

FORGIBLE FEEDING OF WOMEN ANGRERS

Socialist Assails Asquith for Position Toward Suffragettes in Hunger Strike.

"MURDERER" IS TERM USED

Irate Member of House of Commons Leaves Chamber When Told to Leave Peaceably or Be Ejected.

LONDON, June 25.—Intense embitterment has been engendered in England by the forcible feeding of the imprisoned suffragettes, who declared a hunger strike while in jail. This was reflected in an extraordinary scene today in the House of Commons, when George Landbury, a Socialist member, denounced Premier Asquith and the Government in such vitriolic terms that the speaker ordered him to leave the House and threatened to have him ejected unless he went out voluntarily.

Timothy Healey, the Nationalist, had appealed to Premier Asquith to release the women and the Premier replied that they could leave prison this afternoon on giving a promise not to repeat their offense.

Socialist Screams Out Attack. Mr. Landbury immediately projected himself at the Treasury bench, shaking his fist in the faces of Premier Asquith and the other ministers. With his face only a few inches from that of Mr. Asquith, Mr. Landbury screamed:

"You're beneath contempt. You know the women cannot give such an undertaking. It is dishonorable to them to do so. Talk of Russian atrocities! Why, you will go down in history as the torturers and murderers of innocent women! You ought to be driven out of office!"

The House was quickly in disorder. The speaker, however, finally secured quiet and ordered Mr. Landbury to leave. He replied:

"I go out while these contemptible things are torturing and murdering women."

SUGAR COMBINE IS DENIED

Witnesses Say Each Company Made Own Differentials.

NEW YORK, June 25.—An attempt was made today by the Government in its suit for the dissolution of the so-called "Sugar Trust," to show that there was usually concerted action among the heads of the various beet sugar companies on changes in the "differential" between the prices on beet and cane refined sugar.

Thomas R. Cutler, vice-president and general manager of the Utah-Idaho sugar company, was the witness under examination. Mr. Cutler denied that beet sugar company managements notified each other as to intended differential change.

Differential Not Agreed Upon. "No manufacturer knows when he will change his differential," said the witness. "Say one manufacturer needs to sell more sugar than usual tomorrow he makes a large differential, and the rest of us have to follow suit."

Mr. Cutler said the differential today was 20 cents on the hundred pounds. Assistant United States District Attorney Knapp wanted to know whether Mr. Havemeyer suggested the idea of consolidating the various companies in Utah and Idaho that now make up the Utah-Idaho Sugar Company.

Consolidation Exceeds Expectations. "No," answered Mr. Cutler. "I had the idea of ultimately consolidating the companies from the time we began extending our field. When I say that, I want to qualify it with the statement that I never dreamed that the consolidated company would be as big as it is."

"When did Mr. Havemeyer first express the wish that the consolidation should take place?" asked Mr. Knapp. "I don't think he ever expressed a wish. He left us in charge of the companies and expected us to do everything to advance them. When the time came when he thought consolidation was best he acquiesced."

"SCOTTY" GAINS LIBERTY

Goodin and Sharp Take Miner's Place in Prison Cells.

LOS ANGELES, June 25.—(Special.)—"Scotty" is out of jail. F. W. Goodin, secretary, treasurer and general manager, and Frank Sharp, vice-president, of the Death Valley Scotty Gold Mining & Development Company are in jail. Judge Craig this afternoon vacated the order by which Scotty was committed to jail June 12 for contempt of court and ordered the Death Valley man released.

A few moments later Goodin and Sharp were arrested outside the grand jury room on bench warrants issued at noon by Judge Willis on indictments returned against the two men by the grand jury for perjury. The two men were greatly surprised and submitted quietly to arrest and were taken to jail by Deputy Sheriff Lips.

Sharp and Goodin were indicted and arrested for perjury in swearing on the witness stand in the judgment of debtor proceedings against "Scotty" recently that they had paid the Death Valley man \$25,000 for his mining interests in Inyo County. In the course of the investigation which the grand jury has been making into the alleged wildcat mining scheme, "Scotty" confessed that he had received only \$200 and that he had no mining interests in Inyo County.

Sharp and Goodin were immediately arraigned before Judge McCormick and held in \$5000 bail each, which has not yet been furnished.

Useless Punishment. Life. "Willie—Papa, it is necessary to whip me." "Stimson (grin)—You ought to know."

"Well, I sometimes think you don't realize how little good it does me."

Cross railway earnings of India for the past official year are reported at \$184,079,895, a gain of \$12,670,990 over the previous year.

West's "Tin Soldiers" May Tear Down Fence, Says Proprietor at Milwaukie.

GOVERNOR TO MEET ROADHOUSE LIQUOR MEN NEXT SATURDAY

SALEM, Or., June 25.—(Special.)—Governor West today stated that he will call a meeting of liquor men and brewers to confer on questions relative to the conduct of roadhouses next Saturday afternoon. The meeting will be held in the Armory at Portland at 2 o'clock.

"Governor West's tin soldiers" will be given a chance to set fire to Milwaukie Tavern or tear down the fence, as they see fit, according to A. J. Burns, proprietor of the place. "Unless I change my mind a whole lot I shall not tear down any fence and shall make no alterations in the rooms," said Mr. Burns last night. "The Governor has plenty of tin soldiers. Let them do it."

"I have 10 rooms out here," he continued, "and I have cooks and yard-men and bartenders—eight men. I wasn't here yesterday when the Governor called, but my manager was. I am sorry I didn't have a chance to say what I think of his tin soldiers. The Governor wanted me to tear out those rooms."

Property Owned by Another. "I guess I will have to go out and sleep in a tree if I do. And what about my help?"

"Another thing, this is not my property. It belongs to Mr. Graton, of the East Side Mill & Lumber Company. I have no right to tear down the fence around his property."

"If there is a statute in Oregon giving the Governor a right to issue orders as what a man shall do about the buildings on his own property, I want to know it, so I cannot say definitely what I shall do until I have seen Mr. Graton and have consulted my attorney. I don't want to go against the Governor's orders if I can avoid it."

"I understand the Governor said I had to tear down the fence and get it out of the way or he would make a bonfire out of this place. I am only a sub-lessee and I have no more right to tear down this fence than I have to tear down your fence."

Private "Tips" Wanted. Charles Smith, manager of the Milwaukie Tavern, went to Salem yesterday for an interview with Governor West. Major Knapp, of the Oregon National Guard, received over 50 telephone calls yesterday asking for a private tip on what the Governor intended to do. To all his answer was "The Governor is sincere."

Governor West has insisted that all private stalls for drinking at roadhouses be taken out. He visited five resorts Monday, Tuesday, Wednesday, Thursday, Friday and Saturday at the Linton road, and Milwaukie Tavern, at Milwaukie. With him were W. E. Finzer, Adjutant-General; Major Knapp and Mrs. Lola G. Baldwin, of the department of public safety.

SALEM RESORT ATTACKED

Governor to Regulate Place in Shadow of New State Armory.

SALEM, Or., June 25.—That Governor West will make Salem his starting point in plans recently laid for the purpose of making a crusade against vice and lawlessness, was manifested today when he issued notice to Chief of Police Hamilton to effect that the city's failure to close up a local resort located in the shadow of the State Armory building, will result in the Oregon National Guard of this city

being called out to gut the structure in question.

The Governor made the statement that, while the state appropriated thousands of dollars to aid in the construction of the new armory in Salem to be used by men who uphold the law, the city authorities allow violation of the state law in the very shadow of the militia headquarters.

For this reason the Governor has secured the names of every person arrested on a charge of drunkenness in Salem since the first of the year. It is believed he will make an attack on the saloons here, charged with violation of the law prohibiting the sale of liquor to intoxicated men.

Although threatening the Portland saloonkeepers and roadhouses with prosecution, Salem is first acted upon.

WEST SAYS RESORTS TO GO

Militia Will Be Called Out if Necessary to Enforce Law.

SALEM, Or., June 25.—(Special.)—Governor West took a hand in local conditions at the State Capital tonight when he issued an ultimatum that improper resorts which are located directly across the street from the State Armory here shall be closed or he will call out the militia. This is taken as a further step in the policy that he outlined when he stated that Multnomah road houses violating the law will be closed and that the resorts in the rest of the state will meet the same fate.

SENATORS WILL CONFER

MEANWHILE EACH WILL DECIDE FOR HIMSELF.

"Progressive" Republicans in Washington Know of No Overtures Made to Democrats.

WASHINGTON, June 25.—A conference of "progressive" Republican senators to consider the situation developing from the third party movement, launched at Chicago will be called immediately after the Democratic convention.

Senators Clapp, Bourne and Cummins met today and discussed the movement. Senators Bristol, Kenyon and Poindexter are away from Washington and when they return, if alignment of the Democratic party has been shaped at the Baltimore convention, a formal conference of "progressive" Republicans will be held. None of those here know of any overtures to the Democratic leaders at Baltimore looking to a blending of the "progressive" wings of both parties into a new party.

Both Senators Cummins and Clapp probably will issue statements of their positions later on. "Each man must decide for himself" was the sentiment expressed today by "progressives" in the Senate.

Retail Grocers Hold Meeting.

The Retail Grocers' Association held the largest meeting in their history last night at their headquarters in Alley Hall. The features of the meeting were an address by W. H. Lipman, and a sub-meeting was held by 300 members of the salesmen's "Hot Air committee." The annual picnic of the association to be held at Bonneville, July 24, was discussed, and an effort to have 5000 people attend the picnic will be made.

REAL BLOOD DRAWN IN DARROW TRIAL

Counsel for Defense Suffers Scratch in Effort to Restrain Fredericks.

INKSTAND POISED IN AIR

Four Hours Consumed in Arguing Defense's Right to Transcript of Conversations, and Prosecution Is Victor.

LOS ANGELES, June 25.—What Judge Hutton designated as a "hysterical outburst" on the part of District Attorney Fredericks, nearly precipitated a free-for-all fight between attorneys in the bribery trial of Clarence S. Darrow toward the close of the day's session.

A remark by Attorney Appel directed at the prosecution forces brought about the scene. Fredericks jumped to his feet, shouting, "I'm done. I've stood this just as long as I'll stand. I'm sick and tired of it."

Fredericks advanced threateningly toward Appel and was forced back by Chief Counsel Rogers of the defense. Prosecutor Oswald Inkstand.

Fredericks thereupon grasped a heavy glass inkstand and poised it as if to throw it at Appel, but before he could hurl it his arms were pinioned by Rogers, Assistant District Attorney Ford and Balliff Aguilera. The District Attorney struggled to free himself, crying:

"If this is to be a court of justice, let it be a court of justice; if it is to be a fight, I'll fight!"

After Fredericks resumed his chair, Rogers emerged, with blood flowing from his wrist, apparently the result of a scratch. Just before adjournment Fredericks apologized to the court.

Judge Cautions Disturbers. Judge Hutton cautioned against further outbreaks. After five hours consumed in arguing the defense's right to the transcript of conversations between John R. Harrington and Darrow, heard by means of a telephone device, Judge Hutton ruled for the prosecution.

Harrington then resumed the stand for further cross-examination, which was interrupted on two occasions in the closing hour of the session by renewed demands by the defense for the transcript. Harrington was under cross-examination when court adjourned.

Portland, for a restraining order against County Treasurer Cronmiller from using any of the road funds to redeem outstanding warrants.

It has been the custom in the past to put the road and bridge funds in the general county fund to pay all obligations from the treasury. The order, if granted, will insure enough cash in the road and bridge fund to construct the bridge in question. One contention by the Ashland discontents has been that there was not enough money in the treasury to meet the county's share of the bridge construction.
