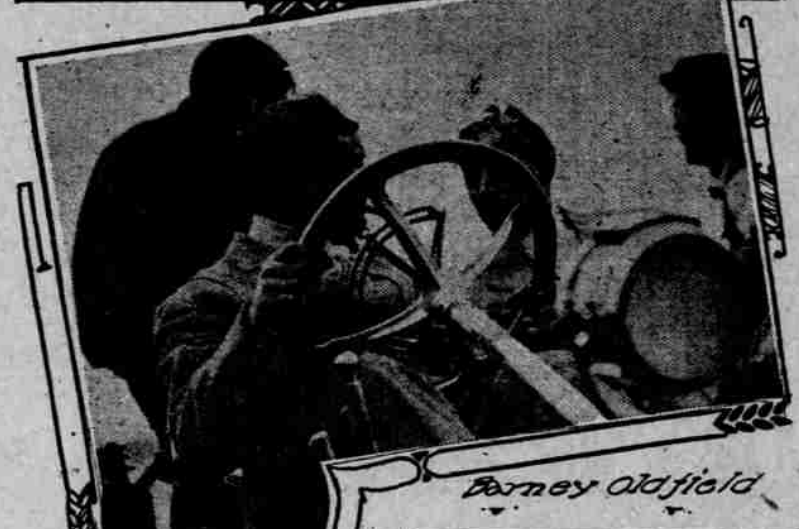

"If Swaggett were to plead guilty, however, and the appeal were withdrawn and if reasonable evidence were given of intention to abide by the law he declared his willingness to see the District Attorney and use efforts for leniency."

Governor Makes Proposal.
Governor West last night did not fully admit that he had made all of these demands from Swaggett, but said that if Swaggett showed his willingness to stand his fine and to conduct an orderly place in the future, he was willing to do what he could to persuade the District Attorney to make it easy for him.

"Swaggett has never had any difficulty about his place before," said Mr. Powers. "Sheriff Stevens had all the dope on the Brockman case and knew that the Cliff Inn as well as the Hut was involved, long before the case went to trial. The Sheriff has persecuted the roadhouse people a long time, but this is the first opportunity he ever had to call Swaggett to account."

"We informed Governor West that the proprietor of the Hut stands ready and willing to have an officer put in the house and to help pay the costs, so that they may have assistance to control the rowdy element that causes the trouble in those places."

AUTO SPEED KINGS WHO WILL PROBABLY RACE IN PORTLAND

MOTOR SPORT DUE

Elks Visitors to Enjoy Great Races at Club.

AIRCRAFT FLIGHTS PLAN

Elks visitors to the association work in Portland, D. W. Wakelind, George H. Himes and J. K. Gill. These three were called upon by the chairman, W. M. Ladd, to stand. As they did so, the yell leader, Hollingsworth, called out, "Three cheers! boys, give 'em a good one."

A solo was rendered by Wilfred Lewis, R. McKee being the accompanist. Two minute speeches were made by a number.

The gathering was one of students and Y. M. C. A. members, who have just returned from the student conference at Columbia Beach, C. N. Wonacott, assistant general secretary of the Portland association, and a favorite with the members, arranged the programme.

THREE-CENT FARE UP AGAIN

Proposed Ordinance Is to Remunerate "Seatless" Passengers.

Another move on the part of some of the members of the City Council to bring about a 3-cent fare on Portland streetcars was started yesterday when Councilman Maguire filed a proposed ordinance with the City Auditor, providing a 3-cent fare for all streetcar passengers who are required to stand.

Under the terms of the proposed measure there must be placed at the entrance of each car a sign showing the number of passengers that can be seated. A register must be kept inside to indicate to the passengers the number of fares run up. When the number reaches the seating capacity as indicated on the sign at the entrance, the measure provides that the conductor shall collect only 3 cents from each person getting on. The ordinance provides that the company shall have books of 100 tickets printed, each ticket to cost 2 1/2 cents. These tickets entitle the passenger an additional half-cent reduction in fare. Two tickets entitle the passenger to a seat, while one only is called for by the conductor if the passenger is required to stand. If a passenger has no ticket 3 cents is collected.

A penalty is provided in Councilman Maguire's proposed measure, the company to pay \$500 for each offense and be liable also to six months' imprisonment. In lieu of the fine the company can forfeit its tracks and franchise, the measure provides.

FARMERS GIVEN LOW RATE

Harriman Lines Offer Inducements For Meeting at Moro.

The traffic department of the Harriman lines has made especially low rates for the farmers of Gilliam, Sherman and Morrow counties to enable them to visit Moro, Sherman County, next Saturday and inspect the work of the Experiment Station maintained at that point by the Oregon Agricultural College.

"Saturday has been set aside as a time for the farmers of the three counties to assemble at the station and see what has been done in experimentation with crops suitable to that section of the state," said R. E. Miller, traffic manager of the Harriman lines, yesterday. "The station at Moro has been in operation about three years, and the purpose of the general gathering of farmers at Moro is to show them what has been accomplished and what can be done agriculturally in that part of the state. The purpose is purely educational."

A German company has started a service which enables passengers of one ship to send messages by wireless to another ship and have these messages mailed on the arrival of the second ship at port.

Y. M. C. A. "VETS" CHEERED
Pioneers in Association Work Honored at Monday Luncheon.

Three rousing cheers went up at the luncheon in the Y. M. C. A. hall yesterday noon.

BABY HAD ECZEMA WHEN 2 WEEKS OLD

Burned and Itched. Had to Keep Hands Covered So Could Not Scratch Face to Pieces. Started with Cuticura Soap and Ointment. In 8 Days Not a Sign of Trouble.

2729 La Salle St., St. Louis, Mo.—"Our baby's trouble began when he was two weeks old. It started with little red pimples on his cheeks and ear lobe and on his forehead. When the pimples were about twenty-four hours old they would fill with clear liquid like water. Baby would not sleep because it would burn and itch. He would scratch in his sleep. Our family doctor said the child had got eczema. When the baby was two months old, we had to keep his hands covered so that he could not scratch his face to pieces. I was giving up hope that there was any cure for our child."

"One evening my wife saw the advertisement of Cuticura Soap and Ointment. When we started with Cuticura Soap and Ointment the sores were one hand cradle followed the directions and in three days the crusts came off, and in eight days you could not see a sign of any trouble. Now his skin is as soft as velvet and as healthy as can be. We always give him his bath with Cuticura Soap." (Signed) H. W. Bundstein, July 7, 1911.

The regular use of Cuticura Soap, assisted when necessary by Cuticura Ointment, not only preserves, purifies and beautifies the skin, scalp, hair and hands, but tends to prevent clogging of the pores, the common cause of pimples, blackheads, inflammation, irritation, redness and roughness, and other unwholesome conditions. Cuticura Soap and Ointment are sold by druggists and dealers throughout the world. Sample of each mailed free, with 32-p. book. Address, "Cuticura," Dept. T, Boston. Tender-faced men should shave with Cuticura Soap Shaving Stick.

the suffrage question is to be won in Oregon," said Miss Whitney.

"The College league is the only one that has made any effort to organize along these lines, and it can be continued only by funds which are sufficient to pay the salary of some efficient organizer, and the traveling expenses involved in going from place to place."

"I am perfectly certain that if the women here prove by their own hard work and efforts that they are worthy along these lines, the New York association and all the other large ones in the East will come forward and help. They did so in California. There we worked together until within six weeks of the election without any hope of outside support. The result was that we proved our mettle, and received large sums of money from the East, which helped us to increase the vigor of our campaign just at the most opportune moment."

"Another thing of which I am certain is that men here will come forward to assist the movement. All those to whom I have spoken on the subject show by their remarks and their questions that they have been studying the question carefully. That is all we ask. If we can get a man to think the matter over, we shall finally be able to count on him for support."

It was decided to make a strong call for members. At present there are about 150. It is hoped and intended to increase the membership to a thousand before the campaign has reached fever heat in September.

A letter was read from Mrs. F. W. Gratke, a prominent suffrage leader in Astoria, who wrote of the strides suffrage was making there, in a town admittedly a bad one for the movement.

She sent a request for a large supply of literature and buttons, adding, "My husband wears one of the latter, and is a splendid advertisement for the cause. Several other well-known men here have signified their intention of wearing one now my husband does, so send them on quickly."

Among those present were Miss Emma Wold, Miss Anita Whitney, Mrs. Henry Waldo Coe, Mrs. A. C. Newell, Miss E. Gratke, Mrs. Sarah Elgert, Mrs. L. W. Therkelsen, Mrs. L. B. Trullinger.

Weather Forecast by Sun.
SANTA CLARA, Cal., June 24.—That events may successfully be forecasted by a study of sun spots, is the contention of Rev. J. S. Ricard, director of the observatory at the University of Santa Clara. Director Ricard foretold the rain storm that yesterday swept the northern section of California, basing his prediction on the sun spots which now are visible by the aid of a smoked glass.

S.S.S. PURELY VEGETABLE

The absolute vegetable purity of S.S.S. has always been one of the strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral salts which act so unpleasantly and dangerously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S.S.S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S.S.S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S.S.S. cures Rheumatism, Ostarth, Sores and Ulcers, Eskin Diseases, Scrofula, Oontagious Blood Poison and all other blood troubles, and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

For Father

"Blue Ribbon Bread"
"Bread Sense for Ten Cents."

Father likes BLUE RIBBON BREAD. It isn't heavy or soggy. It doesn't give him indigestion. He likes the flavor—possible only from purest ingredients—made in a most sanitary bakery. He knows it's clean from the dust-proof, germ-proof wrapper. That's why father eats BLUE RIBBON BREAD.

SUFFRAGE FUNDS ASKED

COLLEGE CLUB PLANS CAMPAIGN AMONG FARMERS.
Miss Whitney Authorized to Collect and Solicit Needed Money for County Organization.

Directors of the College Equal Suffrage League yesterday afternoon at the home of Mrs. A. C. Newell, authorized Miss Anita Whitney, secretary of the National State Association of California, to go out and collect funds for the College league, with which to organize a state campaign in every county in Oregon.

In the course of a strong speech Miss Whitney laid great emphasis on the fact that equal suffrage had only been obtained in California by means of the vote in the agricultural and country districts.

"By the time that the elections come around every county must have a complete organization, with branches in each and all of the small towns, if

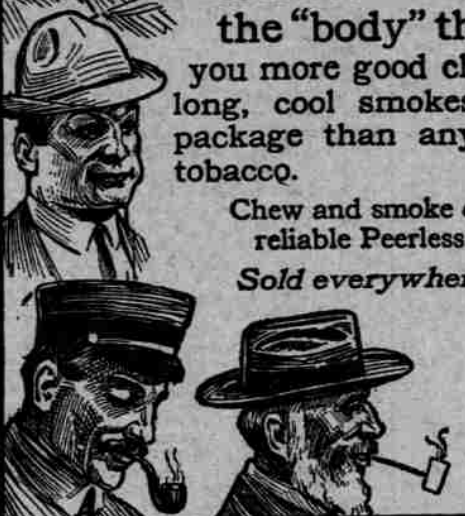

Everybody's doing it!

Doing what?
Chewing it—Smoking it!
The Old Reliable

PEERLESS

The pure, longcut natural tobacco just as it grows without any doctoring—just pure tobacco with the real tobacco taste and with the "body" that gives you more good chews and long, cool smokes to the package than any other tobacco.

5¢ Chew or Smoke

Chew and smoke old reliable Peerless. Sold everywhere

the northern section of California, that now are visible by the aid of a smoked glass.

BLATZ

MILWAUKEE THE FINEST BEER EVER BREWED

That Individuality
which is so pronounced in the Blatz products occasions increasing, favorable comment.

It is so thoroughly—and yet so peculiarly good that beer lovers everywhere express a decided preference for Blatz.
